Mr. John F. Malone
Federal Bureau of Investigation
Washington, D. C.

Dear Malone:

I want to take this means to commend you for the outstanding manner in which you discharged your responsibilities during the past year as President of the FBIRA. From the excellent report of the year's activities it is apparent that your direction was of material benefit in the success achieved. Please accept my personal thanks for your splendid efforts.

Sincerely,

John J McGuire

This is the FBIRA annual report for the year 1959. It is felt FBIRA had a most successful year.

Activities included two excursion trips to New York City; all-day outing at FBI Ranges, Quantico, Virginia; Ice Capades tickets obtained for discount; driving lessons (automobile) were secured for members at reduced rates.

Again this year the FBIRA Camp Show Troupe did a commendable job and gave numerous performances as in the past. Many letters praising this Troupe have been received in the Bureau for the work that this small group has been doing. The FBIRA Montecore Group provided entertainment for the sick, wounded and handicapped military personnel in the Washington area on approximately thirty occasions during the past year.

Numerous Baseball, Basketball, Bowling, Golf, Softball, Football and Tennis teams made up of several hundred employees had a very successful year. Trophies have been awarded to several teams for winning the league in the D. C. Recreation Department.

"The Investigator" was issued monthly to members and to members now in the military service. Music was again provided in various sections of both the Justice and Identification Buildings. All employees find it most conducive in the performance of their duties. During 1959, the FBIRA again published a discount book listing discounts offered by reputable concerns in the Washington area. This book is printed and paid for by the FBIRA. A monthly calendar was issued listing scheduled events in the Washington area and were distributed to each division for posting on bulletin boards.

The FBIRA hold a dance at the Sheraton-Park Hotel on November 21, 1959. A total of 1000 people attended this dance and a number of door prizes were given away. Music was provided by Vincent Lopez and his Orchestra. The dance was a huge success and enjoyed by all.

(2)

The following officers were elected by the FBIRA members for the 1960 calendar year:

President	Assistant Director McGuire
Vice President	[redacted]
Activity Promoter	Alfred R. Jones
Board of Directors	William V. Cleveland
	Jamie S. Johnson

Much of the success of FBIRA during the past year can be attributed to the assistance of Activity Promoter [redacted] Assistant Activity Promoter SA [redacted] SA Joseph A. Connors, Jr. and [redacted] and to the following persons who gave so much of their personal time to the activity which they supervised: SA John W. Marshall, Baseball Commissioner; [redacted] Director Girl's Basketball; [redacted] Men's Basketball; SA O. G. Medler, Bowling Commissioner; [redacted] Director Camp Show/Troupe; [redacted] Flying Club; SA [redacted] Football Commissioner; SA [redacted] Golf Commissioner; [redacted] Hostess-In-Charge of Hostess Club; SA Charles Q. Smith, Softball Commissioner; [redacted] Director of Travel Club; and [redacted] FBIRA Treasurer, William E. Leishear, Tennis Commissioner.

Handwritten signature and date: 1-13-60

RECOMMENDATION:

That each person above be commended for giving so much of their efforts and personal time to the activities which they supervised during 1959.

ADDENDUM: 1/7/60

[redacted] has worked tirelessly in assuring the success of all events of the FBIRA. I recommend a commendation for him.

Office Memorandum • UNITED STATES GOVERNMENT

TO : MR. TOLSON

DATE: 12, 31 59

b6 ✓

FROM : J. P. MOHR

John F. Malone
12/31/59

SUBJECT: PERSONNEL CHANGES

With respect to the action the Director recently instructed be taken to designate Mr. ~~Parsons~~ and myself as Assistants to the Director, without change in grade or salary, to designate Mr. ~~Callahan~~ as Assistant Director of the Administrative Division and Mr. ~~Malone~~ as Assistant Director of the Training and Inspection Division, also without change in grade or salary, I want to advise that the necessary formalities have been completed.

Individual letters have been forwarded to the above-named officials advising them of their designations. The necessary fanfolds have been prepared and of the Personnel Office of the Department advises that these went to the Attorney General for approval. They were thereafter properly perforated by the Department and this completes the action necessary to make these designations official. Since no change in grade or salary is involved, it is not necessary to transmit the fanfolds to the Civil Service Commission.

This is submitted for your information.

MR. MOHR:

ASSISTANT DIRECTOR JOHN F. MALONE
REQUEST FOR INFORMATION CONCERNING

b6

For record purposes, at 8:15 p.m. 1-22-60, [redacted] of the United Press International (UPI) Bureau in Washington telephoned Wick stating he had learned that Mr. Malone had been appointed Assistant Director of the FBI. He asked when the appointment was made, biographical data concerning Malone, previous assignments, etc.

[redacted] was given biographical data concerning Mr. Malone and informed that Malone was appointed an Assistant Director of the Training and Inspection Division by Mr. Hoover around the first of the year and that he had previously been assigned as Special Agent in Charge at San Diego, Louisville, Chicago and Los Angeles. He was transferred to FBI Headquarters in Washington in August of 1957 in the Training and Inspection Division.

The discussion with [redacted] was so conducted that the designation of other personnel to other posts at the time of Mr. Malone's appointment did not come up. No information whatsoever ^{IN THIS REGARD} was given to [redacted] other than the fact that Mr. Malone had been appointed Assistant Director.

We do not know, of course, what prompted [redacted] to make inquiry but I learned from ASAC Alexander of the Los Angeles Office he had received an inquiry in Los Angeles from the press which he referred to Bureau Headquarters. It can be surmised that Shuman of UPI was obtaining the information for one of his UPI clients in Los Angeles.

ACTION: For record.

RESPECTFULLY,

C. D. DE LOACH

SUBJECT:
SCRANTON TIMES
SCRANTON, PENNSYLVANIA

On January 30, SA Kemper received a call from the above individual who was phoning from Scranton, Pennsylvania, and asked whether John Malone had been made a high official in the Bureau. said that Mr. Malone was born at Carbondale, Pennsylvania, and that is why he was making the inquiry in that Carbondale is near Scranton. Kemper advised that Mr. Malone had been made Assistant Director of the Training and Inspection Division around the first of the year. Kemper told him that Mr. Malone had the title of Assistant Director and that the Training and Inspection Division dealt with the training of new Agents, National Academy, and other training phases both here at the Seat of Government and in the field. Kemper also advised him that this division handled inspections of various Bureau facilities in order to maintain peak efficiency.

SUBJECT: J. F. MALONE
Physical Examination

As you know, I was out to Bethesda for my physical examination today. I have been having considerable trouble with my neck and shoulder for the past several weeks and the Doctor diagnosed it as osteoarthritis. He stated that it is not too serious provided proper treatment is given.

The Doctor indicated that Bethesda has the only therapy-type machine which will provide the proper treatment in the Washington vicinity. The Doctor made a telephone call to determine whether or not there was a similar-type machine in the downtown area of Washington only to find out that there was not. The earliest hour that treatment could be afforded at Bethesda would be at 8 AM. The treatment takes approximately 1/2 hour and the Doctor indicated that I should take the treatment every day for one week and then three times for the second week. He felt that after that additional treatment may not be necessary.

If you approve, I can drive from home and be at Bethesda by 8 AM; receive the treatment, and be in the office between 9:30 and 10:00 AM depending upon the traffic. The Doctor suggested that the treatment be started as early as possible.

ACTION: Unless advised to the contrary, I shall start the treatment tomorrow, February 3.

I told Malone O.K.

Mr. DeLoach	_____
Mr. Malone	_____
Mr. McGuire	_____
Mr. Rosen	_____
Mr. Tamm	_____
Mr. Trotter	_____
Mr. W.C. Sullivan	_____
Tele. Room	_____
Miss Gandy	_____

The following is a brief, concise summary concerning Mr. Malone for the Director's use. By letter dated 12-30-59 he was designated Assistant Director in charge of the Training and Inspection Division, with no change in his grade or salary.

He entered on duty as a Special Agent on 5-4-42 and on 9-30-57 was transferred to the Training and Inspection Division and designated Number One Man. On 9-11-59 he was designated Inspector in Charge of the Training Section of the Training and Inspection Division. He was to continue as Number One Man of the Training and Inspection Division. He was promoted to Grade GS-17 on 12-18-55 and his present salary is \$15,855 per annum.

Mr. Malone was last censured on 11-28-58, inasmuch as an inaccuracy appeared in official communications relating to the inspection of the Phoenix Office. He was last commended on 2-19-58 for his highly exemplary attitude in reporting for work on 2-18-58 notwithstanding the extremely hazardous travel conditions resulting from a snow storm.

On 3-31-59 Mr. Tamm rated him OUTSTANDING and by letter dated 5-4-59 he received a CASH AWARD in the amount of \$400.00 in recognition of his outstanding services for the period 4-1-58 to 3-31-59. In a letter to the Director dated 5-5-59 he expressed heartfelt thanks for the outstanding rating and on 5-7-59 he called on the Director to express his appreciation for the outstanding rating and the cash award.

The Director last saw him when he called on 9-25-59 to express his appreciation for his recent designation as Number One Man and Inspector in Charge of the Training Section of the Training and Inspection Division. The Director stated he made an excellent personal appearance and would rate him as superior in ability. The Director discussed generally with him his concern about the operations of the Training and Inspection Division and the need for leadership, initiative, and imagination, which had been grossly lacking.

RE: SA JOHN F. MALONE
(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name	Relationship	Date
MARGARET G. MALONE	WIFE	2/11/60

Address
3433 Valley Drive, Alexandria, Virginia

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty.

J. F. MALONE

[REDACTED]

SPECIAL AGENT
CINCINNATI
PERSONNEL MATTER

At 1:50 PM on 2/9/60 I called Inspector H. L. Edwards at Cincinnati to determine the progress of the personnel matter he was handling. Mr. Edwards advised that in checking into the background of SA [REDACTED] the prime suspect in the anonymous communications at Cincinnati, he came up with information concerning Linehan's wife which indicated serious misconduct on her part reflecting adversely on the Bureau and felt that she should be interviewed concerning these allegations. I advised Mr. Edwards that in my opinion the allegations were of such a serious nature that they should be resolved and that the only logical approach seemed to be the interview of [REDACTED]. My decision was based on my strong feeling that where the good name of the Bureau was involved, we should pull no punches; however, to be sure of my decision in this matter, immediately after hanging up the phone, I walked down to your office to discuss this matter with you. Upon learning that you were out of the office, and probably would be for the best part of the afternoon, I took it upon myself in your absence to let my decision in favor of the interview stand. After discussing the matter with you now, I realize I should have awaited your return. I am sorry and, of course, assure that it will not happen again.

MAIL ROOM TELETYPE UNIT

JOHN F. MALONE

Top FBI Post For Malone, Area Native

Special Agent John F. Malone of the Federal Bureau of Investigation, a native of Carbondale, has been appointed to one of the top positions in the world-famed investigation unit.

Agent Malone, it was learned today, has been named by FBI Director J. Edgar Hoover to the post of assistant director of training and inspection division of the bureau.

In his new capacity agent Malone is one of eight assistant directors in the FBI and will be held responsible for the training of FBI agents, administration of training facilities including the National Police Academy and for the inspection of the far-flung facilities used by the law enforcement agency.

In 1952, Assistant Director Malone was held in contempt by Federal Judge John P. Branes at Chicago when he refused to produce FBI information containing statements and agents' reports on the 1933 kidnapping of John (Jake the Barber) Factor by Roger Touhy, prohibition era gang boss. The contempt charges later were dropped. Touhy was shot to death last month. His murder is unsolved.

Assistant Director Malone, a graduate of St. Rose High School, Carbondale, and the University of Scranton is married to the former Margaret Gilhool of Archbald. He is a son of the late Mr. and Mrs. Larry Malone who resided in Carbondale for many years.

Mr. John Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

I greatly appreciate your having given permission yesterday for a reception to be held at Waller Hall, the Officers' Club, at Quantico on Friday, April 22, 1960, between 7:00 P. M. and 8:00 P. M. as a prelude to the showing of "The FBI Story" at the Marine Corps Schools theater that evening.

On behalf of the Training and Inspection Division, and especially the FBI Academy staff at Quantico, it is my privilege to extend to you an invitation to attend this function and, of course, to permit us to hold it in your name as host. I am also separately inviting Mr. Tolson to be with us on that occasion.

REC-150

DATE: April 11, 1960

FROM : MR. J. F. MALONE *JFM*

SUBJECT: CHARLES "BABE" BARON
APPLICANT FOR GAMING LICENSE
SANDS HOTEL, LAS VEGAS, NEVADA

BACKGROUND:

On April 11, 1960, I received a letter from former Special Agent Robert L. Moore, who is now Chief, Investigations, Gaming Control Board, Carson City, Nevada, wherein he stated that Charles Baron, who formerly owned the Charles Baron Ford, Incorporated, Chicago, Illinois, is an applicant for a gaming license in Nevada.

In his application, Baron listed me as one of his references. He advised Moore that he met me while I was Agent in Charge of the Chicago Office of the Bureau and that he came to know me "rather well" because his corporation serviced Bureau automobiles for a period of time.

Also on April 11, 1960, an airtel was received from Salt Lake City captioned, "Charles 'Babe' Baron; Anti-Racketeering," wherein it was set forth that my name, among others which included Kline Weatherford, former Special Agent in Charge at Chicago, Illinois, was listed as a reference.

DETAILS:

Charles "Babe" Baron *AR* *Ill* *Ill*

I knew Baron while in Chicago, but certainly did not know him "rather well." I first met Baron through United States Attorney Otto Kerner of Chicago. After meeting Baron at civic gatherings once or twice in Chicago, he pointed out to me that he owned the Charles Baron Ford Agency and was interested in doing the repair work on Bureau cars. Baron was advised that he was at liberty to submit a bid at the appropriate time. As I recall, Baron did submit a bid in 1953, to which I attached a memorandum pointing out that even though Baron may be low bidder, it was

Memo for Mr. Mohr
Re: Charles Baron

felt inadvisable that he should receive the contract to work on Bureau automobiles in view of his questionable background. Baron, to my knowledge, never did receive a contract to work on Bureau automobiles. A search of Bureau records, both here and at Chicago, failed to reflect that the FBI ever had any official dealings with Baron.

It is recalled that when the shipment of new Fords arrived in Chicago in 1953, they were serviced by and delivered through the Charles Baron Ford Company, but this was handled by and paid for by the Ford Motor Company. This is probably what Baron was referring to when he advised the Gaming Control Board that "his corporation serviced the Bureau automobiles for a period of time."

My contacts with Baron were on a strictly limited and official basis. In 1958, while attending a function of the National District Attorneys Association at the Tropicana Hotel in Las Vegas, I was walking through the hotel with former Special Agent [redacted] then assigned to Las Vegas, and we met Baron in the lobby of the hotel. Baron at that time was a partner in and manager of the Tropicana. Upon introduction I recognized Baron as the same individual I had met in Chicago. He, on this occasion, failed to recognize me until we were introduced.

b6

Background on Baron

Bureau files reflect that by letter dated March 30, 1954, when I was SAC at Los Angeles, I advised the Bureau that Walter Winchell in his broadcast of March 28, 1954, stated that Joan Crawford "goes with" Charles Baron, one of the richest Ford dealers in Chicago. At that time I pointed out to the Bureau that Baron was mentioned in "Chicago Confidential," by Jack Lait and Lee Mortimer, as associated with the owners of one of the biggest betting clubs in the Middle West; as a friend of Democratic leader Jake Arvey; as former athlete and one-time Lieutenant Colonel who was indicted for the murder of one Jimmie Walsh which took place in Chicago on December 3, 1929, but who was later acquitted on a plea of self-defense; as having been arrested as a suspect in the Gus Winkler murder, at which time Baron was carrying a loaded gun; as having a contract to repair Chicago police cars, and as head of the syndicate which purchased "Chez Paree" in Chicago in 1950. I also advised at that time that in 1953 Baron made an unsuccessful bid to handle repairs on Bureau cars in Chicago.

Memo for Mr. Mohr
Re: Charles Baron

Bureau files further reflect that Baron is reportedly an associate of such notorious hoodlums as Jack Dragna; Charles, Rocco, and Joe Fischetti; Frank Carbo; Louis Campagna; Phil Castel; and Jack (Greasy Thumb) Guzik. During the 1920's, he was allegedly shot during a gun battle with the Al Capone mob, which was trying to take over a gambling house he operated. (62-60527-41495; 63-858-1; 92-2715-34)

Baron Praises Castro

Baron left Chicago in the early part of 1958 to become a partner in the Tropicana, a well-known night club and gambling casino in Las Vegas. Later in 1958 he moved to Havana, Cuba, where he became manager of the Havana Riviera Hotel. In January, 1959, he was named by Castro as one of the few Americans who would be allowed to operate gambling establishments under the new regime. Four months afterwards, Baron advised newspapers reporters in Chicago that "Castro is an honest and sincere idealist who is definitely anti-Communist." (63-858-2A; 63-4296-44-193; 92-2715-34; 62-302-9-23)

Baron's Celebrity Friends

Baron has reportedly been associated with such celebrities as football star Sid Luckman, movie actor Frank Sinatra, and movie actress Ginger Rogers.

RECOMMENDATION:

By memorandum W. S. Tavel to Mr. Mohr dated 11/10/59, captioned, "Listing of Former SACs, Bureau Officials and Certain SAs For Possible Contact by Field and SOG," it was recommended and approved that "since the State of Nevada Gaming Control Board is a legitimate law enforcement agency, all the normal courtesies and exchanges of information are proper but that no special privileges should be extended because of Abbaticchio's former Bureau connection.

It is recommended that the attached ^{personal} letter be sent to Mr. Abbaticchio, Chairman of the Gaming Control Board of Nevada. If approved, letter to be returned to Mr. Malone for mailing. *Jon*

Dear Mr. Malone:

Thank you very much indeed for your letter of April 13, concerning the reception to be held at Quantico on Friday, April 22, as a prelude to the showing of "The FBI Story" at the Marine Corps Schools theater that evening.

I appreciate very much your invitation but, unfortunately, a prior commitment will make it impossible for me to be present. Therefore, I do not think it would be proper to hold this event in my name as the host of the affair.

I do hope that all present have a most enjoyable evening.

Sincerely,

J. EDGAR HOOVER

Re: Charles Baron, applicant for
gaming license, Sands Hotel,
Las Vegas, Nevada

Dear John:

Charles Baron, who formerly owned the Charles Baron Ford, Inc., 3840 South Michigan Avenue, Chicago, Illinois, is an applicant for a gambling license in this state. Baron desires to purchase an interest in the Sands Hotel, Las Vegas, Nevada, where gambling is carried on. In his application, he listed you as one of his references.

Baron was in our Carson City office today at which time I interviewed him. He stated that he met you while you were Special Agent in Charge of the Chicago office of the Bureau and that he came to know you rather well because his corporation serviced the Bureau automobiles for a period of time. For your information Baron formerly had an interest in the Tropicana Hotel in Las Vegas from 1957 to 1958 when he sold his interest and took off for Havana, Cuba where he associated himself with the Havana Riviera, Havana, Cuba. In view of the situation in Cuba the entire experience there was a deep disappointment to him. In January, 1960 he returned to the United States and while he was in Chicago he received an offer of employment at the Sands Hotel and at the same time an opportunity to invest in the corporation.

The Nevada Gaming Control Board is the official state agency charged with the enforcement of the Nevada Gaming Control Law and the duty of investigating applicants for gambling license. We would appreciate anything you would care to say about Baron, both favorable and unfavorable. Particularly, we are interested in his associates and any connection with the hoodlum or gangster element.

In your reply you may not want to use his name and that will be perfectly O.K. with us.

PERSONAL

Dear Malone:

I note that you are celebrating your Eighteenth Anniversary with the Federal Bureau of Investigation and I want to send my sincere congratulations upon this special occasion. The growth and prestige which the Bureau has attained today can be directly traced to such loyal and capable employees as you and I am indeed proud to have you among my associates. I hope this day will be a memorable one in every way and those that follow will bring you added rewards.

Sincerely,

Gaming Control Board
Carson City, Nevada

EX 104

Dear Ray:

This is to acknowledge receipt of a letter dated April 8, 1960, from Bob Moore concerning Charles Baron, who is an applicant for a gaming license at the Sands Hotel in Las Vegas.

To say that I was shocked to learn that Baron used my name as a reference would be putting it mildly. I have never given any authority for Baron to use my name as a reference or in any other manner, and I certainly would like to take this opportunity to set the record straight. I am not a personal friend of his and certainly should not be considered by him as being in a position to act as a reference. My acquaintance with Baron was on a limited and official basis only while I was Special Agent in Charge in Chicago from June, 1952, to March, 1953.

As Bob Moore stated in his letter, the Charles Baron Ford Company of Chicago did service some Bureau cars, but not at the instigation of the Bureau. When the Bureau purchased some new Fords in 1953, they were shipped to us through and serviced by Baron's Ford Agency, but this was handled by and paid for by the Ford Motor Company. The Bureau had no control over this transaction.

In 1958 I had occasion to meet Baron at the Tropicana Hotel in Las Vegas, at which time he failed to recognize me and I failed to recognize him until after we were introduced.

ORIGINAL FILED IN

This was the only time I had seen him since leaving Chicago seven years ago. I cite this incident only to indicate the degree of our acquaintanceship.

I do recall having read a book entitled, "Chicago Confidential," written by Jack Lait and Lee Mortimer. In checking this book, which I still have in my possession, I found that on page 129 it was stated that the owners of the Gym Club, a large gambling house in Chicago, were associated with "Babe" Baron. The book goes on to state that Baron, a former athlete and wartime Lieutenant Colonel, was said to have killed Jimmy Walsh in front of Henri's Restaurant in Chicago on December 3, 1929. Baron was later acquitted on a plea of self-defense. The book further points out that Baron was arrested in 1934 as a suspect in the Gus Winkler murder, and was found to be carrying a loaded gun at the time of his arrest. Baron was described as owning an automobile agency and as having a contract to repair Chicago police cars.

The "Chicago Tribune" dated May 5, 1959, points out that Baron was President of the year-old Havana Riviera Hotel at Havana, Cuba. He is quoted as saying that Premier Fidel Castro has given Cuba "an atmosphere of democracy and law and order and hopes for a growing prosperity. In my opinion, Castro is an honest and sincere idealist who is definitely anti-Communist."

It is apparent that Baron is attempting to use the good name of the FBI to enhance his chances of being issued a gaming license in Nevada. I am sure that you will understand such tactics by Baron, and others of his kind, are not appreciated.

Sincerely,

JOHN F. MALONE

SUBJECT: TRAFFIC VIOLATION

On the way to Quantico (and also to make a check at the Sowego and Midland Radio Stations) late yesterday afternoon (4:40 PM, June 9, 1960), I was stopped by an officer for making a left-hand turn off Constitution Avenue into 14th Street during a restricted time of day.

b6

The first question the officer, [redacted] asked was where I worked. When I told him, he assumed an apologetic attitude and I told him that this was not necessary. He was extremely courteous. I asked him what he intended to do before he found out where I worked, and he advised that he had intended to issue a citation for an illegal left turn. I advised Officer [redacted] that my place of employment should have no bearing on the matter, and I insisted that he issue the citation, which he reluctantly did. I asked the officer, as a point of information, why the first question he asked was where I worked because I had no intention of telling him otherwise. He said they are required to do this if the car has a Virginia or any other license outside of the District. I was driving my personal car which has a Virginia license.

b6

Officer [redacted] advised me that I could mail \$5.00, with the ticket, to the Traffic Bureau or stop at any precinct station and pay the money. Upon my return from the radio stations at 11:45 PM, June 9, 1960, I drove to Precinct #4 in the District and paid the \$5.00.

I regret that this happened. This is the same turn I have been making every evening on the way home for the past two and a half years. Yesterday I made the same turn from force of habit without realizing that it was restricted from 4:00 PM to 6:30 PM.

PERSONAL

Mr. John F. Malone
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Malone:

The material which was prepared in your division for my use in introducing the speakers at the recent graduation exercises of the FBI National Academy was completely unsatisfactory. The notes were unreasonable in length and were of little or no value to me. It is obvious that no thought was given to the preparation of this material.

You were clearly remiss in approving these notes in this instance and I shall certainly expect you to insure that any similar material prepared in the future will receive more careful consideration before it is submitted to me.

Very truly yours,

J. Edgar Hoover

Handwritten signature/initials

With reference to Mr. Tolson's inquiry concerning the preparation of material for the Director's use in introducing the speakers at the National Academy (NA) graduation, the following is submitted:

The material sent to the Director on each speaker is in the following form:

1. Brief suggested remarks for the Director's use in making the introduction. *They were completely unsatisfactory*
2. Underneath that a brief sketch of the speaker.
3. Underneath that a rather comprehensive summary of information in Bureau files.)

All of this is on 5x8 cards, in executive type, pursuant to existing instructions. *23 pages on [redacted]; 17 pages on Bridges*

This material is gathered by [redacted] (GS-9), who has a Bachelor of Ed. and Law degree, under the personal and close supervision of Inspector J. S. Rogers of the National Academy Desk. A thorough review is made of Bureau files, magazines and newspaper articles, "Who's Who" and all other available sources. Following these careful reviews, there is then prepared by [redacted] again under Rogers' supervision, the biographical sketch and a summary of information appearing in Bureau files. After this is prepared, there are drawn up the suggested remarks for the Director's use in actually introducing the speakers.

Up until six years ago, this Division did not prepare the suggested remarks, although we did prepare the biographical sketch and summary of information in Bureau files. The suggested remarks were prepared by Mr. L. B. Nichols' office. For the past six years, this Division has prepared the

Handwritten notes: 6-24-60 #169

Memo J. F. Malone to Mr. Mohr re GRADUATION EXERCISES

suggested remarks, as well as the other material, but has routed it through what is now the Crime Records Division. [redacted] and Mr. Rogers have been responsible for this operation. [redacted] was commended by the Director for the excellent manner in which the material was prepared for the graduation exercises last year when Cardinal Cushing was a speaker and when several Congressmen and Senators (including Senator Bridges) were on the platform. It might be noted that she and Rogers reviewed the introductory remarks used by the Director last year when he introduced Senator Bridges so that the remarks, while keeping to the same general theme, would not be the same as used previously.

It is realized that the Director could not use the great amount of material furnished him in introducing the speakers. The material is prepared solely to refresh the Director's memory concerning various items of interest regarding the speakers just in case, during conversation back stage before the exercises, some reference is made to some occurrence involving the speaker.

I reviewed the material, discussed it with Rogers, and had a number of changes made following which I forwarded it to Mr. DeLoach. I regret very much that the Director found it poorly prepared & you may be assured that, in the future, there will be no necessity for the Director to call this to my attention.

I feel that this is my responsibility & culpability. Even though [redacted] & Mr. Rogers were following established procedures in furnishing background information, I should have realized that the information should not have been necessary on persons so well known to the Director. If the Director concurs, we will hereafter send only the suggested remarks & will omit the separate biographical sketches & summaries of Bureau files.

RECOMMENDATIONS: 1. That I be censured for permitting poorly prepared material to go to the Director for his comments at the National Academy Graduation.

yes. It was grossly mishandled
Jaycee V. also letters for [redacted] and Mr Rogers
John 6/8

2. That hereafter we submit to the Director only the suggested remarks for the introduction of the speakers.

✓ Jaycee
John 6/8

3. That this material be cleared through Mr. DeLoach, you (Mr. Mohr) and Mr. Tolson before being sent to the Director.

FROM : J. F. MALONE *JFM*

SUBJECT: J. F. MALONE

Request to attend reception for Judge Irving R. Kaufman

Mrs. Malone and I have received from Mr. and Mrs. David Sarnoff an invitation to a reception and supper in honor of Judge and Mrs. Irving R. Kaufman on Thursday, June 23, at 7:30 PM at the Sarnoff home in New York City. It is a formal affair and a reply is requested.

In addition to the invitation, Judge Kaufman called over the weekend to advise that the invitation was in the mail and that he would be pleased if Mrs. Malone and I could attend. As you know, we have been friends with the Kaufmans since we met them in Los Angeles several years ago and I feel that probably we should attend this affair, unless, of course, the Director would have any objection. If approved, it is understood that this will be entirely at my own expense and I will take the necessary annual leave to cover the time.

RECOMMENDATION:

That approval be granted to attend the reception. If approved, I will request the necessary annual leave to cover the time it takes to go to New York and return.

ALL WHO REGISTER MUST FILL IN THIS PART.

1. NAME (LAST) (FIRST) (MIDDLE INITIAL)
MALONE JOHN F.

2. DATE OF BIRTH (Use numbers)
MONTH: **10** DAY: **21** YEAR: **10**

3. Are you now married?
YES **1**
NO **2**

4. YOUR MAILING ADDRESS (NUMBER AND STREET) (CITY AND ZONE NUMBER) (STATE)
3433 Valley Drive Alexandria Virginia

5. SEX
MALE **1**
FEMALE **2**

6. Are you covered by, or is any family member listed below covered by an enrolling in, a plan under the Federal Employees Health Benefits Act of 1959 (through the enrollment of another United States or District of Columbia Government employee or annuitant)?
YES NO **3**

7. Place an "X" in proper box to show your annual basic salary range.
UNDER \$4,000 **1** \$6,000 TO \$9,999 **3**
\$4,000 TO \$5,999 **2** \$10,000 OR OVER **4**

PART B
FILL IN THIS PART IF YOU WISH TO ENROLL IN A HEALTH BENEFITS PLAN.

1. I elect to enroll in a health benefits plan as shown below. I authorize deductions to be made from my salary, compensation, or annuity to cover my share of the cost of the enrollment. (Copy the information requested below from inside cover of brochure of the plan you select.)

NAME OF PLAN SAMBA	OPTION (HIGH OR LOW)	ENROLLMENT CODE NUMBER 4 4 2
------------------------------	----------------------	--

2. In space below list all eligible family members without exception: List your wife or husband first, then your unmarried children under age 19, including legally adopted children, and stepchildren and illegitimate children who live with you in a regular parent-child relationship. Include also any unmarried child over 19 who became disabled before age 19 and who, because of the disability, is incapable of self-support. (Attach a doctor's certificate for a disabled child age 19 or over.)

NAMES OF FAMILY MEMBERS	DATE OF BIRTH (Month, Day, Year)	NAMES OF FAMILY MEMBERS	DATE OF BIRTH (Month, Day, Year)
Wife or Husband Margaret G. Makre	9/26/10 <input type="checkbox"/> 1		<input type="checkbox"/> 6

	<input type="checkbox"/> 3		<input type="checkbox"/> 8
	<input type="checkbox"/> 4		<input type="checkbox"/> 9
	<input type="checkbox"/> 5		<input type="checkbox"/> 10

3. If you are a female (employee or annuitant)—does the family listed above include a husband who is incapable of self-support by reason of mental or physical disability which can be expected to continue for more than one year? (If answer is "Yes," attach a doctor's certificate.)
YES NO

PART C
FILL IN THIS PART IF YOU WISH NOT TO ENROLL OR IF YOU WISH TO CANCEL YOUR ENROLLMENT.

PLACE AN "X" IN ITEM 1 OR ITEM 2, WHICHEVER APPLIES AND ANSWER ITEM 3.

1. I elect not to enroll in any plan under the Health Benefits Act.

2. I elect to cancel my present enrollment under the Health Benefits Act.

3. The reason for my election is (Place an "X" in proper box):
(a) I am covered by a plan under the Health Benefits Act through the enrollment of my husband, wife, or parent. **1**
(b) I am covered by a health insurance plan which is not under the Health Benefits Act. **2**
(c) Any other reason. **3**

PART D
FILL IN THIS PART IF YOU WISH TO CHANGE YOUR ENROLLMENT.

I elect to change my enrollment as shown by the enrollment number and other information in Part B.

1. Enrollment code number of present plan.

2. Number of event which permits change. (See table on back of duplicate for proper number.)

3. Date of event which permits change.
MONTH: DAY: YEAR:

4-6-61 To review path sections and will describe lesion on face after dressings can be removed. CBC & R & M done today. Quantitative Battery STS

Return 2 Weeks

The patient was seen after the surgical wound had healed. At that time there was no clinical lesion remaining. Complete blood count, urinalysis, and battery STS for change in globulin were all normal or negative. Inasmuch as no lesions could be seen at this examination, it was decided not to treat at present. This decision was discussed with the patient and he was told that if there should be any question in his mind as to recurrence of the lesion he should return to the clinic.

Dear Mr. Hoover:

As you are aware, Assistant
Director John E. Malone spoke at the New
York State Sheriffs' Conference at Schroom
Lake, New York on August 9, 1960.

I thought you would be
interested in knowing that he made an
excellent talk and both his remarks and he
himself were well received by the Sheriffs.

Sincerely,

[Handwritten signature of H. G. Foster]

Boone

In accordance with SAC Letter 60-35, all members of the Executives Conference except those on annual leave (Messrs. Callahan and Ingram) have been weighed in the Health Service and found to be within the desirable weight limits for their respective heights and frames. It is noted that on July 5, 1960, three of the members exceeded the desirable weight limit, namely Messrs. Mohr, Parsons, and Tamm, each of whom is now within the limit. Messrs. Callahan and Ingram will be weighed upon their return from annual leave. However, it is noted that they were previously well within the desirable limits; thus, as of the last weighings, all members of the Executives Conference are now within the desirable limits. Tabulation attached.

RECOMMENDATION:

Submitted for information.

RE: SA JOHN F. MALONE
(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name	Mrs. Margaret M. Malone	Relationship	wife	Date	8/18/60
Address	3433 Valley Drive, Alexandria, Va.				

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty.

Name	Mrs. Margaret M. Malone	Relationship	wife	Date	8/18/60
Address	3433 Valley Drive, Alexandria, Virginia				

Very truly yours,

John F. Malone
Special Agent John F. Malone

PROGRAM: Attached is a copy of the program of the 67th Annual Conference of the IACP to be held at the Statler Hotel October 1 - 6, 1960. This is a mimeograph copy that was just prepared today, 9/12/60, by Executive Secretary [redacted] Highlights of the program are set forth hereinafter:

IMPORTANT ITEMS IN PROGRAM IN WHICH DIRECTOR IS PERSONALLY INTERESTED

Saturday, October 1: None.

Sunday, October 2: 6 - 8 p. m., reception for delegates and guests, Presidential Ballroom, Statler Hotel. First Vice President Robert V. Murray, Chief of Police, Washington, D. C., is host.

Monday, October 3: Approximately 10:30 a. m. Director speaks, Presidential Ballroom. This is the opening session.

|| 12:15 p. m., the President of the United States is expected to appear and speak. This is not shown on the program, but Executive Secretary [redacted] has confidentially advised that the President would speak.

Tuesday, October 4: None.

Wednesday, October 5: 1 p. m., luncheon, FBI National Academy Associates, Congressional Room, Statler Hotel (a separate memorandum concerning the luncheon has been submitted).

7:30 p. m., annual banquet, Presidential Ballroom. A separate memorandum has been submitted. The Director is being invited by Executive Secretary [redacted] to attend.

Memorandum to Mr. Mohr
Re: IACP 67th Annual Conference
Statler Hotel, October 1 - 6, 1960

The Bureau has participated in Brandstatter's programs at Michigan State University. McManus and Murphy are both National Academy graduates and are friendly.

WORKSHOPS: The workshops for the conference are taking the place of speeches and talks given previously. Two workshops will be held simultaneously. The ones in which the Director may be interested are the following:

- 2 - 3:30 p. m., Monday, October 3: Police Education and Training. This is a 4-man panel, one member of which is Inspector J. S. Rogers of this division. b6
- 3:30 - 5 p. m., Monday, October 3: Organized Crime. Moderator [redacted] Chief of Police, Santa Ana, California. One of the panelists is [redacted] with the Department of Justice. Another member is Chief Bernard R. Garmire of Tucson, Arizona, to whom we have already furnished arguments opposing a national crime commission.
- 9:30 - 11 a. m., Tuesday, October 4: Auto Theft. Special Agent [redacted] of the Investigative Division is a member of this panel. b6
- 9:30 - 11 a. m., Wednesday, October 5: Uniform Crime Reporting. Former Special Agent A. Everett Leonard of the Field Service Division, IACP, is one of the panelists.

In addition to the workshops there will be two talks given on Tuesday morning, October 4. These talks are as follows:

"The University's Role in Police Training," by Richard H. Stottler, Assistant Dean, University of Maryland, and "Free World Police: Target for Communist Subversion," by Lyman B. Kirkpatrick, Inspector General, Central Intelligence Agency.

BUREAU OFFICIALS TO ATTEND IACP: It is believed that the following Bureau officials should be designated to attend the entire IACP conference:

Assistant Director John F. Malone
Assistant Director Quinn Tamm (Already approved by Director.)

Memorandum to Mr. Mohr
Re: IACP 67th Annual Conference
Statler Hotel, October 1 - 6, 1960

SAC James H. Gale (Gale being SAC of Washington Field has good contacts with Chief Murray and local police.)
Inspector J. S. Rogers (Rogers will handle the National Academy luncheon and has a wide acquaintance with chiefs.)
Special Agent J. J. Daunt (Daunt is handling the Bureau's Uniform Crime Reporting Program.)

It is also believed that Special Agents from Washington Field should be designated to attend the morning training sessions and the workshops. These agents will be immediately selected and their specific assignments given to them. (Director has already approved indoctrination of these agents - memorandum Assistant Director Tamm to Mr. Parsons, 9/9/60.)

RECOMMENDATIONS: 1. That Messrs. Malone, Tamm, Gale, Rogers and Daunt be designated to attend the entire IACP conference.

✓
Gale was advised 7/14
H.B.G.
J.M.

2. That SAC Gale designate five mature Special Agents who will be assigned as necessary to cover each of the training sessions and workshops.

Dear Malone:

I am writing at this time to express my sincere thanks for the superb manner in which you discharged your responsibilities in connection with the 67th Annual Conference of the International Association of Chiefs of Police.

The excellent success of our participation in this conference can be attributed in no small degree to the highly skillful and intelligent manner in which you planned and carried out the Bureau's part in this important affair. I was very impressed with your effective performance and I do not want the opportunity to pass without letting you know of my appreciation.

Sincerely,

MAILED 19

TO : Mr. Mohr

DATE: 10/10/60

FROM : J. F. Malone *J.F. Malone*

SUBJECT: INTERNATIONAL ASSOCIATION OF CHIEFS OF POLICE (IACP) *M.C. Daniels*
 67TH ANNUAL CONFERENCE
 STATLER HILTON HOTEL, OCTOBER 1 - 6, 1960

The 67th IACP Conference adjourned 10/6/60. Separate action has already been taken to recommend commendations covering the FBI NA Associates Luncheon. This memorandum recommends commendation for those responsible for the over-all coverage of the IACP Conference, including the preconference planning. For purposes of simplicity, those recommended for commendation are being listed by division of assignment together with a summary of what part they played.

Training and Inspection Division

The Training and Inspection Division was charged with the primary responsibility for preconference strategy planning, coordination and organization of personnel for the coverage of the IACP Conference, plus maintaining a stenographic force and the supervision and coordination of the Conference coverage.

✓ *H. W. Edwards*
 1. Inspector *H. W. Edwards* assisted me in setting up the luncheon, the coverage of the various panels, and many other incidental assignments in conjunction with the conference. He carried out each assignment meticulously, paying particular attention to detail. He was particularly alert to protect the interests of the Bureau at the conference and assisted a great deal in picking up information of interest through contacts he made with police officers.

✓ *Jepth Rogers*
 2. Inspector *Jepth Rogers* participated in every phase of preconference planning and maintained liaison with the Executive Secretary Wike's Office (IACP). He coordinated the sale of luncheon tickets; was available to assist the Director at several functions where the Director appeared. Rogers also participated as a panelist on 2 panels and performed creditably as a Bureau representative. Rogers' wide acquaintance with persons in attendance at the conference was of immeasurable value.

✓ *H.V. Sloan*
 3. SAC *H.V. Sloan*, Quantico, was one of the individuals approved to cover the entire conference and also assisted in the sale of luncheon tickets.

Memorandum to Mr. Mohr
Re: IACP

b6

4. Secretary [redacted] performed in an outstanding fashion but is being covered in a separate memorandum.

Administrative Division

✓ [redacted] (Property Management Section) and [redacted] (Property Management Section) arranged for special telephone service at the Statler. They also were of valuable assistance in the handling of supplies and property necessary for the efficient operation of our stenographic force at the Hotel.

Investigative Division

✓ Supervisor [redacted] creditably participated in the Auto Theft Workshop.

Laboratory Division

✓ 1. Assistant Director ^{Quinn} ~~Tamm~~ was a member of the IACP Executive Committee until he arranged for Mr. Malone to replace him in this capacity. Mr. Tamm was responsible for assistance in keeping abreast of the election of the 6th Vice President and assuring that Bureau interests were adequately served. Mr. Tamm was one of those designated to cover the entire conference.

✓ 2. Secretary [redacted] assisted creditably in a stenographic capacity at the Hotel.

Crime Records Division

✓ 1. Assistant Director ^{Cartha P.} ~~DeLoach~~ participated in many phases of the preconference planning, was particularly valuable in connection with the Director's speaking appearances, press coverage and other public relations matters; was instrumental in securing the cigarettes distributed at the luncheon; set up the special tours service for IACP Conference participants. He also participated in covering the workshop on Public Relations and Uniform Crime Reporting.

Memorandum to Mr. Mohr
Re: IACP

2. Supervisor William H. Stapleton did a commendable job in acquiring a strategically located space in the mezzanine of the Statler Hilton Hotel and setting up a special tour desk. This tour desk was staffed by Dewey L. Rinaca and [redacted] of Mr. Stapleton's section. The tour desk served a dual purpose, in that it not only arranged for special tours and thereby furnished special services to the IACP members but also was utilized on a continuous basis by Bureau personnel for coordinating messages and in locating individuals whom the Director desired to see. Both Rinaca and [redacted] are far above average in appearance and personality and many fine comments were heard concerning their approach and attitude and work during this IACP Conference. The importance played by Mr. Stapleton and his staff to making this a memorable conference cannot be overemphasized. *Rinaca & [redacted] commended 10/11/60 on separate memos. - lrb

Washington Field Office

1. SAC ^{James H.} Gale was designated to cover the entire conference. SAC Gale was entirely cooperative in primarily selecting and making available high caliber Agents for special assignments during the conference; furnished emergency transportation, and was of valuable aid in liaison with Metropolitan Police officers on urgent situations which arose during the course of the conference.

2. Agents J. Gerard Hogan and William C. Carroll were assigned to the Bureau hotel suite at the Statler and furnished valuable services in handling emergency-type situations and expedite communications which necessitated travel between Statler Hotel and the Department of Justice Building. Both Hogan and Carroll put in an appreciable amount of overtime in fulfilling their responsibilities.

3. Agent [redacted] through excellent and well-established liaison, helped obtain the Hotel space and assisted Supervisor Westfall in luncheon arrangements.

Hotel Representatives

1. [redacted] Front Office Manager, was extremely cooperative and of great aid in providing the Bureau with excellent hotel accommodations in attempting to supply our every need as quickly as he could possibly expedite the services of the Hotel.

Memorandum to Mr. Mohr
Re: IACP

b6

2. [] Assistant Manager of the Statler Hotel, extended every courtesy of the Hotel to the Bureau and was of aid to SA [] in providing the top-notch service along with these extras not normally enjoyed by most groups renting Hotel suites at the Statler Hilton.

Bureau files negative on [] and []

RECOMMENDATIONS:

1. That the above letters of commendation for Bureau personnel be approved. These letters should be prepared by the Administrative Division.

*Done 10/11/60

Dear Mr. Hoover:

I have carefully reviewed your letter dated December 12, 1960, setting forth the results of the inspection of the ~~Training and Inspection~~ Division.

Your instructions and observations, as well as those of the Inspector, are very much appreciated and are being meticulously followed. You might be interested in knowing that Inspector ~~Hyde~~ conducted a very fair and, at the same time, penetrative inspection.

I hope that during the coming year we in this Division will be able to demonstrate to you by means of additional advances and new developments in the fields of training and inspection that your interest in keeping the Bureau on a continuing high level is uppermost in our thoughts.

Respectfully,

John F. Malone

NAME: JOHN F. MALONE

TITLE: ASSISTANT DIRECTOR

EOD: 5/4/42

GRADE: GS 17 - \$17,310

Hyde

INSPECTOR HYDE: 12/5/60

Assistant Director Malone was last assigned to the Training and Inspection Division as Number One Man on 9/29/57. He became Inspector in Charge of the Inspection Section in that division on 10/20/57 and Assistant Director of the Training and Inspection Division on 12/30/59. Mr. Malone possesses a very fine personal appearance, dresses exceptionally well and has a most effective and sincere personality. Due to his varied assignment in the Training and Inspection Division prior to his being designated as Assistant Director he has an excellent personal working knowledge of many of the functions of the division and he also has made it a point to become thoroughly familiar with all functions of the division since assuming the position of Assistant Director. He has a great personal interest in the employees working under him and is well known to all of them. He equitably shares in the work load of the division and has been most effective in contacts made with individuals outside the Bureau. His ability in this latter regard was highlighted by the fine work which he did in connection with the 67th Annual Conference of the International Association of Chiefs of Police held in October of 1960.

(He is affording positive guidance and leadership to the division and makes it a point to keep currently informed of all phases of the division's work.)

RECOMMENDATION:

Continue as Assistant Director.

Dear Mr. Malone:

I am indeed pleased to commend you for the outstanding attitude you exhibited in reporting for duty today despite the extremely hazardous travel conditions.

You demonstrated a most exemplary devotion to the work of the FBI in considering your services so essential that, in spite of an announcement that all Federal Government agencies would be closed, you reported for duty. I certainly appreciate your dedicated efforts and I want you to know I have instructed that a copy of this letter be placed in your personnel file.

Sincerely yours,

John Malone To Address Police School Graduates

Sixty-one law enforcement officers, representing 12 departments in Lackawanna, Wayne and Susquehanna Counties will be graduated from the first FBI-PCPA Basic Police Training School ever held in Carbondale, according to Fred A. Frohose, special agent in charge of the Philadelphia FBI Office, who also commended Chief Thomas J. Scalzo of Carbondale, who acted as director of the training program.

John F. Malone, assistant FBI director, will be the principal speaker at the graduation exercise, which will be held at Bilotta's Restaurant tomorrow evening.

Mr. Malone, a native of Carbondale and a graduate of the University of Scranton, has been with the FBI since 1942, and has served as firearms instructor at the FBI Academy, Quantico, Va., special agent in charge of FBI Offices in San Diego, Louisville, Chicago and Los Angeles, and is now in charge of the FBI Training and Inspection Division in Washington, D. C.

"The fine interest shown in the police training program," said Mr. Malone, "by the law enforcement officers in this area is very gratifying. It indicates that they, together with the FBI, realize that the only way to achieve professional status is by constant training, improvement of operations and gaining the respect and confidence of an entire community."

This they have demonstrated not only by their faithful attendance in the recent basic school, but by their many requests for additional schools in all phases of police work.

Native of Carbondale

"I was pleased to be designated by FBI Director J. Edgar Hoover as the speaker for the graduation exercises. As a native of Carbondale, I have a great interest in Lackawanna County and I am very pleased to have the opportunity of speaking to my many friends and the graduates of the school. It is only through cooperation such as this that we can hope to progress in our mutual fight against crime and subversive activities."

Mr. Frohbose, who is chairman of the educational committee of the Pennsylvania Chiefs of Police Association, as well as being in charge of the Philadelphia Office, will also speak and FBI Special Agent Walter V. McLaughlin will act as toastmaster. In addition to the graduates many prominent citizens will also attend the graduation dinner.

Among the communities represented are:

Taylor, Archbald, Mayfield, Jermy, Fell Township, Carbondale Township, South Canaan, Clifford Township, Honesdale, Dickson City, Forest City, and Vandling.

AT POLICE BANQUET—A banquet marking the formal graduation of approximately 60 Greater Carbondale area policemen and other law enforcement officers who completed an eight-week basic training course at Carbondale, was conducted Tuesday night at Bilotta's Restaurant, Carbondale. Principals at the affair included, left to right: Walker White, Scranton, Federal Bureau of Investigation special agent; Atty. Ralph P. Needle, assistant district attorney; Common Pleas Judge William Nealon; Carbondale Mayor Frank L. Howard; Walter V. Mc-

Laughlin, special FBI agent at Philadelphia, who was toastmaster; principal speaker, John F. Maione, a Carbondale native, now an assistant director of the FBI; Carbondale Police Chief Thomas J. Scalzo, who served as director of the police school; Fred A. Frohbose, special agent in charge of FBI Philadelphia office; Vincent Dougherty, special agent of FBI at Scranton. The school was conducted under joint sponsorship of the FBI and the Pennsylvania Police Chiefs Association.

(Tribune Photo—Bill Nally)

Malone Cites High Standing Of Modern Law Enforcement Agent

"The conscientious police officer is the guardian of civil rights, the protector of the weak and the defender of the innocent. He is the friend of every child and the ally of every law abiding adult.

"He is confident in his ability to match wits with the most cunning criminal—how to beat him at his own game and how to bring him to justice. He is courteous, but firm. He is loyal to his superiors and to his fellow officers.

"He enforces the law faithfully and fearlessly—always within the law and in the strict observance of the constitutional guarantees which protect the rights, liberties and privileges of the people."

Thus spoke John F. Maloné, assistant director of the Federal Bureau of Investigation, in the principal address given at graduation exercises of the Tri County Area Basic Police Training School in Bilotta's Restaurant last night.

Carbondale Police Chief Thomas F. Scalzo was director of the school which was conducted at City Hall under joint auspices of the FBI and the Pennsylvania Chiefs of Police Association.

The committee on arrangements for the dinner and exercises was made up of John J. Kane, assistant director of the school, chairman; Police Chief Andrew Calafut, Carbondale Twp.; Police Chief Gerard Connor, Jermyrn; Police Chief Joseph Mikulewicz, Forest City; Police Chief Maynard Miller, Clifford Twp.; Police Chief Michael Mroczka, Mayfield, and Police Chief Joseph Zendar, Dickson City.

In opening his address Mr. Malone declared that it gave him great pleasure to be back in his home town to take part in the police graduation program.

"It is most gratifying to see that law enforcement officers in the Carbondale area are recognizing the need for training," Mr. Malone said.

He went on to declare that "The stature of law enforcement is being raised so rapidly throughout the country that without proper training the law enforcement officer is not adequately equipped to carry out his responsibilities.

"One state, New York, has already passed a law making basic police training mandatory and many others are considering similar legislation. In other words, before very long the training such probably be compulsory before you can continue in your job on a permanent basis."

Mr. Malone said that the attitude of the citizenry of a community toward crime and its law enforcement agency has an important bearing on the rate of crime in the community.

The speaker said that the need and value of police training was not fully appreciated "until our own generation."

He pointed out also that today law enforcement agencies have become highly cooperative, are no longer inclined to compete with each other.

BANQUET AND GRADUATION exercises for Tri-County Area Basic Police Training School were held last night at Bilotta's Restaurant. Principal speaker was John F. Malone, Carbondale native, who now is assistant director of the Federal Bureau of Investigation in charge of the training and inspection division, Washington, D. C. Seated, left to right: Common Pleas Court Judge William Nealon, Mayor Frank L. Howard, Walter V. McLaughlin, special agent FBI, Philadelphia, toastmaster, and Mr. Malone. Standing, same order: Walker White, special agent FBI; Vincent Dougherty, special agent FBI, Scranton; Chief of Police Thomas J. Scalzo, director of police school; Fred A. Frohbose, special agent FBI, Philadelphia, and Attorney Ralph P. Needle, assistant district attorney. (NEWS photo Mike Zrowka).

ASS'T. DIRECTOR JOHN F. MALONE, FBI, SPEAKER

3 County Police Training School Dinner, Graduation Held Tuesday

Tuesday evening brought to a very successful conclusion the Tri County area Basic School Police Training School graduation, which was held at Bilotta's Restaurant. The exercises were held following dinner.

John Malone, former resident and native of Carbondale, now Assistant Director Federal Bureau of Investigation was the principal speaker. He lauded the 61 law enforcement officers from the Greater Carbondale area who recognizing the need for training had qualified. In part Mr. Malone said "the

stature of law enforcement is being raised so rapidly throughout the country that without proper training, the law enforcement officer is not adequately equipped to carry out his responsibilities. One state, New York, already passed a law making police training mandatory and many other are considering similar legislation."

Mr. Malone stated, "crime presents a terrific problem today. Law enforcement's responsibilities in fighting crime are equally critical. In seeking the causes of this formidable crime problem, it has been found that the amount of crime in a community is influenced by a considerable number of factors of a wide and varied scope. However, studies have shown that one of the most important of all factors involved is the attitude of the citizens of the community to the responsibilities of their police agencies. In other words, when the citizenry concerns itself with the problems facing its police and supports them in their task of preventing and detecting crime, the incidence of crime can be reduced; but where we find an attitude of public indifference, we find crime running rampant."

John F. Malone

Mr. J. Edgar Hoover, Director of the FBI, has called cooperation the most effective weapon against crime. It is the backbone of effective law enforcement. No law enforcement agency — Federal, state or local is so big or small that it does not need the assistance of another. It is through this spirit of cooperation among police agencies, coupled with the unswerving support and assistance of the American people, that great progress can and will be made in the fight against all types of crime.

In addition to Mr. Malone, others on the program were: Chief of Police Thomas J. Scalzo, Walker White, Special Agent, FBI; Ass't. D. A. Ralph Needle; Judge William Nealon; Mayor Frank L. Howard; Fred A. Froh-

bose, Special Agent, Philadelphia, FBI; Vincent Daugherty, Special Agent, FBI. Special Agent Walter V. McLaughlin was toastmaster and also awarded diplomas to the following: Chief of Police Thomas J. Scalzo, Walker White, Special Agent, Andrew Calafut, Carbondale Twp; Gerard P. Connor, Jermyn; Joseph Mikulewicz, Forest City; Maynard R. Miller, Clifford; Michael J. Mroczka, Mayfield; Tom Malone, Archbald and Joseph Zendar, Dickson City.

Sgts. of Police: John J. Monahan and Michael Parise, Carbondale; Martin Kevish, Carbondale Township and William J. Kelly, Archbald.

Patrolmen: Joseph Addley, Robert Brownell, Victor J. Collins, Joseph Dearie, John J. Kane, Richard McAllister, Thomas Murphy, Al G. Nolan and John Thomas, Carbondale; Kenneth Greenfield and Robert Rist, Taylor; Patrick Kane and Paul Perechinsky, Jessup; Richard Muehleisen, Jermyn; Gustave Naring, Honesdale; and Dominick J. Nicolio, Mayfield.

Special Police: Carlo Artone, Cedric C. Chubb, James J. Coleman, William Coleman, Francis X. Dottle, William J. Fortuner, Martin McDonough, Francis Mendicino, Lester Merritt, Arthur Miley, Nicholas H. Rosler, Dan Gilleran, James McDonnell, Anthony Sposito, Carbondale; and Robert J. Vladika, Archbald.

Constables, (Special Police): Vincent Connell, Thomas P. Jones, Russell Scavo, Carbondale; Joseph Naticak, Carbondale Township; Edward Callahan and Thomas Walsh, Jermyn; Andrew Mcholic and Vincent Paone, Archbald; Charles H. Horton, Clifford; John Lenio, Forest City; Joseph McAlla, Forest City; and John M. Naholnik, South Canaan.

Others who received diplomas were County Detective Roland Munley, Private Detective James W. Toolan; Game Warden Robert Judge and Juvenile Officer William J. Greene, all from Carbondale.

Special Agents of the Federal Bureau of Investigation were the instructors.

John F. Malone
E. J. [unclear]
John F. Malone & SLOAN
HENRY L. SLOAN

By letter 12/12/60 SA requested that his transfer from Chicago to Oklahoma City be canceled. is the agent who accidentally shot himself in the foot with a Derringer when it fell from a holster he had clipped to his belt. He was going to a hotel bar after work about 1:30 a. m. for a drink when this occurred. As a result, he was transferred to Oklahoma City.

In his letter, states his condition is improved although additional treatment will be necessary. He expresses sorrow and regret for the accidental discharge of a weapon. He states he was introduced to the Derringer during In-Service in November, 1960, and purchased it for use in physical surveillances where concealment was necessary. He received the Derringer on 11/21/60 and desired to wear it and fire it at the earliest opportunity to see if satisfied. He recalled that when permission was requested to carry a Colt Detective Special several years ago, SAC had suggested he wear and fire the gun to acquaint himself with its operation and then request SAC authority. He stated next opportunity to fire gun was during first week of December and thus he had not yet requested permission of SAC to carry Derringer. He wore Derringer on 11/25/60, night of accident, to check concealment features. He states holster and gun were defective, permitting accidental discharge.

felt confident gun was of good quality and recommended for Bureau purposes, stating he was advised by instructors at Quantico that contact was available to buy such guns and that gun offered advantage of concealment while retaining firepower of a .38 caliber. He stated number of agents had purchased the gun through dealer who shipped guns directly to FBI Academy and that on receipt at Quantico guns were physically examined by the gunsmith and were then forwarded to the agents who had purchased them. He stated the gun was demonstrated to him at Quantico and gunsmith advised he had found Derringer to be a satisfactory firearm. He had no immediate intention of using gun for normal Bureau business but intended to wear gun when surveillances made concealment necessary. Atmosphere of Chicago and frequent street crimes prompted him to wear Derringer on night of accident. He alleged safety on gun and firing pins operated satisfactorily prior to accident.

Memorandum Mr. Tavel to Mr. Mohr

Re: [redacted]

[redacted] pointed out in September, 1959, he requested transfer to Detroit because of hardship and that he was transferred to Chicago instead to assist his problem. He was able to visit mother's home and assist with repairs. His sister moved to North Carolina in January, 1960, and his mother developed complete paralysis of back in August, 1960, due to arthritis. She was hospitalized but later released and continues to work. [redacted] obligated himself to two-year lease on apartment in August, 1960, which requires \$110 (one month's rent) forfeit plus 10 per cent of rental for each month remaining on unexpired lease. He requests to be allowed to remain in Chicago to prevent further hardship to his mother who cannot understand his transfer to Oklahoma City which will prevent family visits but states that if Bureau needs require, he will proceed to Oklahoma City at earliest possible date.

All firearms instructors and gunsmiths at Quantico deny they introduced the Derringer to [redacted] or anyone else, state they had never commented favorably or otherwise on its features; had not indicated it was approved for Bureau use; had not demonstrated it to [redacted] or anyone; or test fired it for any agents.

Had they ever made a comment in favoring such a gun for agents?

SA Gilliland, who is under transfer because of his purchase of this gun for [redacted] states that [redacted] approached him inquiring concerning it and he did not introduce [redacted] to the gun or recommend it for Bureau use. He made no comments concerning its advantages of concealment but indicated he could secure the gun through a California dealer who shipped the guns to gunsmith [redacted] at Quantico. [redacted] has a Federal firearms license and this method of handling resulted in savings on express charges. [redacted] states he inspected a few pistols on the initial shipment and found them mechanically safe to fire but never advised any one gun was safe to carry as a side arm. He did not examine weapons on subsequent shipments and does not recall discussing the Derringer with [redacted] has stated the Derringer is not safe to carry due to its lack of a safety and considers it strictly a collector's item. The gun has no separate safety device but simply a half cocked position which is apparently what [redacted] referred to as a safety. Firearms instructor of [redacted] In-Service class recalls specifically that at no time during firearms session was any mention made of the Derringer. None of the firearms instructors or gunsmiths own Derringers and none are maintained in the collection of firearms at the Academy. The Derringer is not discussed in connection with firearms training. Gilliland states that he did take his personally owned Derringer to Quantico for agents to look at upon their requests on several occasions but did not fire it and does not recall showing it to [redacted]

Agents state instructors at Quantico should confine themselves to purposes for which they are assigned & not indulge in other activities.

X

Memorandum Mr. Tavel to Mr. Mohr

Re: [redacted]

[redacted] did request transfer to Detroit in September, 1959, to assist his mother in maintenance at home and help guide his young sister. Detroit did not need agents and he was transferred to Chicago from Knoxville. [redacted] is single.

Although [redacted] infers that his reason for carrying the Derringer at the time of accidental discharge was due to recommendation of the gun by firearms instructors at Quantico, they have categorically denied making such recommendation and it appears that [redacted] is simply trying to excuse his poor judgment. His personal problem does not appear to be a severe one and, in view of the circumstances of the accidental discharge, I feel no change should be made in the action taken.

Maybe no. The instructor's report has been
RECOMMENDATION: *an agent should be assigned for field work in Detroit. He would be a good fit.*

That [redacted] be advised that it will not be possible to change his transfer and that he should proceed without further delay to Oklahoma City.

*1. Right
2. In my opinion, [redacted] is a person in which I am sure you will find a very good fit. With letters to Malone & DeLoach. If you wish to assign him to Detroit, please advise me. I will check up on his private life. You may have heard about several persons in Detroit. H*

PERMANENT BRIEF OF PERSONNEL FILE OF SA [redacted] ATTACHED

Separate memo being submitted

December 12, 1960

PERSONAL

**Mr. John F. Malone
Federal Bureau of Investigation
Washington, D. C.**

Dear Mr. Malone:

I have been advised of the results of the inspection of the Training and Inspection Division, which has just been completed, and wish to advise you that the various categories were rated as follows: Contacts - Excellent; Physical Condition and Maintenance, General Operations, Personnel Matters - Very Good; Administrative Operations - Good.

The Inspector has instructed you to inquire concerning purchase of a spreader to be used at the Firearms Ranges to spread fertilizer and other material necessary for proper care of grass areas. This should be done promptly. Your personal attention should be given to the contemplated installation of a new air-conditioning and heating system in the Academy Building, and you should insure there is no delay in the outside work such as installation of storm sewers, grading and paving, and a new driveway. When the construction work has been done, you should take steps to have the office of the Special Agent in Charge redecorated and to replace certain of the present outmoded furniture and fixtures. A severe shortage of storage space was noted at the Academy. The construction of the new warehouse building in the range area should overcome this difficulty. The deficiencies which the Inspector has called to your attention concerning minor repairs and painting required, both at Quantico and your space in Washington, D. C., should be handled promptly. As part of the inspection and during a security test check of your space in the Justice Building, it was possible for an employee wearing a false pass to enter one room of

RECEIVED
FEDERAL BUREAU OF INVESTIGATION
DECEMBER 13 1960

WSH:bak (6)

(1) Personnel File of John F. Malone
Based on memo Inspector W.S. Hyde to Mr. Mohr, 12/8/60 WSH;n

Mr. John F. Malone

your space without challenge. Nothing was obtained by this individual, but the fact that he was able to enter and leave without challenge indicates a condition which you personally must correct. It was further noted during a check of your space a key to a locked cabinet containing official material was left in an unlocked drawer of an unattended desk. You must impress firmly upon your employees the consequences of such carelessness.

Necessary action is being taken to bring the Inspection Staff and the Permanent Inspector's Aides to their authorized strength. The offices at Honolulu and Tokyo have not been inspected in the past year. They had been scheduled for inspection in October, 1960, but it was necessary to postpone this until March, 1961, due to an emergency requiring presence of the Inspector elsewhere. This schedule should be followed.

You should insure that there is at least one on-the-spot check of each Inspector, or other individual conducting field inspections, made once a year by yourself, your Number One Man, or the Inspector in Charge of the Inspection Section. This is necessary in order that these men, and their capability, enthusiasm, and qualifications for further advancement and responsibility may be evaluated. In addition, during the course of an inspection, if an undesirable trend is noted, such as in a particular category of statistic or type of case, a write-up on that trend should be placed in the inspection administrative memoranda and listed in the table of contents for that inspection. This will call the attention of future inspectors to this particular situation. I know you have done this on occasion, but wider use appears warranted.

It is of the greatest importance that there be a constant evaluation of the instruction program, in order that all material presented is timely and the presentation holds the interest and attention of the class members. I consider this one of the more important aspects of your division's activity. It was noted that occasionally the project of initially preparing training documents is delegated to the field. While a monthly report is rendered concerning the status of such projects being handled at Seat of Government, no such information is available on those assigned to the field. Hereafter, you should insure that such information is available on the delegated projects, not only to insure there is no delay in bringing them to early completion, but for the information of yourself and other Bureau officials.

Mr. John F. Malone

You should remove from the dues index of inactive National Academy Associates, the cards of deceased members in order that this index shall reflect a current active status. There must be constant study and evaluation of all aspects of the National Academy program. It is your duty to insure that this program maintains the highest standards and is the unquestioned leader in its field of local law enforcement training.

The decrease in the number of suggestions received at the Bureau from an average of about 76 per month in Fiscal Year 1960 to an average of about 56 per month during the first five months of Fiscal Year 1961, is significant. The Inspector feels that under present procedures, whereby all suggestions submitted must be forwarded to the Bureau, there exists the possibility of some hesitation on the part of many to submit items of purely local interest. As instructed by the Inspector, you should maintain statistics for the balance of the 1961 Fiscal Year as to suggestions received which are applicable only locally in the submitting division or office, and which would have been formerly handled on that level by streamlining committees. When these figures have been completed and analyzed, you should advise as to the conclusion reached and whether or not it appears desirable to restore to office or division streamlining committees formal authority to approve or reject such items of only local effect.

During an eight-week period the mail emanating from your division contained errors in two weeks and six weeks were error free. You must continue to emphasize the need for accuracy in order that all errors can be avoided. The stenographic and typing production average in the Training and Inspection Division was above the average for the Seat of Government. It was noted that the only available overall average for comparison resulted from a survey conducted in July, 1959. As instructed by the Inspector, you must take immediate steps to conduct a current survey in order that up-to-date figures may be available for production comparison purposes. On a trial basis, the survey in connection with Executive Order 10501, which has heretofore been made every two months, should be made on a quarterly basis to determine whether it would be feasible to reduce the frequency of such checks and the work required in connection therewith.

Mr. John F. Malone

The Inspector considers the morale in your division to be excellent. No abuses were detected in connection with voluntary overtime in the division and it was noted it was equitably shared and compared favorably with that of the Seat of Government as a whole. I consider the twelve letters of censure directed to personnel of your division since January 1, 1960, to be excessive. Each was a matter which could have been avoided by the exertion of better judgment and care.

Your request for the assignment to your division of two Special Agents, one clerical employee, and one Electronics Maintenance Technician has been given every possible consideration. The need for the Electronics Maintenance Technician for use in maintenance and training at the radio stations and to serve as alternate in maintenance of equipment at the Bureau relocation site, is considered justified. Review of your request for an additional clerical employee for assignment to the division front office was made and it was concluded that the work load presently existing is not adequate to justify approving your request at this time. The conclusion has also been reached in connection with the request for two additional Special Agents that the need of the division is not sufficiently urgent to warrant favorable action now. Any such Agents assigned would need to come from the field. The steady increase in the field averages of voluntary overtime, case delinquency, and cases assigned per Agent, would indicate an urgent need in the field for the services of every Agent.

Your liaison and contact program was noted to be of high quality and productive. You must continue your efforts to assure that this high level of achievement is not only maintained but improved.

The list of suggestions and instructions which was left with you by the Inspector with regard to items noticed during the course of the inspection should be given your personal attention and taken care of as quickly as possible. You should advise the Bureau when this has been done.

Sincerely yours,

John Edgar Hoover
Director

READING ROOM

Mr. John F. Malone
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Malone:

I am seriously concerned with the situation which has been found to exist in the Training and Inspection Division involving the procurement of firearms at special prices for the personal use of FBI employees. I note that these weapons were shipped to the Small Arms Inspector at Quantico and some of them were inspected by that employee. These activities were entirely improper and should be discontinued at once.

I am not satisfied with the manner in which the FBI Academy is being run. Henceforth, all of the employees are to confine their activities to their official duties, and you and Special Agent in Charge Sloan should make certain that they are fully occupied by those duties.

432

Very truly yours,

The following is a brief summary concerning Mr. Malone for the Director's use. Mr. Malone was designated Assistant Director of the Training and Inspection Division on 12-30-59.

Mr. Malone entered on duty as a Special Agent on 5-4-42, and has served as Assistant Special Agent in Charge of the Cleveland Office and as Special Agent in Charge of the San Diego, Louisville, Chicago, and Los Angeles Offices. On 9-30-57, he was transferred as Number One Man in the Training and Inspection Division and was subsequently designated Inspector-in-Charge, Training Section of the Training and Inspection Division. He was designated Assistant Director of the Training and Inspection Division on 12-30-59. He is 50 years of age, is married, and has no children. He is in Grade GS-17, \$17,310 per annum.

On 3-31-60, Mr. Mohr rated him SATISFACTORY.

The Director saw Mr. Malone when he called on 9-25-59, to express his appreciation for his designation as Number One Man and Inspector-in-Charge of the Training Section of the Training and Inspection Division. The Director stated he made an excellent personal appearance and would rate him as superior in ability. The Director discussed generally with him his concern about the operations of the Training and Inspection Division and the need for leadership, initiative, and imagination, which had been grossly lacking.

During an inspection of the Training and Inspection Division in November, 1960, Inspector Hyde stated he possessed a very fine personal appearance. He had an excellent personal working knowledge of many of the functions of the division and he also had made it a point to become thoroughly familiar with all functions of the division since assuming the position of Assistant Director. He was equitably sharing the workload of the division and had been most effective in contacts made with individuals outside the Bureau. He was affording positive guidance and leadership to the division and made it a point to keep currently informed of all phases of the division's work. The various functions of the Division were rated as follows: Physical Condition and Maintenance, General Operations, Inspection Operations, and Personnel Matters were rated Very Good; Training Operations and Administrative Operations were rated Good; and Contacts were rated Excellent. By letter dated 12-12-60, he was advised of the results of the inspection. By letter dated 12-14-60, he advised the Director that he had reviewed the results of the inspection and

9 JAN 20 1961

RE: JOHN F. MALONE
Training and Inspection Division

that the instructions and observations of the inspection were being meticulously followed.

Mr. Malone was last COMMENDED on 12-12-60, for the outstanding attitude he exhibited in reporting for duty on this date despite the extremely hazardous travel conditions in the area. He was last CENSURED on 12-27-60, as a result of a situation which was found to exist in the Training and Inspection Division involving the procurement of firearms at special prices for the personal use of FBI employees. In addition, the Director stated he was not satisfied with the manner in which the FBI Academy was being run and henceforth, all employees were to confine their activities to their official duties and he and Special Agent in Charge Sloan should make certain that they are fully occupied by those duties.

As of 1-60, he did not list an office of preference.

His daily average overtime for the past six months is as follows: June, 1960, 3 hours 31 minutes; July, 2 hours 40 minutes; August, 4 hours 4 minutes; September, 3 hours 15 minutes; October, 4 hours 8 minutes; November, 3 hours 24 minutes, thereby exceeding the Division average four of the past six months.

b6

Mr. Malone is within the desirable weight limits.

He was designated Assistant Director of the Training and Inspection Division on 12-30-59. He is 50 years of age, is married, and has no children. He is in Grade GS-17, \$17,310 per annum.

On 3-31-60, Mr. Mohr rated him SATISFACTORY.

The Director saw Mr. Malone when he called on 9-25-59, to express his appreciation for his designation as Number One Man and Inspector-in-Charge of the Training Section of the Training and Inspection Division. The Director stated he made an excellent personal appearance and would rate him as superior in ability. The Director discussed generally with him his concern about the operations of the Training and Inspection Division and the need for leadership, initiative, and imagination, which had been grossly lacking.

During an inspection of the Training and Inspection Division in November, 1960, Inspector Hyde stated he possessed a very fine personal appearance. He had an excellent personal working knowledge of many of the functions of the division and he also had made it a point to become thoroughly familiar with all functions of the division since assuming the position of Assistant Director. He was equitably sharing the workload of the division and had been most effective in contacts made with individuals outside the Bureau. He was affording positive guidance and leadership to the division and made it a point to keep currently informed of all phases of the division's work. The various functions of the Division were rated as follows: Physical Condition and Maintenance, General Operations, Inspection Operations, and Personnel Matters were rated Very Good; Training Operations and Administrative Operations were rated Good; and Contacts were rated Excellent. By letter dated 12-12-60, he was advised of the results of the inspection. By letter dated 12-14-60, he advised the Director that he had reviewed the results of the inspection and that the instructions and observations of the inspection were being meticulously followed.

RE: JOHN F. MALONE
Training and Inspection Division

Mr. Malone was last COMMENDED on 12-12-60, for the outstanding attitude he exhibited in reporting for duty on this date despite the extremely hazardous travel conditions in the area. He was last CENSURED on 12-27-60, as a result of a situation which was found to exist in the Training and Inspection Division involving the procurement of firearms at special prices for the personal use of FBI employees. In addition, the Director stated he was not satisfied with the manner in which the FBI Academy was being run and henceforth, all employees were to confine their activities to their official duties and he and Special Agent in Charge Sloan should make certain that they are fully occupied by those duties.

As of 1-60, he did not list an office of preference.

His daily average overtime for the past six months is as follows: June, 1960, 3 hours 31 minutes; July, 2 hours 40 minutes; August, 4 hours 4 minutes; September, 3 hours 15 minutes; October, 4 hours 8 minutes; November, 3 hours 24 minutes, thereby exceeding the Division average four of the past six months.

b6

Mr. Malone is within the desirable weight limits.

SUBJECT: J. F. MALONE
 Assistant Director
 Training and Inspection Division
 PHYSICAL CONDITION

Miss Goode

On 12-16-60 Mr. Malone was given his annual physical examination at the U. S. Naval Hospital, Bethesda. The medical examiner noted a small sebaceous cyst on his scalp in the right occipital region. The medical examiner noted that although this is without symptoms Mr. Malone informed him that it becomes bruised when he attends the barber. The medical examiner has noted on the report his request to the Surgical Department at the Bethesda facility to examine this growth and advise if it appears to require surgical removal.

Mr. Malone advised Personnel Section that although he would be available between now and 3-8-61 to have this growth removed, he is scheduled to attend the National District Attorneys' Conference from 3-8-61 through 3-11-61. It was ascertained from the medical examiner who wants to hold the medical report until this aspect is resolved, that it might become necessary if surgery is found to be warranted to remove a substantial portion of Mr. Malone's hair in the growth area. At Mr. Malone's request, deferment of this matter until sometime after 3-13-61 was discussed with Dr. Graham R. Johnston at Bethesda. He advised that no harm would ensue postponing the examination by the Surgical Department until sometime around the middle of March, 1961.

* Accordingly, the Physical Examinations Office will obtain a date for Mr. Malone to have this additional portion of his examination completed sometime on or about 3-16-61 consistent with Mr. Malone's commitments at that time.

Mr. John Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

This is just a note to tell you that I have received my performance rating of Satisfactory for the past year. To say the least, I am ashamed that it was necessary for you to afford me this rating. In reviewing the past year's record of the Training and Inspection Division as well as my personal performance, I feel fully cognizant of the weaknesses that brought about this rating.

I want to assure you that no stone will be left unturned during the coming year to produce the standard of performance you expect of your officials. I hope that by so doing, my next year's record will be something I can be proud of.

Most respectfully,

John F. Malone

TO : MR. MOHR

DATE: April 17, 1961

FROM : MR. J. F. MALONE *JFM*

SUBJECT: ERROR IN CORRESPONDENCE

Callahan

Under date of April 14, 1961, I dictated a memorandum in regard to Paul Tackett, Judge, Albuquerque, New Mexico. While the memorandum was being transcribed by the stenographer, in the interest of time I prepared a rough draft of a letter ^{dated 4/17/61} on the same subject for the Attorney General. In so doing, I inadvertently copied the wrong time of arrest of Tackett at Tucson from my notes. It should have been 3:00 AM. rather than 3:30 A. M.

I did not notice the error in reviewing the finished memorandum and letter. The error is regretted.

RECOMMENDATION:

That I be censured for the error which appeared in this outgoing correspondence in accordance with our present regulations.

PERSONAL

Dear Malone:

It is a real pleasure to write this letter sending congratulations and best wishes on your Nineteenth Anniversary with the Federal Bureau of Investigation. You, of course, are aware of the heavy responsibilities which we face and your assistance and dedication in meeting these responsibilities have been outstanding. Yours has indeed been an envious record and I am looking forward to having the benefit of your services for many years to come. My very best to you on this special occasion.

Sincerely,

~~XXXXXXXXXXXXXXXXXXXX~~

Mr. John F. Malone

Dear Mr. Malone:

It has been noted that a letter dated April 17, 1961, prepared by you and directed to the Attorney General contained an error. You were at fault in failing to make certain that this item of correspondence was free of error.

In the future, you should give more careful attention to the preparation and review of such correspondence so that mistakes of this type will be avoided.

Very truly yours,

J. Edgar Hoover

TO : Mr. Callahan

DATE: May 2, 1961

FROM : C. R. Davidson *CRD*

SUBJECT: JOHN F. MALONE
 Assistant Director
 Training and Inspection Division
 PHYSICAL CONDITION

This memorandum is to report the completion of the physical examination on Mr. Malone at the U. S. Naval Hospital, Bethesda, Maryland.

My memorandum to you dated 2-7-61 reported that during the course of the examination the medical examiner noted a small sebaceous cyst on Mr. Malone's scalp and he was advised to have it examined by a plastic surgeon at that hospital. I also pointed out that there would be a delay in the completion of his examination because of previous commitments.

The cyst was removed by a plastic surgeon on 3-14-61. The surgeon noted two small lesions on the upper and lower right eye lid. These lesions were removed on 3-28-61 and sent to the Pathology Laboratory for a diagnosis. Mr. Malone was advised to return on 4-6-61 for post-operative care.

On 4-6-61 Mr. Malone was advised that the wound was well healed but he was sent to the Dermatology clinic because it was felt that the lesion on the lower eye lid was caused by chronic dermatitis. The Dermatology doctor advised Mr. Malone on 4-20-61 that since the wound had healed, it was decided not to treat at that time. He was told that if there should be any question in his mind as to recurrence of the lesion he should return to that clinic.

RECOMMENDATION:

None. For information only.

Memorandum Davidson to Callahan
RE: John F. Malone
Physical Condition

WMA
of nt
ADDENDUM RCM:lmb 5-2-61

Mr. Malone advised the Physical Unit this morning that he was experiencing a "twitching" sensation in the right eye which proved to be quite bothersome. Dr. Klein was advised of Mr. Malone's situation and it was arranged to have Mr. Malone see Dr. Klein, Plastic Surgeon at the U. S. Naval Hospital, Bethesda, Maryland (Dr. Klein originally performed the surgery on Mr. Malone), at 2:30 p.m. this date.

Dr. Klein advised that Mr. Malone is allergic to catgut sutures (a type suture inserted underneath the skin that is dissolvable over a period of time). Accordingly, the area that had previously been operated on for the removal of a sebaceous cyst was reopened and the catgut suture was removed and the opening again closed. Dr. Klein also advised that Mr. Malone might have to return for the removal of a catgut suture in another area over the right eye; however, there is no evidence that there is any inflammation present in that area at the present time and he did not feel it necessary to open it.

TO : Mr. Mohr

DATE: June 6, 1961

FROM : J. F. Malone *JFM*

SUBJECT: EXPLANATION RE FAILURE TO PREPARE BIOGRAPHICAL CARD ON DEPUTY ATTORNEY GENERAL WHITE AND LATE SUBMISSION OF POST GRADUATION THANK YOU LETTER TO DEPUTY ATTORNEY GENERAL WHITE

John F. Malone

The Director asked for an explanation concerning failure to prepare for his graduation folder a 5 x 8 biographical card on Deputy Attorney General Byron R. White who is giving out diplomas. Mr. Tolson also asked for an explanation regarding the late submission of a proposed letter to Deputy Attorney General White dated June 7, 1961, thanking him for his participation in the graduation exercises.

Inspector J. S. ~~Rogers~~ *H. L. Edwards* who supervises the preparation of the Director's folder advises that failure to prepare the biographical card on Deputy Attorney General White was inadvertent for which he can advance no justifiable excuse. Mr. Rogers maintains a check list and administrative tickler in connection with the preparation of this folder but it is apparent now that these devices are not sufficiently detailed to serve as an item by item double check. For example, the check list is too general on the subject of biographical cards and Mr. Rogers felt that all biographical cards had been included in the folder. Inspector Edwards, who supervises the Training Section, and I similarly were at fault for not making an item by item check, but relying on the assurance that the folder was complete. To correct this, I have instructed Inspector Rogers to prepare a detailed, complete, item by item check list for the future; in addition, when the folder comes through for review and approval from Mr. Rogers, I have instructed that hereafter the check list be attached to the folder so that all reviewing and approving personnel will have the opportunity to verify the completeness of the folder.

In explanation of the failure to submit the proposed letter to Deputy Attorney General Byron R. White until 6/6/61, here again, Mr. Rogers felt that he had prepared a letter to Mr. White and it was not until [redacted] had inquired of him on the morning of 6/6/61, that he double-checked and found that the letter to White which had previously gone through for approval was one over the signature of the Class President (a customary practice) which Inspector Rogers had dictated. Immediately after double-checking, Mr. Rogers prepared a proposed letter over the Director's signature to Mr. White which he sent through on the morning of 6/6/61. He has a check list for necessary letters to

Memorandum to Mr. Mohr

Re: Explanation re Failure to Prepare Biographical Card on
Deputy Attorney General White and Late Submission of
Post Graduation Thank You Letter to Deputy Attorney General White

be prepared but it now becomes apparent this is too general. I have instructed him to hereafter maintain a detailed item by item check list for letters in connection with the graduation and to furnish Inspector Edwards and me with copies of this check list so that we can follow this matter in the future.

I am at a loss to add anything further to the above explanation. I realize it doesn't help matters concerning the present slip-ups to indicate what is a fact, that this is the first of forty consecutive sessions that Mr. Rogers has handled these matters that there has ever been an item omitted from the Director's folder or a slip-up in preparing a thank you letter amply in advance. The fact that it occurred this time highlights the need for a more specific check list. Instructions have already been issued for the preparation of such a check list in the future. I assure you that failure of this sort will not happen again.

RECOMMENDATION:

That Inspectors J. S. Rogers, H. L. Edwards and myself be censured for these deficiencies.

Mr. John F. Malone
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Malone:

The handling by the Training and Inspection Division of the arrangements for the recent FBI National Academy graduation exercises was most unsatisfactory. No biographical card was prepared on Deputy Attorney General Byron R. White who presented the diplomas and no letter thanking Mr. White for his participation was submitted until inquiry was made regarding this omission. These lapses were inexcusable.

It is your responsibility to insure the proper functioning of your division and I shall expect you to make certain that the necessary steps are taken to prevent similar failures in the future.

Very truly yours,

J. Edgar Hoover

Dear Mr. Malone:

You reviewed and approved a memorandum submitted by one of your subordinates concerning Special Agent [redacted] who was then assigned to the Oklahoma City Division. This memorandum indicated that there had been a failure to completely and adequately explore an allegation which Special Agent [redacted] had made against his Special Agent in Charge and your failure to take appropriate action to remedy this serious defect was inexcusable.

Dear Mr. Hoover:

This is to apologize to you for making it necessary for you to censure me and place me on probation for failure to insure that all of the Special Agents being sent to the field from training school measure up to the standards expected of our Agents.

I want to assure you that remedial steps have already been taken and I hope that it will never be necessary for you to call matters of this nature to my attention again.

Respectfully,

John F. Malone

RE: SA John F. Malone, Assistant Director
(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name	Mrs. Margaret G. Malone	Relationship	Wife	Date	7/24/61
Address	3513 Valley Drive, Alexandria, Virginia				

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty.

Name	Mrs. Margaret G. Malone	Relationship	Wife	Date	7/24/61
Address	3513 Valley Drive, Alexandria, Virginia				

Very truly yours,

John F. Malone
Special Agent

The Director has asked why Inspector R. K. Moore failed to make a penetrating and full investigation of all allegations by [redacted] and [redacted] and why when Moore's report was received at headquarters these defects were not noted. The Director has also asked whether there were any other matters alleged by [redacted] that Moore did not look into.

Inspector Moore's memorandum of 6-26-61 setting forth the reasons why he felt that it would be inadvisable to make any inquiries outside the Bureau regarding Turner's allegation that SAC Grapp had been stopped for speeding is attached. Briefly, Inspector Moore points out that the other allegations which [redacted] had made against the SAC had been shown to be unfounded, SAC Grapp had denied that charge and his driver's license contained no notation of any citation for a speeding violation as required by law. Inspector Moore telephonically discussed the problem with Assistant to the Director Mohr at the time and recommended that the outside inquiry not be conducted. Mr. Mohr has advised that he concurred, particularly in view of the facts that SAC Grapp had denied the allegation and the other charges had been determined to be unfounded. Inspector Moore observes that he exercised his best judgment under the circumstances and pursued the course of action which he felt at the time was in the Bureau's best interest.

MO was certainly in best judgment. H

Following conclusion of his inquiry, Inspector Moore submitted a memorandum dated 2-7-61 (also attached) setting forth the results of his inquiry regarding [redacted] and recommending disciplinary action which was approved and taken. In this memorandum Inspector Moore set forth in the synopsis that no outside investigation was deemed advisable regarding the speeding complaint in view of the fact that the other allegations made by [redacted] had proven to be unfounded. In the details of this memorandum the basis for not conducting the outside investigation was set out in detail. You have advised

3/20

that in view of the fact that it was the judgment of Inspector Moore who was on the scene and who had conducted the investigation that no outside inquiry be made in this instance, with special reliance on the facts that SAC Grapp had denied the charge and the other charges had been found to be unfounded, you concurred in the Inspector's judgment. Mr. Mohr has indicated that he concurred for the same reasons. Mr. Malone who is out of town today is being telephonically contacted for his explanation in this matter.

In answer to the Director's second question, Inspector Moore has advised that there were no other matters alleged by [redacted] that the Inspector did not check into. Each time [redacted] made an allegation against the SAC, [redacted] was requested to reduce it to writing, which he did in each case including the speeding allegation, and in each instance the allegation was checked out by the Inspector.

[Handwritten initials]

*MM
6/27*

*MM
6/27*

MM

It is obvious that this allegation should have been fully explained

6/27

← I certainly agree. There was a good deal of a "truly" problem agent facing allegation made by [redacted] which had been ingited down. The failure to do so has caused [redacted] time & money since we have had to send Edwards to Miami to interview [redacted] Grapp, Mohr, Callahan & Moore are to be severely censured for their poor judgment. If Malone was involved the like-wise is to be so censured. H

Mr. Malone approved Mr. Mohr's memo of 2/7/61

September 5, 1961

PERSONAL

Mr. John F. Malone
Federal Bureau of Investigation
Washington, D. C.

SEP 5 4 00 PM '61
F. B. I.

Dear Mr. Malone:

Serious deficiencies have been noted in the personal appearance and personality of a number of new Agent trainees and it is apparent that proper steps were not taken in your division to insure that all of the Special Agents being sent to the field from training school would measure up to the standards expected of our Agents and would make favorable impressions as FBI representatives. It was your responsibility to insure that these men were being adequately supervised and guided and that any necessary action was taken. You failed to do this.

Accordingly, you are being placed on probation. I shall expect you to take immediate steps to correct the weaknesses in the training of new Special Agents and to insure that the Bureau's representatives are personable and properly impressive when they are sent to the field.

On 8-29-61 and 8-30-61 I conducted individual interviews of each member of New Agents' Class #6 which entered on duty 6-12-61 to evaluate their appearance. Of the 48 class members interviewed, I am submitting separate memoranda setting out criticisms I had of 7 members of the class regarding their appearance or personality with appropriate recommendations for administrative action.

The class was divided into two groups with Counselors [redacted] and Sullivan each responsible for a specific group of agents constituting approximately half the class.

Briefly, of those agents for whom [redacted] was responsible, I criticized SA [redacted] because he needed a haircut. [redacted] stated he simply must have failed to recognize this and have it corrected. I pointed out that SA [redacted] is short (5'6") and does not have refined features. [redacted] agreed that [redacted] features are not particularly refined but stated that he had felt that [redacted] personality and apparent ability to handle the work compensated to some extent for his possible lack of refinement in appearance. I had criticized SA [redacted] since he had a very heavy head of hair which was worn rather long, bushy eyebrows, and an extremely heavy, dark beard. He looked like he needed a shave. [redacted] stated that he had pointed out in a report two weeks after the class entered on duty that [redacted] had a tendency to "5 o'clock shadow" but had not felt his hairstyle was unattractive. I told [redacted] that having recognized the problem of [redacted] beard, he should have followed to be sure that he was properly groomed and made the appearance of being clean-shaven. I criticized SA [redacted] on the basis that his features are homely and he was wearing a plaid suit at the time of the interview. [redacted] stated that he agreed that [redacted] was somewhat homely and felt that he had raised the issue in his six weeks' report when he stated that while [redacted] would not be considered handsome, he had a good appearance. I told [redacted] he should have been more specific in his characterization since to say that [redacted] was not handsome was an understatement, in

Memorandum to Mr. Mohr from W. S. Tavel
Re: SA [] SA William A. Sullivan

my opinion, and that he should have raised the issue of his facial features specifically since I noted that he had rather light eyes, full lips, and noticeably prominent ears. I also told [] he should have made certain that [] was more conservatively dressed. I criticized SA [] since [] has an extremely heavy, dark beard and at the time I interviewed him definitely needed a shave. [] also has a rather negative personality, says little, and it was necessary to draw him out during the interview. [] stated that he had pointed out in the six weeks' progress report that [] needed more drive, he had told [] so, and felt [] had made progress along this line. He stated [] had done well in practical case interviews.

Of those agents for whom SA Sullivan was responsible, I criticized SA [] since he has very prominent ears, pulls in his chin in a peculiar fashion, has deepset eyes, and a rather stiff and formal manner of speaking. Sullivan agreed that [] is a homely man and stated that in his two weeks' report he had pointed out that [] may not be described as handsome. He stated that in working with [] daily he had found him at ease and had not observed any formality and on an over-all basis his personality compensated for his appearance to the extent that he would be able to do a creditable job as an agent. I criticized SA Charles L. Sawyer, Jr., since he is of rather slight build and the fact that he has a rather thin face, wears glasses, has upper dentures, a rather quiet, retiring manner, and gives the over-all impression that he is not as aggressive and strong as he should be. Sullivan stated that he agreed that Sawyer was of slight build and pointed out that he had stated that Sawyer did not appear aggressive and forceful enough in an early written evaluation of him. He stated Sawyer was the only one in his group about whom he had any doubts and that his aggressiveness seemed to improve as training school progressed, he was excellent on paper work, and participated in good fashion in the practical case interviews.

Both Sullivan and [] were fully aware of their responsibility to evaluate the appearance and personality of the new agents under their supervision and stated that this had been pointed out to them by officials of the Training and Inspection Division. I told both of them that appearance was of paramount importance in evaluating new agents and that it was not enough for the man to be able to perform the work satisfactorily but that his appearance should also make him a creditable Bureau representative and that in those cases where some physical features were not correctable, that they should have specifically raised the question of suitability at an early date for the Bureau to resolve.

Memorandum to Mr. Mohr from W. S. Tavel
Re: SA William N. Preusse; SA William A. Sullivan

b6

Inspector R. K. Moore had also interviewed Special Agents [redacted] and [redacted] With regard to [redacted] Inspector Moore stated that he made a healthy, tanned appearance and is personable, but failed to mention the fact that his features are not particularly refined. He also concurred with SA [redacted]'s analysis of [redacted] and [redacted] stating that [redacted] had a lean look and while during the early part of the interview he seemed disinclined to initiate any subject matter himself, he was responsive to questions. Inspector Moore had suggested to him he could develop a bit more initiative and "carry the conversation" on his own to a greater extent. I feel that Inspector Moore should have been more accurate in his evaluation of these agents and more aggressive in seeing that the issue of their suitability was properly raised.

It is noted that SA William A. Sullivan was approved by memorandum of 8-10-61 to be temporarily assigned to the Permanent Aide Staff, Training and Inspection Division, on completion of his assignment as New Agents' Counselor on 9-8-61.

RECOMMENDATIONS:

b6

(1) That SA's Sullivan and [redacted] and Inspector Moore be censured for their failure to properly evaluate these agents from appearance and personality standpoints.

J.W.M. ✓
Mr John Mohr should also be strongly censured for his failure to properly supervise this program

Handled separately from Sullivan to Chicago & [redacted] to New Orleans

I recommend that Sullivan and [redacted] be transferred to the field

(2) That SA Sullivan not be assigned to the Permanent Inspector's Aide Squad upon completion of the New Agents' Class.

J.W.M. ✓
John F. For Malone and Edwards, also, I recommend censure and probation. Inspector Moore 873

TO : MR. MOHR

DATE: September 19, 1961

FROM : MR. J. F. MALONE

SUBJECT: FEDERAL AVIATION AGENCY
INQUIRIES CONCERNING TRAINING ASSISTANCE

JLC
H. C. ...
MOORE
STANDARD
by 2

The Director has inquired as to the reason for the delay in the transmission of a memorandum from Mr. Edwards to Mr. Malone dated August 31, 1961, to his office. The memorandum was dictated by Mr. Edwards 8/31/61, forwarded to Mr. Mohr 9/1/61 at 10:12 a. m. and received by Mr. Belmont 5:39 p. m. same date. Mr. Belmont objected to some of the language in the memorandum and it was returned to Mr. Mohr and me for appropriate changes on 9/5/61, the day after Labor Day. The changes were made per Mr. Belmont's suggestions and the memorandum was returned to Mr. Mohr on 9/6/61. At that time Mr. Mohr returned it to me and pointed out that there should be appropriate recommendations so that the Director could decide now what action could be taken rather than waiting for a call from the Federal Aviation Agency. Accordingly the recommendations were made as per the suggestion of Mr. Mohr and the memorandum was returned to him on 9/7/61 by routing slip, which is my custom in handling intra-Division memoranda.

Inquiry has determined that evidently the routing slip became detached inasmuch as the memorandum was received in the Routing Unit -- the Records Branch -- on 9/8/61. The memorandum was date stamped and the Division II routing stamp was placed thereon on 9/8/61 and since all required initials on its front page had been satisfied, the memorandum was processed through the Records Branch. Records Branch advises that if the required initials on the front page have been satisfied they do not look behind these initials to determine whether or not the mail is live. The processing of the mail was completed on 9/13/61 and the memorandum was returned to my office at 9:04 a. m. 9/14/61 to be initialed for filing through the Division stamp.

REC-147

67-231 147-450
 Searched _____ Numbered _____
 OCT 13 1961

Nothing apparently remained to be done except to initial it for the Division and route to persons interested in the contents. The memorandum came to my attention on 9/15/61 (Friday) for initialling through the Division stamp, at which time I noted the recommendations had not been initialed by Messrs. Mohr, Belmont, Tolson and the Director. I then placed a routing slip on the memorandum calling this to the attention of Mr. Mohr and directed it to his office, where it was received at 10:41 a. m., 9/18/61 (Monday) and was

JFM:wjm (3)

* TRAINING AND INSPECTION

Mr. J. F. Malone
9/18/61

Memo for Mr. Mohr
Re: Federal Aviation Agency

then sent through Mr. Belmont's and Mr. Tolson's offices prior to going to the Director at 4:08 p. m. that date.

RECOMMENDATIONS:

1. In view of the fact that it has not been possible to determine how the routing slip became detached from the memorandum on 9/7/61, which caused the memorandum to be prematurely directed to the Records Branch, it is recommended that no administrative action be taken.

with
Mr. Malone should be censured for not expediting this and following on it to see that it was properly and promptly handled.
John. Yes. N - V

2. Inasmuch as the Files and Communications Division is currently being inspected, it is recommended that this matter be referred to the Inspector to determine the soundness of the policy of processing mail with all required initials on its front page without checking behind the front page to see whether or not it is live mail.

October 16, 1961

Mr. John S. Malone
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Malone:

I was greatly impressed with the spontaneous and enthusiastic support given by Bureau personnel to the 1961 United Givers Fund campaign which formally began on October 2, 1961. As of October 5, 1961, we were over our quota with 101 per cent. In fact, we are now over 102 per cent and the pledges are still coming in. I was highly pleased upon learning that each division, as well as the Executive Offices and Washington Field Office, exceeded its quota. This, in my opinion, reflects most favorably upon the tremendous concern for others among my associates in the Bureau.

I want to take this opportunity to congratulate you and, through you, the members of your working committee, the Keymen and all of the individuals for their wonderful generosity and enthusiastic support of this worthy cause.

REC-147
Sincerely yours,

MAIL ROOM TELETYPE UNIT

October 20, 1961

Honorable John Hay Whitney
Editor and Chief
New York Herald Tribune
230 West 41st Street
New York 36, New York

Dear Mr. Whitney:

As a reader of the New York Herald Tribune, I would like to enter a vehement protest against the vicious columns John Crosby has been writing against all that is right and decent in this great democracy of ours. I am referring particularly to his column of October 2, when he viciously attacked Mr. J. Edgar Hoover and the FBI.

It was gratifying and certainly commendatory of your sense of fair play to print Mr. Hoover's excellent answer to Mr. Crosby's column. I noticed, however, that Mr. Hoover's letter was printed only in the Herald Tribune. I would like to suggest that this letter be released to all the papers which are members of the syndicate handling Mr. Crosby's column so that the readers of his column will have an opportunity to read Mr. Hoover's letter, better to see the shallowness and vilification contained in Mr. Crosby's column.

Sincerely yours,

Mr. John F. Malone
3513 Valley Drive
Alexandria, Virginia

October 20, 1961

Brigadier General David Sarnoff (Res. Ret.)
Director
National Broadcasting Company, Inc.
RCA Building, Radio City
New York 20, New York

My dear General:

On Monday evening, October 16, I was watching the Jack Paar show and one Henry Morgan was the guest. During the program he made unfounded snide and vicious statements concerning Mr. J. Edgar Hoover and the FBI.

I am the greatest respecter of freedom of the press and freedom of speech, but as a famous Justice of the Supreme Court once said, this does not give a person the right to go into a crowded theater and yell "fire."

It is most disheartening at this time of stress, a time when every force in this great country of ours should be pulling together to meet the crisis with which we are faced, to see such an irresponsible person misuse the right of free speech to vilify a person and an organization which through the years has proven to be one of the strongest bulwarks we have against Communism -- namely Mr. Hoover and the FBI. It is equally disheartening to learn that Jack Paar will have John Crosby on his show next week.

As you undoubtedly know, John Crosby recently released one of the most vicious nonfactual attacks against Mr. Hoover and the FBI that I have ever seen made. I do not see how NBC in all good conscience could permit Mr. Crosby to use its facilities to further carry on an unwarranted campaign

against all that is right and decent in this country. Knowing the high ideals and principles for which you stand, it certainly would be most gratifying if you would look into this apparent perversion of the good facilities of NBC.

With kind personal regards,

Sincerely,

Mr. John F. Malone
3513 Valley Drive
Alexandria, Virginia

Mr. John Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

On behalf of the Training and Inspection Division, I wish to thank you for your most generous and thoughtful offer to donate one of your enlarged autographed color photographs to the FBI Academy at Quantico for its recreation room. Nothing else could add more to that room or be more deeply appreciated by all the Bureau personnel who use this space.

May the approaching New Year bless you bountifully with all things worth while.

Respectfully,

John F. Malone

UNITED STATES GOVERNMENT

Memorandum

TO : MR. J. P. MOHR

DATE: 1/17/62

FROM : MR. J. F. MALONE *[Signature]*

SUBJECT: UNITED STATES ATTORNEY JOSEPH HOEY,
EASTERN DISTRICT OF NEW YORK
INSPECTION/MATTERS

Tolson	_____
DeLoach	_____
Callahan	_____
Conrad	_____
Evans	_____
Rosen	_____
Sullivan	_____
Tavel	_____
Trotter	_____
Tele. Room	_____
Ingram	_____
Gandy	_____

During inspections, the Inspector contacts the United States Attorney to determine the quality of the liaison between his office and the FBI. As you know, in New York there are two districts, the Southern District and the Eastern District of New York. Mr. HOEY is United States Attorney in the Eastern District, and Mr. ROBERT M. MORGENTHAU is United States Attorney in the Southern District of New York. I have already contacted United States Attorney MORGENTHAU, and the working arrangements and liaison between his office and the New York Office of the FBI are excellent.

In regard to contacting Mr. HOEY, you will recall that recently a personnel matter involving one of our agents in the New York Office arose, and the manner in which Mr. HOEY handled the matter could be interpreted as raising a serious doubt as to his real attitude towards the Bureau. It appeared that he prejudged the agent involved before any investigation was conducted. While my contacts with United States Attorney HOEY in regard to this matter have been satisfactory, it was felt that his approach to the handling of this situation could have been different and indicative of more trust in the FBI. Because of this, I do not plan to contact United States Attorney HOEY during this inspection.

 8 JAN 29 1962

Memo to MR. J. P. MOHR
RE: UNITED STATES ATTORNEY JOSEFY HOEY,
EASTERN DISTRICT OF NEW YORK
INSPECTION MATTERS

It should be kept in mind, however, that by not contacting Mr. HCEY during the inspection, he may be in a position to say at some future time that he was not given an opportunity to discuss any problems he may have had with the New York Office with the Inspector. During my contacts with Mr. HOEY, and during the inspection of the New York Office thus far, there is no indication of the existence of any such problems.

I don't understand what this means. A

Recommendations:

1. That Mr. HOEY not be contacted by me or anyone on the inspection staff.

Right. A

J.P.M.

2. If approved, no further action necessary since I plan not to contact Mr. HOEY unless advised to the contrary by the Bureau.

gpc

INSPECTION MATTERS

Malone

Re my memorandum 1/17/62 advising that during the current inspection of the New York Office no contact would be made by me with Mr. Joseph Hoey, United States Attorney, Eastern District of New York, if the Director approved. My reason for not making this contact was due to the manner in which Mr. Hoey handled a personnel matter involving one of our Agents in New York City which raised a serious doubt as to his real attitude towards the Bureau. In that memorandum I stated, "During my contacts with Mr. Hoey, and during the inspection of the New York Office thus far, there is no indication of the existence of any such problems." The Director stated, "I don't understand what this means."

This statement referred to the contacts I had with Mr. Hoey during the inquiry conducted concerning Special Agent William J. Watry of the New York Office. Hoey has not been contacted during the current inspection. I would like to point out that at the time of my conversation with Mr. Hoey during my inquiry into the Watry case I inquired of him as to whether he had any problems in connection with his relations with the New York Office, to which he replied in the negative.

RECOMMENDATION:

None informative.

UNLAWFUL FLIGHT TO AVOID PROSECUTION, ROBBERY
INTERSTATE TRANSPORTATION OF STOLEN MOTOR VEHICLE

JOHN F MALONE

As scheduled, Messrs. Malone and Dinsmore returned to Washington from Atlanta, today, arriving at the airport at 1:25 P. M. Pursuant to arrangements I had discussed with you I met the plane in view of the fact that we had received information this morning that Mr. Malone had contracted what appears to be a mild attack of virus or flu. I took Mr. Malone to his home and Mr. Dinsmore proceeded immediately via cab to the office and began preparation of the report.

Mr. Malone first experienced symptoms of this illness Sunday afternoon at Atlanta. He continued working until their inquiries in Atlanta were substantially completed Sunday night. After spending an uncomfortable Sunday night, he checked with one of the local doctors in Atlanta this morning who prescribed some medication and gave a tentative diagnosis of flu which appears to be going through the South right now.

Mr. Malone is hopeful that he will be improved tomorrow*. I will keep a close check with him to make sure that he gets anything he needs and that he doesn't prematurely return to the office.

Mr. John Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

During the inspection of the Training and Inspection Division, three items have come up which have caused you a great deal of concern. I wanted to drop you this note to let you know how genuinely regretful I am these things occurred.

We have all been working real hard trying to run the Training and Inspection Division as we feel you want it run, and had hoped we would have been in a position to prove this to you following this inspection. However, try as we may, we sometimes fall short.

I want you to know that I accept full responsibility for these derelictions. I have no excuses but did act in the best of faith in each instance. I can only ask the opportunity to straighten out these matters and to demonstrate to you that we in the Training and Inspection Division are capable of operating in the manner you expect of us.

With best wishes,

Respectfully,

John F. Malone

PERSONAL

Mr. John F. Malone
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Malone:

I have been advised of the results of the inspection of the Training and Inspection Division, just completed, and the various categories were rated as follows: Physical Condition and Maintenance and Inspection Operations - Very Good; Training Operations - Good; Administrative Operations and Personnel Matters - Fair; Contacts - Excellent.

I was pleased to note that the space assigned to your division was found in very good condition. You should insure that the few minor house-keeping deficiencies which were pointed out to you during the inspection and which have not yet been corrected are remedied as soon as possible. In accordance with the Inspector's instructions, you should insure that rollers instead of paintbrushes are utilized on a trial basis for painting at Quantico for reasons of economy and safety. You should also insure that the warning device suggested by the Inspector is installed as soon as possible across the access road at the Midland Radio Station to improve security by signaling the approach of persons or vehicles. The facilities at Quantico have undoubtedly been improved by the addition of new heating and air conditioning equipment and the new warehouse. These, together with other improvements such as the new "running man" target, off-street parking at the entrance to the Academy Building, and the lowering of the rear parking lot to eliminate possible water damage, reflect alertness in initiating desirable changes. I was also gratified to note that no delinquencies of a safety nature were found in the vehicles

Asst. Director W.S. Tavel, 2/12 - 3/1/62,

WST:jmr;neb

Mr. John F. Malone

assigned to your division and that operating and repair costs were lower than during the previous inspection. Since the Academy at Quantico is one of the show places of the Bureau, you should continue to insure that it is maintained in the best possible condition.

I was also pleased to learn that the new system of using permanent inspector's aides exclusively to conduct field inspections is being administered in an efficient manner and that inspections made since its adoption have compared favorably in thoroughness with those conducted under the previous system using field aides. At the same time, I understand that substantial savings are being effected in manpower under this system. Your division deserves credit for taking a leading role in promoting the institution of this new system. I note that all required inspections were conducted during the past year except two offices which were deferred due to a shortage of inspection personnel at the time and which are now under inspection. In the future you should make every effort to insure that all divisions are inspected at least once yearly. You should also insure that scheduling of inspections is properly coordinated with the Administrative Division in those instances where Special Agents in Charge may be due to come to the Seat of Government for Conferences or In-Service. As a result of the previous inspection, you were instructed that at least one unannounced spot check per year be made during inspections of each inspector by you, your Number One Man, or the Inspector in Charge of the Inspection Section. I note that five such spot checks were made by you and the Inspector in Charge in addition to the inspections which the two of you actually conducted and that you made observations during Seat of Government inspections; however, the Number One Man did not participate in such spot checks. In the future, he should assist in this program of spot-checking inspections. It appears that the Inspection Section is alert for new ideas and techniques and the adoption of preprinted forms and work papers has expedited the conduct of inspections. You should also use preprinted white administrative memoranda on a trial basis. Some minor form discrepancies were noted during the review of inspection reports, such as work papers filed out of order, and you should insure in the future that more care is exercised in this regard. You should also utilize preprinted dividers for major breakdowns of administrative memoranda and work papers, and you should be alert to detect and flag all undesirable trends in preparing future inspection reports. The Inspector suggested several amendments to the Inspector's **Manuals** and you should see that these are made.

Mr. John F. Malone

I note that there has been an increase in the number of employees receiving stenographic training, and the program initiated by your division to supply stenographic training material to the field should be of assistance to Special Agents in Charge. To insure that the field offices have adequate stenographic training programs, you should conduct a survey of the larger offices to determine what programs exist and whether these should be intensified. I notice also that there has been an increase in the number of police schools held and the number of training documents prepared, that the physical training program is functioning in a satisfactory manner, and that lectures monitored by the Inspector indicated that material was suitable and well presented. The preparation of a textbook on police administration which was considered during the previous inspection has received no further attention due to pressure of other work. You should initiate work on this project as soon as manpower becomes available. The Inspector found the field police manual contained an obsolete section, which was deleted. You should insure in the future that the manuals in your division are current and up to date at all times. You should also insure that the ticklers maintained by the National Academy Desk include all items necessary to be handled during National Academy Graduations and the manual change suggested by the Inspector requiring Special Agents in Charge to advise of 30-day contacts with National Academy Graduates should be promptly made.

I was most displeased to learn that a New Agent had been found twenty pounds overweight shortly after entering on duty and a memorandum was not promptly sent through bringing this matter to the Bureau's attention. In the future, whenever a New Agent is found to be overweight, a memorandum for his personnel file should be promptly prepared and submitted to the Bureau reflecting what action is being taken. You should also promptly make those changes in the working guide for New Agents' Counselors suggested by the Inspector and a list of policy questions and answers for the counselors' guidance should be added to this guide. In view of the fact that during the past year there have been two minor accidental gunshot wounds suffered by Agent trainees during firearms training at Quantico, you should continue to stress to the Firearms staff the absolute necessity for the most rigid safety measures being enforced. Your practice of interviewing each New Agent trainee to detect any possible deficiency in appearance or personality is a most desirable one and you should make certain in conducting these interviews that you are penetrating in your analysis and evaluation and that you take appropriate action to see that responsibility is fixed for any weaknesses noted.

Mr. John E. Malone

In view of the extreme importance of New Agent training, you should insure that the supervisor in charge of this training spends as much of his time as possible on this work consistent with his other duties. You should also see that reminders to the field on forms surveys are discontinued since field administrative ticklers are maintained. You should also discontinue filing replies to these surveys which contain strictly negative information. In the future, quarterly SAC Letters setting forth statistics on the Suggestion Program should also include figures for prior periods for comparative purposes and the savings broken down by each division should be set out to stimulate competition among the various divisions to submit more and better suggestions. I was pleased to note that there was no backlog in the flow of work through your division and that signature mail was being handled within the deadlines. You should give constant attention to the prompt handling and error-free preparation of mail. I was astounded to learn that instructions had been issued by your division that only urgent mail should be delivered after 5:15 p. m. Hereafter, you should accept all mail as long as anyone is in your front office. Minor errors were noted in the Time and Attendance records and you should insure that your Time and Attendance clerks are properly instructed to avoid such errors in the future. In the future, you are to include on the monthly project report training documents being edited, to provide closer supervisory control. You should also revise the weekly delinquency report to show National Academy Applicant investigations not summarized within five days of receipt. Pending work reports reflected that personnel of your division are fully occupied, but you should afford particularly close supervision to the Firearms Instructors to insure that their overtime is fully justified. You should also be alert to bring to the attention of the Crime Records Division any items of a human interest nature mentioned by In-Service Agents or National Academy Classes. Since training documents deal with a variety of law enforcement subjects, you should summarize a selected number of present and future documents in the form of articles for the Law Enforcement Bulletin. I was pleased to note that the program of monitoring and auditing lectures has produced constructive suggestions for their improvement.

The Inspector advises that with the exception of one additional inspector needed to bring your complement to its authorized quota, the personnel of your division is adequate but not excessive. I was gratified to learn of the large amount of blood donated by your division during the past year, but since a large percentage of this was given by New Agents, you should insure that no

John F. Malone

pressure is being exerted on New Agents to make such donations. The Inspector also noted that two wedding gifts had been purchased from your flower and recreational fund during the past year and that the bylaws for this fund permit disbursements for gifts for employees going on maternity leave. Such expenditures specifically violated Bureau regulations and should be discontinued immediately. You should also discontinue the collection of two dollars from each New Agent for this fund since the New Agents in any one class do not necessarily receive benefits commensurate with their contributions due to the brief time they are in training. In the future, this fund should be maintained strictly in accordance with Bureau regulations. You should insure that the wording of the bond covering employees handling the fund at Quantico is changed to specifically cover the SAC, ASAC, Chief Clerk, and Assistant Chief Clerk. The Inspector has advised that the attitude and morale of employees in your division appear excellent, but since only one recreational event was held during the past year, this program is obviously inadequate and you should devote your personal attention to seeing that additional emphasis is placed on expanding it.

The excellent contacts maintained by your division with law enforcement, educational, and training groups have certainly benefited the Bureau, and I was gratified to note that the number of speeches delivered during the past year has increased. You should continue to see that the contact program is aggressively pursued and that new contacts are developed.

In view of the weaknesses found by the Inspector in your division, particularly those in your administrative operations and personnel matters, you are being continued on probation. You must pay closer attention to procedures under your supervision, to insure that these weaknesses are corrected and that there is no repetition in the future.

The Inspector has left with you a copy of the administrative memoranda and work papers compiled during the inspection, and you should personally insure that the items noted as needing attention during the inspection are promptly handled. You should advise the Bureau when this has been done.

Very truly yours,

John Edgar Hoover
Director

NAME: JOHN F. MALONE

TITLE: ASSISTANT DIRECTOR

EOD: 5-4-42

GRADE: GS-17 @ \$17,570

ON PROBATION

ASSISTANT DIRECTOR TAVEL: Assistant Director Malone has been assigned to the Training and Inspection Division first as Number One Man on 9-29-57 and as Assistant Director of that Division since 12-30-59. He makes a very impressive personal appearance, is always exceptionally well groomed, and has a sincere, friendly personality which enables him to handle contact work particularly well. He has an intimate working knowledge of many of the functions of the Division since he had handled many of them prior to becoming Assistant Director and he affords close personal supervision to all phases of the activities of the Division. He is respected by the employees and it is obvious that he is interested in them. He is extremely conscientious, hard working, and devoted to the Bureau. He has the over-all responsibility, however, for certain weaknesses in administrative and personnel matters such as cutting off receipt of any but urgent mail after 5:15 P. M.; failure to promptly submit a memorandum on an overweight agent for Bureau's attention; and collection of \$2.00 each from new agents for the Division flower fund despite their relatively brief assignment to the Division.

RECOMMENDATION:

It was recommended in connection with the inspection report that Mr. Malone be continued on probation and continued as Assistant Director.

SYNOPSIS (Details Attached)

has retained a lawyer, Byron N. Scott, 925 Fifteenth Street, N.W., Washington 5, D. C., and Scott on 3/22/62 wrote me personally to request a written account of my 3/15/62 interview with when I told him he may have been guilty of fraud against the Government in falsifying investigative reports and of loafing when he was supposed to be working. Scott "suggests" that this interview was personal, not official, and implies that I slandered in the presence of others. Original of Scott's letter is attached. Bufiles show Scott reportedly has been close to alleged Communist persons and groups and also made a slanderous attack on the Director's character. Referenced interview with held in my office 10:15 a.m., 3/15/62, with SA Thomas J. Nally (Inspection Staff) present. For 2 minutes I told what we found in Detroit and advised him of strong possibility that fraud against the Government is involved. then stormed out of my office saying "You will hear more about this." Copy of my memorandum 3/15/62 reporting the interview is attached. Action of and Scott suggests that is fearful of prosecution and hopes to stave it off by threatening counter suit against me for slander. Legal Research Desk sees no slander here. Interview was matter of official business to give chance to reply to facts indicating Federal offense. Suggested letter to Scott attached.

Memo to Mr. Mohr

Re: [redacted] Former Special Agent

b6

~~SECRET~~

DETAILS

[redacted] has retained a lawyer to represent him, as revealed in a letter which I received from that lawyer, Byron N. Scott, 925 - 15th Street, N. W., Washington 5, D. C., under date of March 22, 1962, in which Scott requests a written account of what I said to [redacted] during the interview which I had with him in my office at 10:15 a.m. on March 15, 1962. This is the interview in which I told [redacted] that there was a strong possibility of his being guilty of defrauding the Government in that he falsified his investigative reports and was out playing tennis and otherwise loafing on Bureau time for which he was being paid a Government salary.

The text of Scott's letter reads as follows:

"Dear Mr. Malone:

On March 15, 1962 at approximately 10:15 A.M., you had [redacted] in your office at your invitation. [redacted] had not sought this interview. Others were present while you talked to [redacted]

[redacted] During the interview, you mentioned certain charges against [redacted] and talked of an indictment for defrauding the Government.

[redacted] has retained me as his legal counsel. In view of the circumstances, I ask that you tell me in writing what you said to [redacted] during the interview, what your duties are as Assistant Director, who else was present during the interview and in each instance the duties of the person or persons who were present.

I suggest to you that this is a personal and not an official matter between you and [redacted]. I shall, therefore, expect an answer from you within a reasonable time. If you prefer to discuss the matter with me in my office, you may call my secretary and arrange a time.

Sincerely yours,

s/Byron N. Scott

Byron N. Scott"

You will note that Scott tries to give the interview a twist in the direction of slander on my part by "suggesting" that the interview which I had with [redacted] was a personal matter, not an official one, and that I made charges of crime against [redacted] in the presence of other persons.

- 2 -
~~SECRET~~

~~SECRET~~

Memo to Mr. Mohr

Re: [redacted] Former Special Agent

~~SECRET~~

I said I wanted to know what he had to say about the allegations. He stormed out of the office saying "You will hear more about this." The entire interview lasted 2 minutes. The interview is recorded in my memorandum to you of March 15, 1962, a copy of which is attached. It covers everything that happened during the interview, as I advised *Def. D.J.* Inspector H. L. Edwards when he called me at Detroit and read Scott's letter to me.

I suggest that [redacted] is now fearful of being prosecuted for fraud against the Government and is trying to prevent it through threatening a counter attack by way of slander suit against me. The Legal Research Desk advises me that there is absolutely no basis for a slander suit. Investigative employees of the FBI have full power to interview a person concerning whom we have facts indicating a possible fraud against the Government and this interview can be conducted by 2 persons as proper as by one and the fact that one of them is listening only does not make the interrogation by the interrogator a matter of slander. [redacted] was simply being given the usual opportunity of replying to facts indicating that he is guilty of a Federal crime with the investigative jurisdiction of this Bureau.

in

[Handwritten signatures and initials]

~~SECRET~~

Memo to Mr. Mohr

Re: [redacted] Former Special Agent

b6

(S) Byron N. Scott was a Congressman from California during the late 1930's. The Bureau investigated Scott in 1942 as an employee in the Office for Emergency Management. Investigations show that Scott had reportedly been supported by Communists. He was reported in 1940 to be a contributor to the "Daily Peoples World", a West Coast Communist newspaper, and was affiliated with numerous cited organizations in the later

Referral/Consult

b1

Scott has been highly critical of the Federal loyalty programs and has made adverse remarks about the Bureau. The 9/6/56 issue of the "Long Beach Independent" says Scott charged the Director and the Bureau with fabricating a letter against William Henry Taylor in connection with a loyalty investigation. In May, 1961, it was alleged that in the presence of Mrs. Charlotte DeMille and others, Scott made a remark highly derogatory of the Director's character. When Scott was promptly interviewed by 2 agents, he denied the charge. (Bufiles 77-19372 and 47-46130)

Scott's letter to me shows Robert Day Scott as the other member of the law firm of Scott and Scott. Robert Day Scott, brother of Byron N. Scott, was investigated by the Bureau in 1952 under "Loyalty of Government Employees" when Robert Day Scott was in the foreign service of the Department of State. This investigation showed that Robert Day Scott, like his brother, was reported to have been an associate of persons with communist sympathies or connections and other persons alleged to have been engaged in soviet espionage conspiracy. The investigation was discontinued on advice that Robert Day Scott had resigned his Government position. (Bufile 121-33117)

b6

The circumstances of the interview which I had on March 15, 1962, with [redacted] can be briefly stated. [redacted] came to my office, on telephonic invitation, at 10:15 a. m. and was introduced to SA [redacted] of the Inspection Staff who sat in on the interview. [redacted] carried a brief case which may have concealed a recorder but I saw no evidence of such a machine. I told [redacted] that a serious matter was involved, indicating a strong possibility of fraud against the Government. I told him what we found in Detroit indicating that the sign-in and sign-out registers for him had been falsified and that he was playing tennis and sleeping while he allegedly was on duty. [redacted] said his views on overtime were well known. I reminded him that he was paid for overtime.

Mr. John Malone
Assistant Director
Training and Inspection Division
General Bureau of Investigation
U.S. Department of Justice
Washington 25, D.C.

Dear Mr. Malone:

b6

On March 15, 1962 at approximately 10:15 A.M.,
you had [redacted] in your office at your invitation.
[redacted] had not sought this interview. Others were
present while you talked to [redacted]

During the interview, you mentioned certain
charges against [redacted] and talked of an indictment for
defrauding the Government.

[redacted] has retained me as his legal counsel.
In view of the circumstances, I ask that you tell me in
writing what you said to [redacted] during the interview,
what your duties are as Assistant Director, who else was
present during the interview and in each instance the du-
ties of the person or persons who were present.

I suggest to you that this is a personal and
not an official matter between you and [redacted] I shall,
therefore, expect an answer from you within a reasonable
time. If you prefer to discuss the matter with me in my
office, you may call my secretary and arrange a time.

Sincerely yours,

Byron N. Scott

PERSONAL

Mr. John F. Malone
Federal Bureau of Investigation
Washington, D. C.

Dear Malone:

Thank you for your letter of April 2nd.

In response to your request, it will be a pleasure to have Mrs. Malone attend the presentation of your gold key on May 4th on the occasion of your Twentieth Anniversary in the Bureau.

Sincerely,

J. Edgar Hoover

At Mr. Tolson's request, I am submitting this memorandum to fix responsibility for two derelictions which I found during my inspection of the Training and Inspection Division.

b6

John F. Malone

I. OVERWEIGHT AGENT - The first of these had to do with a New Agent, [redacted] who entered on duty 1-15-62 and was found 20 pounds overweight when weighed in during his second week of training. Facts in this matter were completely set out in my memorandum of 3-6-62 and were briefly as follows. [redacted] was interviewed as an applicant 8-31-61 in New York City by ASAC E. Hugo Winterrowd and SA [redacted]. Interview sheet reflected [redacted] overweight at that time but reinterviewed by SAC Foster 9-22-61 and had reduced to desirable weight limits at time of U. S. Army physical 10-11-61. [redacted] claimed he had gained weight between physical and receipt of appointment dated 11-27-61. After EOD 1-15-62 he was weighed by Training and Inspection Division 1-26-62, weight 197, top desirable 177 1/2. Progress report 2-2-62 by Class Counselor [redacted] showed weight 189 1/2 and Inspector H. L. Edwards instructed counselor to follow weight to insure [redacted] reached standards as soon as possible. [redacted] was also interviewed by SA [redacted] supervisor in charge of New Agents' training, who submitted memorandum dated 2-7-62. Mr. Edwards prepared memorandum 2-16-62 showing weight 188 and [redacted] under care of doctor. All these memoranda were initialed by Mr. Malone for progress book, which contains reports on New Agents and is kept in Training and Inspection Division. No memorandum sent through for Bureau's attention pointing out [redacted]'s overweight condition until 2-26-62 memorandum which reflected that [redacted] had reduced and was then within desirable limits at 175 3/4 pounds.

Mr. Malone stated he considered any memoranda in the progress book as an official record since Administrative Division checks this book for information in briefing New Agents' files and contents of book are summarized at conclusion of training and made part of Agent's personnel file. He stated if [redacted] had shown

Memorandum W. S. Tavel to Mohr
Re: Inspection of Training and Inspection Division
Derelictions Re Overweight Agent and Mail Delivery

poor attitude or had put on weight after entrance on duty a memorandum for Bureau's attention with recommendations would have been submitted. I instructed and Mr. Malone agreed that in future such memorandum would be prepared in any case of any New Agent found overweight.

b6

In fixing responsibility, I feel that interviewing officials apparently impressed Bureau weight requirements sufficiently on [] so that he reduced to desirable weight prior to October, 1961, physical. Appointment 11-27-61 was based on current physical showing weight within desirable limits and New Agents' Counselor [] and SA [] promptly prepared memoranda setting out overweight condition after discovered on 1-26-62. Mr. Edwards states he has no acceptable explanation for failure of Division to insure that official memorandum was sent out of the Division as soon as this problem was discovered, and that inasmuch as he is responsible for training matters, he cannot escape the blame for what appears to have been an error in judgment. He points out there was not any lack of prompt, vigorous handling of [] overweight situation, including instructions to counselor to follow his weight and personal interview with [] insuring he was under doctor's care and was maintaining diet. He states there was absolutely no intention on his part to try to hide this matter and feels that the whole point is that a mistake was made in ^{not} deciding that this was not matter which was properly for the progress book.

Since Mr. Malone initialed these memoranda for the progress book, he certainly had the final responsibility for fact that a memorandum was not promptly submitted for the Bureau's attention. Mr. Edwards shares this responsibility since he was aware of the situation and did not insure that a memorandum was sent through. I do not feel that either Counselor [] or SA [] are at fault since memoranda were prepared by them promptly and submitted to their superior, Mr. Edwards.

II. MAIL DELIVERIES - During inspection it was learned that oral instructions had been issued by Training and Inspection Division that no mail other than items on Director's Special List or other very urgent mail should be delivered after 5:15 p.m. run. Facts were fully set out in my memorandum of March 7, 1962. [] secretary to Inspector H. L. Edwards recalls having issued these instructions but cannot recall specifically when they were issued or on whose authority. She states that she definitely would not have issued such instructions on her own initiative and although at first she felt they had been in effect from nine months to a year, on reinterview she feels that they may have been placed in effect prior to January, 1960, or sooner when Mr. Quinn Tamm was in charge of that Division. Both Mr. Malone and Inspector Edwards state that they did not issue the instructions. It therefore seems impossible to definitely determine who issued the original instructions or

Memorandum W. S. Tavel to Mohr
Re: Inspection of Training and Inspection Division
Derelictions Re Overweight Agent and Mail Delivery

exactly when, except that they had been in effect for a substantial period. I instructed that hereafter all types of mail be accepted in the Training and Inspection Division until the front office closes. Actually, there was no known instance of any delay there in handling mail caused by these instructions since Director's specials and other special items were being delivered to Mr. Malone after 5:30 p.m., as well as some mail from Mr. Mohr's office.

Mr. Edwards states that he believes the statement of [] that she would not have issued such instructions on her own responsibility, but that regardless of their inability to fix responsibility for the initiation of the instructions, the fact remains that since he became Number One Man of the Division in January, 1960, the mail room has been under his supervision. He points out the fact that until the fall of 1961 they were unable to get authorization for a mail clerk to work after 4:30 p.m. and have been plagued with turnover and manpower shortage problems in the mail room. He stated that they had been getting mail quite frequently and with seeming regularity until 6:15 or 6:30 p.m., including deliveries from Mohr's office, and he knew of no delay in handling mail as a result of the instruction in question. The instruction has now been changed and all mail is delivered to the Division as long as anyone is in the front office. He has no excuse to offer for the continuation of this instruction, although he feels that until the time of or a few weeks prior to my inspection it would have been difficult to have required the comparatively new and inexperienced late duty mail clerk to assume any more responsibility than he had.

b6

b6

Although [] admits having issued the instructions and now cannot recall on whose authority she did so, she denies that it was on her own initiative and Mr. Edwards and Mr. Malone both indicate they believe her. She is and has been in a secretarial position and thus it would have been logical for her to transmit instructions issued by her superior. Since we cannot determine exactly when the instructions were issued, it cannot be definitely stated who she was working for at the time. She has been Mr. Edwards's secretary since January, 1960, and prior to that was Mr. Malone's secretary when he was in charge of inspections. There is nothing to indicate that [] is not telling the truth when she states that she issued the instructions by authority of a superior and it appears that the man responsible for this instruction continuing in existence until my inspection is Mr. Edwards. Mr. Malone, of course, has over-all responsibility as head of the Division.

(See RECOMMENDATION next page)

Memorandum W. S. Tavel to Mohr
RE: Inspection of Training and Inspection Division
Derelictions Re Overweight Agent and Mail Delivery

RECOMMENDATION:

There is attached hereto my inspection report in which I recommend:

(1) That Mr. Malone be continued on probation (he was placed on probation 9-5-61 for failure to insure that all Agents being sent to field from training school measured up to standards of personal appearance and personality);

W.S. Tavel ✓

(2) That Mr. Edwards be censured since he shares responsibility for the weaknesses found in administrative and personnel matters during the inspection;

W.S. Tavel ✓

(3) That a recheck inspection be conducted in 90 days.

W.S. Tavel ✓ *SAC* *ST 3/13*

Assistant Director W. S. Tavel

**TRAINING AND INSPECTION DIVISION INSPECTION
ASSISTANT DIRECTOR W. S. TAVEL
February 12 - March 1, 1962**

OFFICIALS: John F. Malone, assigned to Division since 9-29-57 and Assistant Director since 12-30-59; H. Lynn Edwards, assigned to Division since 9-21-59 and Number One Man and Inspector in Charge of Training since 1-6-60; Roy K. Moore, assigned to Division since 12-20-59 and Number Two Man and Inspector in Charge of Inspections since 1-6-60 (Moore under transfer to Little Rock as SAC and J. J. Casper ordered in to replace him); Henry L. Sloan, assigned to Quantico since 7-21-42 and as SAC of Academy since 3-28-54.

Last inspection of Division 11/21-12/5/60 by Inspector ^{b6}

FINDINGS OF INSPECTION

SYNOPSIS:

PHYSICAL CONDITION AND MAINTENANCE.....VERY GOOD

All space in Justice and Old Post Office Buildings well maintained, neat, and orderly. Facilities at FBI Academy and firearms ranges at Quantico, as well as Sowege and Midland Radio Stations, found in very good to excellent condition. Additional space obtained during past year and rearrangement of space in Justice Building provided better space utilization. Academy renovated and in excellent condition; new heating and air-conditioning system installed. Removal of obsolete air-conditioning equipment and completion of new warehouse at range provides adequate storage. New "running man" target installed at range. Automotive equipment in good operating condition; no safety delinquencies noted. Operating costs per vehicle lower than Bureau average. Average repair cost per mile same as Bureau average. Security measures throughout Division adequate. Minor house-keeping deficiencies such as exposed wires behind teletype unit, vine growing into ventilator, and unnecessary Tel-Kee cabinet were corrected during inspection or ordered repaired by Inspector. Maintenance generally very good.

Memorandum to Mr. Mohr
RE: Training and Inspection Division Inspection

DIVISION OPERATIONS

INSPECTION OPERATIONSVERY GOOD

Inspection system using Permanent Inspector's Aides exclusively has resulted in substantial saving to Bureau; administered in efficient manner. Reports of inspections reflect statistical comparisons favor present expanded permanent aide system over prior system of using field aides. Inspections are as thorough and as penetrative as before and done with more dispatch. Division estimates annual savings under present system as exceeding \$273,000. On basis of agent work days saved alone, spot check indicated very substantial saving to Bureau. Credit due Division for leading role in promoting exclusive use of permanent aides. Frequency and scheduling of inspections satisfactory, with due regard for efficiency and economy, except for Springfield inspection where Director noted lack of co-ordination between Training and Inspection and Administrative Divisions in scheduling SAC for conferences at SOG while office under inspection. All domestic and foreign offices inspected during past calendar year except Chicago and San Francisco. Those offices deferred due to shortage of inspection personnel but inspections began 2/12/62 (Chicago) and 2/14/62 (San Francisco). Since last inspection (12/60), 84 inspections and 35 surveys, spot checks, etc., conducted. Volume of such work during Fiscal Year 1961 compares favorably with two previous years. Six (6) inspections conducted personally by Assistant Director and 12 by Inspector in Charge. Division has system of appraising staff performances through unannounced spot checks by officials during inspections; 5 made since last inspection. Division told to have Number One Man assist in this program. Inspection Section forward-looking, alert for new ideas; has completely overhauled old inspection methods; uses preprinted forms and work papers to good advantage in expediting inspections. Assignments of Inspector's Aides being properly rotated to round out each man's experience.

TRAINING OPERATIONSGOOD

Training class schedules checked and lectures monitored with satisfactory results. Increase (125 to 158) in stenographers trained Fiscal Year 1961. Inspector ordered survey of field stenographic training needs. Number of agents in In-Service training programs has increased during past year. Increase also noted in training documents prepared. Physical training program satisfactory. Increases of 270 in police schools and 18 in law enforcement conferences for 1961 over 1960. Obsolete section of field police manual ordered deleted. Ticklers now maintained to guard against recurrence of 6/61 failure to give Director background on official presenting National Academy (NA) diplomas.

Memorandum to Mr. Mohr
RE: Training and Inspection Division Inspection

Since field failure to advise of creation of Southern Association of Intelligence Agents in 11/61, Division has taken measures to insure appropriate liaison with NA graduates. Inspector's suggestion adopted requiring field to advise Bureau of 30-day contacts with NA graduates. Instructions also issued that certain items in working guide for New Agents' Counselors be made more specific and list of policy questions and answers be added. Safety on ranges being emphasized since two minor, accidental gunshot wounds occurred last year. Assistant Director now personally interviews all new agents immediately on arrival to detect possible weaknesses.

ADMINISTRATIVE OPERATIONS FAIR

Supervisory structure adequate except supervisor in charge of new agents' training spending 50% of time on other matters such as police training and lectures. Inspector instructed he spend as much time as possible on New Agents' Classes consistent with other duties. Reminders to field on forms surveys discontinued since field administrative ticklers required by manual and filing of negative replies eliminated. In 1961, 789 suggestions submitted, 222 adopted for total savings of \$28,000; 808 submitted, 239 adopted, and savings of \$20,700 in 1960. No backlog detected in flow of work and signature mail handled within deadlines. Stenographic production above Bureau average; typists' production below. Minor errors in time and attendance records such as signing out on sick leave in wrong column and one instance of failure to post sick leave corrected. Failure to list a radio receiver only delinquency regarding inventory; corrected. Weekly delinquency report revised to list any completed NA applicant investigations not summarized within 5 days of receipt. Handling of defense plans and Executive Order 10501 (authority to classify and declassify documents) satisfactory. Pending work checked; all personnel fully occupied on productive work. Telephone security checked and satisfactory. Twelve (12) articles submitted for FBI Law Enforcement Bulletin and suggestion made to increase submissions based on training documents. Division has been accepting only urgent mail after 5:15 P. M. ; instructed to accept all mail up to time front office closes (separate memo submitted). Division audited 255 lecturers from all divisions since last inspection. Constructive suggestions made to 17 lecturers and upon reaudit they showed improvement.

Memorandum to Mr. Mohr
RE: Training and Inspection Division Inspection

PERSONNEL MATTERS FAIR

One inspector needed to fill authorized quota. Personnel otherwise adequate but not excessive. All agents available on check; none overweight or on limited duty. Voluntary overtime above Seat of Government (SCG) average during past 6 months, equitably distributed. Employees' compensation and position classification matters, nondiscrimination policy, Promotional Availability List, exit interviews, and rest periods all checked and found satisfactory. Division found one new agent in current class 20 pounds overweight on second week weigh-in; matter was recorded in Division progress book and weight followed; now within desirable limits. Inspector instructed Bureau be promptly advised by memorandum for personnel file in future cases of this kind. In 1961 new agents donated 114 pints of blood, permanent staff 6, Division quota 16. Inspector instructed no pressure be exerted on new agents to donate blood. Division funds audited and in balance but 2 disbursements made from Division flower fund for wedding gifts and bylaws permitted maternity gifts contrary to Bureau regulations. Collection of \$2.00 each from new agents for this fund considered improper due to brief time in training and Inspector ordered these practices discontinued and bylaws amended (separate memo submitted). Conferences adequate and indoctrination and training of Division employees satisfactory except for previously mentioned strengthening of instructions to new agents' counselors. Morale excellent, but only one recreational event during past year considered inadequate and additional emphasis on this program ordered. Division employees received 32 censures or more severe disciplinary action since 1/1/61. During first 5 months of Fiscal Year 1962, 16 commendations and 3 incentive awards received compared to 33 commendations and 6 awards during similar period of previous fiscal year. Inspector instructed instances of commendatory performance be appropriately recognized. Duration of assignment of Inspector's Aides averaging 6 to 8 months not considered excessive.

CONTACTS EXCELLENT

Wide variety of excellent contacts maintained with members of Congress, law enforcement groups, American Bar Association, accounting associations, training and educational groups and individuals in these fields. Speaking engagements totaled 43 in 1961 as compared to 33 in 1960. Assistant Director, Number One Man, and Number Two Man delivered 8 speeches from 8/1/61 through 1/31/62 as compared to 3 delivered during similar period in previous year. SAC, Quantico, maintains excellent contacts with Marine officers, through whom he has obtained free services and equipment for Bureau. Inspector met several such contacts, who obviously hold SAC and Bureau in high regard.

Memorandum to Mr. Mohr

RE: Training and Inspection Division Inspection

EVALUATION OF OFFICIALS AND RECOMMENDATIONS:

(1) Assistant Director John F. Malone: EOD 5/4/42 as SA, GS-17, \$17,570, on probation since 9/5/61 for failure to insure that all agents being sent to field from training school measured up to standards of personal appearance and personality. Malone makes excellent, impressive appearance, has sincere personality, is conscientious, hard working, and excellent contact man. He enjoys respect of subordinates. He has over-all responsibility for certain weaknesses in administrative and personnel matters such as cutting off any but urgent mail after 5:15 p. m., failure to promptly submit memorandum on overweight agent, and collecting \$2.00 from New Agents for division flower fund. RECOMMENDATION: That he be continued on probation and continued as Assistant Director. If approved, appropriate letter attached.

(2) Inspector H. Lynn Edwards: Number One Man of Division. EOD 2-10-41, GS-17, \$17,050, not on probation. Edwards makes excellent appearance, has friendly personality, is doing excellent contact work with such organizations as American Bar Association. He is intelligent and firm in dealing with employees. However, he shares responsibility with Mr. Malone for administrative and personnel weaknesses found, and for this he should be censured. RECOMMENDATION: Censure and continue as Number One Man. If approved, appropriate letter attached.

Memorandum to Mr. Mohr

RE: Training and Inspection Division Inspection

(3) Inspector in Charge of Inspections Roy K. Moore: Number Two Man of Division (under transfer to Little Rock as SAC), EOD 10/7/40 as SA, GS-16, \$15,775, not on probation. Moore makes excellent appearance, has quick, decisive manner, is alert, energetic, enthusiastic, and continually seeks to improve procedures. Has administered inspections in firm manner with considerable savings. Should make excellent field executive.

(4) SAC Henry L. Sloan, Quantico: EOD 4/15/35, GS-16, \$16,295, not on probation. Sloan presents excellent appearance and has exceptional contact ability. He is enthusiastic, takes great pride in maintaining Academy as show place, is firm with trainees, and has improved paperwork phases of administration. He affords close personal supervision, and maintains high morale among employees. RECOMMENDATION: Continue as SAC at Quantico.

(5) That a recheck inspection of the Training and Inspection Division be conducted in 90 days.

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

DETAILS:

PHYSICAL CONDITION AND MAINTENANCE.....VERY GOOD

All space occupied in the Justice Building and Old Post Office Building is adequate but not excessive, and is being maintained in very good condition. Few minor housekeeping deficiencies noted were either corrected during the inspection or ordered repaired by Inspector. Since the last inspection (11/21/60 - 12/5/60), Division has acquired three additional rooms contiguous to main offices in Justice Building and has rearranged space, resulting in better utilization of space. Space on 8th floor of the Justice Building, which included the locker and shower rooms used only by the FBIRA baseball team, was released to the Department of Justice at the request of the Attorney General. Thorough check of desks, cabinets, book-cases, and other furniture indicated very good maintenance. Security check satisfactory. Space (4 offices and 4 classrooms) occupied in the Old Post Office Building was found to be maintained in good physical condition considering the age of the building. A new warehouse (40' X 100') now in use for storage of training equipment and Buplans supplies. No other change in amount of space at FBI Academy at Quantico. Partitions have been erected in Classroom #1 converting it into 5 offices and the old counselors' room has been converted into a classroom, thus providing contiguous office space for administrative operations. Also since the last inspection, a new heating and air-conditioning system has been installed. General condition of building, which has recently undergone extensive renovation, is excellent. Close attention is being given to all maintenance matters. Minor housekeeping repairs needed corrected during inspection. Inspector ordered removal of unnecessary second Tel-Kee cabinet formerly maintained in Quantico Chief Clerk's Office and containing duplicates of keys maintained in another Tel-Kee cabinet in same office; also ordered replacement of unapproved photograph. Exposed wires behind teletype units covered to eliminate potential hazard. At suggestion of Inspector, consideration will be given to utilizing rollers instead of paintbrushes in painting facilities at Quantico for economy and safety reasons. Removal of obsolete air-conditioning equipment in attic allows more storage space. Firearms vault and gunsmith's shop maintained in excellent condition, as are ranges. New running-man target installed. Portion of old air-conditioning equipment removed from Academy Building was modified and installed in classroom at the Firearms Range. Off-street parking constructed at entrance to Academy Building. Rear parking lot was lowered one foot and adequate storm sewers were installed to eliminate water damage to expensive equipment in the basement of the Academy. Academy space adequate but not

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

excessive. The 18 vehicles (12 cars or station wagons, 4 trucks, 2 buses) assigned at Quantico were found to be in good operating condition. Spot check of vehicles revealed no delinquencies of a safety nature. Minor mechanical irregularities corrected or noted for repair as soon as possible. Average cost of repairs per mile (.014) and average cost of repairs per vehicle (\$164.43) lower than during last inspection. Average cost of repairs per mile equal to Bureau average. Cost per mile to operate Quantico cars (.054) substantially lower than average operating cost (.065) for all Bureau cars and is lower than operating costs found during previous inspection. Microwave and FM transmitting and receiving equipment situated on top of large hill behind the Academy Building is being maintained in excellent condition. All radio equipment is housed in a cinder blockhouse located at the base of the microwave antenna. Security is adequately provided by Marine Corps Security Patrol and a warning system wired to an alarm in Chief Clerk's Office at the Academy. Vines growing into ventilator cut back during inspection. All technical and radio equipment maintained at the Academy is in good operating condition and is being properly maintained. Security measures at Sowego and Midland adequate. Division will follow suggestions of Inspector that security at Midland be improved by installing device across access road to signal approach of persons or vehicles, and that Supervisor at Midland receive training from Laboratory in maintenance of recording equipment. Physical condition of equipment and facilities at both radio stations was excellent.

DIVISION OPERATIONS

Inspection Operations.....VERY GOOD

New system of using expanded staff of Permanent Inspector's Aides exclusively to conduct inspections is being administered in a thorough manner; is definitely of advantage to Bureau; and is resulting in substantial saving. Thorough inspections are being handled efficiently, in less time, with less manpower and at less cost than under field aide system. Inspection Staff authorized personnel adequate but not excessive. Staff is not at full (8 men) strength; one man short. Permanent Inspector's Aide Staff is at full strength (24 men). Effective and adequate administrative policy folders and follow-up tickler systems being maintained on current basis. Since last inspection (12-5-60) Section has conducted 64 inspections (including 3 rechecks) and 10 surveys, spot checks, etc., in domestic field offices; 10 inspections

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

(including one recheck) of foreign offices; and 10 inspections (including one recheck) and 25 surveys, etc., in Seat of Government (SOG) Divisions. All domestic, foreign, and SOG Divisions (except Training and Inspection Division, last inspected 12/60) were inspected in past calendar year, except Chicago and San Francisco, which were deferred because of shortage of inspection personnel. Inspection began at Chicago 2/12/62; at San Francisco 2/14/62. Number of inspections, rechecks, surveys, etc., during Fiscal Year 1961 compared quite favorably with volume of such work handled in two previous fiscal years. Frequency of inspections is considered satisfactory. They are being scheduled with due regard for efficiency, economy, and availability of manpower. Director inquired on 3/1/62 why SAC, Springfield, was scheduled for conferences at SOG while office under inspection and commented on lack of coordination in this matter between Training and Inspection and Administrative Divisions. Training and Inspection Division is endeavoring to follow recommendation resulting from previous inspection of 12/5/60 to have one of its three top officials make a once-yearly, unannounced spot check of each inspector during an actual inspection. Total of five such checks were made since last inspection. While not achieved completely as originally envisioned, because of travel which would be involved and other duties and assignments of Division officials, the objective of affording an opportunity to appraise performances of inspectors was to a considerable extent realized by observing them during SOG and Washington Field Office inspections (12), as well as during inspections headed personally by Mr. Malone or Mr. Moore. Six such inspections by Mr. Malone and 12 inspections by Mr. Moore were conducted since the last inspection of the Division. Division has been reminded that Number One Man should assist in program of spot-checking. Program of conducting inspections by using only SOG personnel (instituted 3/8/61 and implemented fully 7/14/61 when sufficient personnel were assigned to Inspection Staff) is indicated to be working very well with a more professional job being done. Inspections now are conducted faster and at considerable saving to Bureau over former system of using inspection personnel from nearby field offices. By projecting approximate basic costs in inspections of four offices last year, Division estimates new system will result in yearly saving to Bureau of over \$273,000. Spot check indicates saving very substantial, based on agent work days alone. Credit is due to Training and Inspection Division for leading role in bringing system of expanded Permanent Inspector's Aide Staff into existence and administering it in a thorough manner. Inspection Section is alert for new ideas and techniques and is displaying a forward-looking attitude. It is mindful of need to prevent inspections from becoming perfunctory and stereotyped. It has overhauled completely the old method of conducting inspections. As an example, inspectors now carry with them various forms preprinted at SOG and adapted for use in inspections. Use of such forms tends to expedite inspections and make for

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

uniformity in phases of inspections which are same in most offices. Believed particularly beneficial are preprinted work papers, originated by Inspector in Charge and now being used experimentally. Division has agreed to extend experimentation to preprinting of white administrative memoranda. Inspection Section is also following an adequate training program for the Inspection Staff which includes rotation on the job to afford each man well-rounded experience. Program of training SOG supervisors as aides for SOG inspections is being resumed. Review of a representative number of inspection reports of offices of various sizes, both foreign and domestic, reflected statistical comparisons favor permanent aide inspection system and inspections are as thorough and penetrative as before though now conducted with more dispatch. Some minor form discrepancies, such as misfiling of work papers and failure to tab sections of them, rectified during inspection. Inspection Section adopted suggestion that preprinted dividers be used for major breakdowns of administrative memoranda and work papers. Also, Inspection Staff was again reminded to be alert to detect and flag undesirable trends for future attention. Steps being taken to amend Inspector's Manuals in several respects recommended during this inspection, including change of caption "Investigative Operations" to "Division Operations" for SOG inspections.

Training Operations.....GOOD

Scheduling of training classes satisfactory. 158 employees qualified through regular stenographic training in Fiscal 1961 as compared with 125 in Fiscal 1960. Shorthand and typing classes conducted in well-organized manner. Division initiated program in June, 1961, to supply stenographic training material to SAC's wishing to institute training programs for field stenographers and typists. Such training material requested by 35 offices. Inspector instructed that survey be conducted of larger offices to determine what stenographic training programs are in effect and whether need exists for intensification of such training. Lecture and training classes monitored, including New Agents, In-Service, typing and shorthand classes. Instructors well prepared; material timely, suitable, and well presented. 18 regular In-Service classes (535 agents) and 10 Specialized In-Service classes (356 agents) held from 7/61 to 1/31/62 as compared with 34 regular In-Service (1004 agents) and 8 Specialized In-Service (307 agents) during Fiscal Year 1961. Since inspection in December, 1960, 8 training documents have been prepared and one in process of printing. During previous similar period 6 documents were prepared. Physical training program active, well attended, and functioning in

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

satisfactory manner. Police schools total 3250 during 1961, an increase of 270 over 1960, and specialized law enforcement conferences increased 18 during same period. Bureau particularly active in command level and police administrative schools during past year. Preparation of textbook on police administration considered during last inspection has received no further attention due to pressure of other work. Field police school manual was found to contain obsolete section and Inspector instructed it be deleted. In June, 1961, National Academy Desk failed to furnish Director biographical information on official presenting diplomas at graduation. Appropriate ticklers now being maintained to prevent recurrence. In November, 1961, failure of SAC's to maintain appropriate liaison with National Academy graduates was noted when field failed to advise Bureau of creation of Southern Association of Intelligence Agents. Corrective action has been taken to insure appropriate liaison. Inspector suggested manual change requiring SAC's to advise of 30-day contact with National Academy graduates and this is being done. Representative number of closed and pending National Academy applicant investigations reviewed and no errors of form or substance noted. Manuals, tickler systems, and forms used by National Academy Desk current and well suited for purposes used. Indices and Directory of National Academy Graduates current and in proper order.

New Agents' training extended from 13 to 14 weeks to include additional physical training and additional instruction on report writing and practical investigative problems. Present curriculum appears satisfactory. New agents weighed during second and eighth week of training. Inspector instructed that working guide for New Agents' Counselors be strengthened by making instructions pertaining to items such as residence checks and weekend leave requests more specific, and adding a list of policy questions and answers for counselors' guidance.

During past year, two new agent trainees received minor, accidental self-inflicted gunshot wounds during firearms training at Quantico. Firearms staff is devoting particular emphasis to safety on range and trainees are warned that violation of safety rules could result in severe administrative action.

Assistant Director now personally interviews and screens all new agents immediately upon their arrival to detect possible weaknesses in appearance or personality.

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W.S. Tavel
February 12 through March 1, 1962

ADMINISTRATIVE OPERATIONS..... FAIR

Supervisory structure, responsibility of supervisors, and available, trained alternates adequate except that supervisor in charge of new agents' training spends 50% of time on other matters, such as police training, American Bar Association matters, lecturing, etc. Inspector instructed supervisor in charge of new agents' training to spend as much time as possible on this work consistent with his other duties. No major policy or procedural changes during past year except for expansion of Inspector's Aide Squad, mentioned previously. Manuals, Suggestions, Forms Management, and Legal Research Desks satisfactorily administered. Inspector instructed that reminders to field on forms surveys be discontinued since field administrative tickler required by manual. Instructions also issued to discontinue filing replies containing strictly negative information. Survey July through December, 1961, reflects that present method of handling suggestions in field without screening by committee has not inhibited submission of suggestions. Suggestions submitted at rate of 78 per month during period July, 1961, to February, 1962, as compared with 56 per month during similar period previous year. During 1961, 789 suggestions submitted, 222 adopted for total savings of \$28,000 as contrasted with 808 submitted, 239 adopted, and savings of \$20,700 in 1960. Inspector suggested that in future quarterly SAC Letters setting forth statistics on suggestion program also include figures from prior periods for comparative purposes, as well as estimated savings broken down by each office and SOG Division. No backlog in flow of work through Division. Four-day check of outgoing signature mail indicated all (45 pieces) handled within deadline. One error in this mail detected by Reading Room. Inspector instructed that continued attention be given to prompt handling and error-free preparation of mail. Stenographic production 3.07 pages per hour compared with 2.86 SOG average. Typists averaged 2.4 compared with 2.69 SOG average. Minor errors in time and attendance records noted such as failure to show reason for illness on sick leave form, failure to post sick leave on one occasion, and signing out on sick leave in wrong column of attendance sheet. Instructions issued to avoid recurrence. Inventory of non-expendable items and personal property of agents and clerical employees spot-checked and no irregularities noted except one Motorola receiver at Sowego transmitting site was not included on inventory records. This was immediately corrected. Odd-hour shifts are all authorized and appear justified. Tickler systems in Division were checked and 2 minor administrative ticklers eliminated. Inspector suggested Division include on monthly projects

Memorandum W.S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W.S. Tavel
February 12 through March 1, 1962

pending report editing of training documents so as to provide closer supervisory control. Division also agreed to include in weekly delinquency report number of completed National Academy applicant investigations not summarized within 5 days of receipt. Reproduction of material and defense plans being handled in accordance with Bureau's requirements. Division has responsibility for administration of Executive Order 10501 (authority to classify or declassify documents). Operations current and satisfactory. Pending work reports obtained from each employee on duty in Division for 3-day period except for firearms instructors, and personnel arriving from or departing on inspection assignments. Conclusion reached that all personnel fully occupied on productive work but Assistant Director was instructed to afford close supervision of all personnel to insure all are fully occupied on worthwhile work for the Bureau. Inquiries from outside sources being properly handled. Telephone security check made on basis of 4 pretext calls. No improper information obtained. Human interest items furnished to Crime Records Division deal primarily with FBI National Academy graduation and Inspector instructed that Division be alert for interesting or novel items contributed by experienced agents at In-Service or police officers during National Academy classes. Division contributed 12 articles during 1961 to FBI Law Enforcement Bulletin dealing primarily with National Academy graduation exercises and firearms. Inspector suggested that articles be prepared on selected existing and new training documents to add variety to subject matter. Division has been accepting only urgent mail after 5:15 and Inspector instructed that all mail be delivered until front office closes to eliminate possible delay in handling (separate memo submitted). Mail clerk spending 30 minutes weekly writing 96 names of officials and supervisors on In-Service class roster. Inspector instructed that mailing list be printed on reverse of roster, making routing possible by underlining names, with consequent savings in time. Program of monitoring and auditing lecturers from all Divisions at SCG is carried out by weekly spot checks and review of 255 slips representing audits conducted since last inspection reflects most lecturers have been audited at least once and some several times. Constructive suggestions were made by Training Division monitor in 17 instances. Lecturer was thereafter reaudited and showed improvement.

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

PERSONNEL MATTERS.....FAIR

Present personnel adequate (except for one additional inspector needed to bring complement to authorized quota of 8) but not excessive. Agent physicals current. All agents found available on availability check and none are now overweight or on limited duty. No agent was rated less than very good in dictation ability. Interviews reflected that employees are familiar with employee compensation matters and Inspector stressed the importance of safety since Bureau now required to bear cost of work-related injuries. Provisions of Executive Order 10525 concerning nondiscrimination in Government employment discussed at semiannual conference November, 1961, and program appears to be receiving proper attention. During first 5 months of Fiscal Year 1962, 16 commendations and 3 incentive awards were received by Division employees as contrasted with 33 commendations and 6 incentive awards during similar period of previous year. Inspector instructed that Division insure that every instance of commendatory performance is being appropriately recognized. Spot checks reflect no delinquencies regarding certification to operate Government motor vehicles. Five position descriptions were checked, no discrepancies in duties being performed were noted, and position classification matters appear to be receiving proper attention. Promotional Availability List being satisfactorily handled and subject was discussed at semiannual clerical conference November, 1961. Exit interviews being properly handled by agent supervisors. Employees are being given opportunity to take authorized rest periods and spot checks reflected no abuses. Employees aware of beneficial services. One new agent who entered on duty 1-15-62 found 20 pounds overweight on second week weighin. Matter recorded in progress book maintained by Division and followed until weight within limits but no memorandum prepared initially for personnel file. Inspector instructed in future Bureau be advised by memorandum for personnel file of action being taken in such cases (Separate memorandum submitted). In 1961, 120 pints of blood contributed by Division to blood donor program, 114 of these from New Agents' Classes and 6 pints from permanent Division staff. Division's quota is 16 pints. Inspector instructed that no pressure be brought on new agents to donate blood. Division flower fund audited and found to be in balance. Disbursements have been made from fund for 2 wedding gifts in 1961 and Division bylaws permit disbursements for gifts for employees going on maternity leave contrary to SAC Letter 61-8. Inspector instructed such purchases immediately be discontinued and bylaws amended. Inspector also instructed that collection of \$2.00 from each new agent for this fund be discontinued as new agents were not receiving benefits commensurate with contributions due to brief time they are in training (Separate memorandum submitted). Other Division funds properly administered and in balance. Inspector instructed wording of bond covering employees handling funds at Quantico be changed to specifically cover SAC, ASAC, Chief Clerk, and

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

Assistant Chief Clerk. Regularly scheduled Divisional conferences, including semiannual inspectors' conferences and those held for section chiefs and supervisory personnel, appear adequate. Attitude and morale of employees appears excellent, but only one recreational event held during past year. Inspector feels recreational program is entirely inadequate and instructed emphasis be placed on increasing recreational activities. Voluntary overtime equitably shared and Division average exceeded the SOG/average^{average} in each of last 6 months. No significant errors and no abuses detected in overtime computations. Division instructed to follow closely in order that overtime of firearms instructors is essential. Program of indoctrination and training for division employees considered adequate except for strengthening of guide of New Agents' Counselors mentioned under "Training Operations" above. Prior to July, 1961, when Permanent Aide Staff expanded, average period of assignment of Aides to Staff was 8 months. Since expansion average has been 7.2 months. Present staff members have averaged 6.5 months. Division feels maximum experience of Aide not reached prior to one year and length of present assignment does not appear excessive. Female clerk-stenographer at Quantico has submitted resignation and is being replaced by male. Division feels her assignment there created no particular problem. Division employees received 32 censures or more severe disciplinary action since 1/1/61.

CONTACTS.....EXCELLENT

Division contacts include personal acquaintance of Assistant Director and Number One Man with members of Congress. Speaking engagements handled during 1961 totaled 43 as compared with 33 in 1960. Assistant Director, Number One Man, and Number Two Man of Division handled 8 speeches from 8/1/61 through 1/31/62 compared to 3 speeches for similar period previous year. Speeches handled by Assistant Director during 1961 included appearances before County Prosecutors' Association of New Jersey, Kentucky Peace Officers' Association, New Jersey State Association of Chiefs of Police, and other law enforcement and religious groups. Division maintains liaison with National District Attorneys' Association, American Bar Association, and the National Association of Attorneys General, as well as the International Association of Chiefs of Police. Other contacts include liaison with American Institute of Certified Public Accountants and American Accounting Association, National Safety Council, and various contacts with training and educational groups and individuals in those fields.

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

I met Lieutenant General E. W. Snedeker, Commandant, Marine Corps Schools, and Colonel D. J. Robertson, Chief of Staff, Marine Corps Schools, who are contacts of SAC Sloan. They obviously hold the Bureau and Sloan in high regard and have been extremely helpful in providing free services to the Bureau at Quantico. Sloan also has numerous contacts with other officers on the Marine Base, including medical officers who afford physical examinations. The Division appears to have a good variety of contacts in the phases of Bureau work handled by it and the contact program appears to be aggressively handled.

RE: SA John F. Malone
(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name	Relationship	Date
Margaret G. Malone	Wife	2/26/62
Address		
3513 Valley Drive, Alexandria, Virginia		

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty, other than travel accidents.

Name	Relationship	Date
Margaret G. Malone	Wife	2/26/62
Address

REC'D-READING ROOM
FBI
MAR 28 2 12 PM '62

Dear Malone:

As I am sure you are aware, today marks your Twentieth Anniversary in the FBI. To participate in your celebration of this occasion, I wish to extend to you my heartiest congratulations and, on behalf of the Bureau, to present your Twenty-Year Service Award Key.

In recognizing your anniversary, I, of course, would be remiss if I did not let you know of my deep appreciation of the fine example of loyalty, enthusiasm and keen interest you have exhibited in the discharge of your many responsibilities and of the many contributions you have made to our achievements over the years. It is most reassuring to know that I have such faithful associates as you upon whom I can depend.

REC-102 4062

May I take this opportunity to wish you many years of happiness and good health as you continue your association with the FBI.

With best wishes and kind regards,

Sincerely,

J. EDGAR HOOVER

Dear Mr. Malone:

You and your associates are to be commended for the very effective fashion in which you assisted in the planning, instruction and conduct of the recently completed Command Level Administrative School held for the Metropolitan Police Department.

Everyone presented his material in a highly effective and informative fashion and his efforts were of primary importance in the success which the school enjoyed. Many of the details involved in preparing for and in carrying out this school were handled in a very capable manner. I want you to know that I certainly appreciate your contributions and please convey my thanks to all for their fine services.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Hoover:

I received my inspection letter today. I can only say that I am very much embarrassed by the necessity for you to keep me on probation. I had hoped that through this inspection we could demonstrate that the Training and Inspection Division was doing the type of job you wanted done. The results of the inspection proved me wrong.

Please believe me when I say I sincerely regret this. We have all been trying hard to do the right thing. I hope that the very near future will give us an opportunity to prove to you that we can do the job.

INSPECTION

The Director has asked why I was absent during the two-day field Inspectors' conference, June 18 - 19, 1962, this being the period when I was at the 50th Annual Conference of the New Jersey State Association of Chiefs of Police, Spring Lake, New Jersey, which began Monday, June 18 and concludes with the banquet June 20, 1962.

REC-135

This group at first invited the Director to make the keynote address since this was their Golden Anniversary. The Director's commitments compelled him to decline by letter March 26, 1962, following which the group wrote the Director and asked him to send me as his personal representative to make the keynote address. This was approved and confirmed by letter to the group April 16, 1962. The Inspectors' field conference was set up and approved by memorandum of May 21, 1962, and at that time I fully intended returning immediately after the keynote speech, which was at 10:00 AM on the opening day of the New Jersey meeting. This would have permitted me to be back in time to attend a portion of the afternoon session of the first day and the entire second day of the Inspectors' conference, which was planned as a workshop for the entire Inspection Staff. The first day of the Inspectors' conference was scheduled for appearances by all Division heads, including the Training Section. June 18 and 19 were the only completely satisfactory dates for the Inspectors' conference. I endeavored to set the conference on other dates but because of the already approved inspection schedule, which has to be carefully worked out in advance, these two dates were the only ones when all Inspectors would be here.

The date could have been changed.

In view of more recent developments indicative of efforts on the part of such groups as the International Association of Chiefs of Police (IACP) to invade and make dangerous inroads into police training matters, and in view of the Director's desire that we do everything to intensify our alertness to this undesirable activity and strengthen our contacts against such moves, you felt that the Bureau's best interests would be served by my remaining for the

Memo for Mr. Mohr
Re: Field Inspectors' Conference

entire Golden Anniversary New Jersey meeting. It is recognized that the New Jersey Association of Chiefs of Police is one of the most powerful police groups and, in fact, is considered the policy-making group for the IACP. It is most essential that we have excellent contacts in this group. Also, we have recently had the police training situation in New Jersey resulting from the failure of the former New Jersey Governor to give FBI representation on the Police Training Commission, and SAC Bachman has been dealing with the Governor to get FBI representation on the Training Commission. It was felt my attendance at this New Jersey meeting would also be an excellent opportunity to make certain this matter was being adjusted to our satisfaction. For these reasons, following my discussions with you and per your instructions, I made arrangements to remain for the entire New Jersey meeting, making certain that Inspector H. L. Edwards would be on my desk the entire time and would be able to represent me at the Inspectors' conference. Inspector Casper, who heads the Inspection Section, was, of course, in charge of the conference from beginning to end. Before leaving, I thoroughly reviewed the agenda of the Inspectors' conference with Inspectors Casper and Edwards and pointed out to them specific material I wanted covered at the conference.

I respectfully wish to emphasize to the Director that I felt my actions were completely in the best interests of the Bureau in covering the entire New Jersey meeting and I certainly had no intention whatever of shirking or minimizing the importance of the Inspectors' conference.

HENRY L. SLOAN
Special Agent in Charge - Quantico
Entered on duty 4-15-35
GS-16, \$16,295

b6

The purpose of this memorandum is to advise of the supervisory responsibility regarding former Firearms Instructor [redacted] who submitted his resignation on 6-21-62 during an interview by me and Special Agent [redacted] regarding his personal conduct. [redacted] had failed to furnish the Bureau his current place of residence and home telephone number and had failed to advise the Bureau that he had brought a divorce action against his wife and that he was expecting a final decree in a few days. He admitted during the interview that he had been dating other women since his assignment at Quantico but he refused to identify the women or to furnish details of his conduct with them although he denied having had sexual intercourse with anyone other than his wife since his assignment at Quantico. During the interview, [redacted] became very belligerent; expressed the opinion that his personal conduct and activities were no concern of the Bureau's; that the Bureau was "eating up" his life and he did not know whether it was worth it. [redacted] submitted his resignation which has been accepted with prejudice. Special Employee [redacted], Washington Field Office, has subsequently advised he has information that [redacted] had been associating with [redacted] divorced wife; had been seen with her on several occasions during the early morning hours; and that [redacted] may have spent the night of 6-9-62 in [redacted] apartment. A separate memorandum is being submitted on this phase of the matter. Mr. Tolson commented that "It seems obvious that [redacted] was not properly supervised and indoctrinated by the Training and Inspection Division" and the Director concurred.

b6

SAC Sloan has advised that he first learned from [redacted] on 6-21-62, after the Inspector's availability check had been made, that [redacted] had moved to an apartment in Washington. [redacted] advised during our interview with him on that date that he had rented the apartment in Washington in May, 1962, although he contended that he was actually residing at the FBI Academy at Quantico and using the apartment only occasionally. SAC Sloan has stated that [redacted] was not residing at Quantico.)

Memorandum to Mr. Mohr from W. S. Tavel
Re: Henry L. Sloan

b6

Regarding [] marital difficulties, SAC Sloan states that [] had informed him that his wife had not joined him here and in the latter part of 1961 [] told Sloan that he and his wife were considering a divorce. Sloan told [] to advise him regarding his marital status in order that the Bureau could be notified but it was not until 6-21-62 that Sloan learned from [] that a divorce action had already been filed and [] expected a final decree within a few days. The Bureau had not been advised of this divorce action and [] explained to Sloan that he was waiting for the final decree before advising the Bureau.

b6

Concerning [] activities in dating other women, SAC Sloan states that he had no knowledge of this or of any activity on [] part which would discredit him or the Bureau. [] attended various social functions of the Quantico staff without escort and he was known to the staff as a "loner" as he commuted in his own car and did not ride in a car pool. Sloan attributed [] acting as a "loner" to the fact that he did not have any family living with him.

b6

Inspector H. L. Edwards, who is in charge of the Training Section, has advised that he likewise had no information which would raise any question regarding [] suitability. Mr. Malone has expressed regret over this incident and states that the matter has been brought to the attention of his staff as an example of what cannot and will not be tolerated in the Bureau.

ACTION:

Recommendations for administrative action with respect to SAC Sloan, Inspector Edwards, and Mr. Malone are being submitted in the inspection report on the Training and Inspection Division.

TO : MR. MOHR

DATE: June 21, 1962

FROM : MR. J. F. MALONE

SUBJECT: THE FBI NATIONAL ACADEMY ASSOCIATES OF VIRGINIA, ANNUAL RETRAINING SESSION 8/16-17/62, VIRGINIA BEACH, VIRGINIA

By memorandum dated June 19, 1962, from J. F. Malone to Mr. Mohr, it was set forth that Supervisor R. E. Wood of the Training and Inspection Division, was scheduled to address the captioned group on August 17, 1962. Mr. Tolson noted, "I suggest we cancel Agent Wood's appearance 'due to conflicting commitments.'" Mr. Hoover approved, and also noted, "This whole matter has been grossly mishandled by Malone. I note SAC Cole submitted program to FBI here by letter dated May 25. It was not until June 11 & 12 or nearly 2 weeks later that Malone called Cole & advised no IACP representative should appear. Just why did it take so long to take action in this? I am becoming more & more concerned about the lethargy & proper direction of the Training & Inspection Division."

SAC Cole was telephonically advised on 6/21/62 that by reason of conflicting commitments concerning the initiation of the 70th Session of the FBI National Academy, it was necessary to cancel Mr. Wood's appearance at the Retraining Session of the Virginia FBI National Academy Associates on August 17, 1962.

REC-133

107-236142-466

In regard to Mr. Hoover's question as to why I did not call SAC Cole until June 11 and 12 when SAC Cole submitted the program by letter dated June 25, 1962, it is pointed out that Mr. Cole's communication of May 25 (attached) was block-stamped in the Records Branch, Files and Communications Division, May 28, 1962. It was first received in the Training and Inspection Division at 5:11 PM, Tuesday, June 5. When these programs are received in the Training and Inspection Division they are routed directly to the supervisor in charge of the National Academy Desk where they are processed and evaluated by the supervisor. The programs are checked to insure that the graduates in attendance receive timely and interesting instruction. The training portion of these sessions must be emphasized so there can be no criticism that the meetings were merely social events. The programs are reviewed to determine that a well-rounded course of instruction is to be presented. In submitting this information the SACs

Memo for Mr. Mohr
Re: The FBI National Academy Associates
of Virginia, Annual Retraining Session

are required to indicate that the field indices have been checked, that the files have been reviewed on any proposed speaker, and that it has been determined that no derogatory information exists, or if derogatory information does exist that this information is set forth for Bureau consideration. The programs are checked to be sure that no speaker is approved who is himself controversial or is planning to talk on a controversial subject. Participation of the Bureau must be checked as to possible prior commitments and to assure that the designated speakers are qualified to talk on the subject specified. This process usually requires on an average of one or two days unless some unusual situation is encountered which would entail extensive file reviews. Upon review by the supervisor of the National Academy Desk, the proposed program is then forwarded for my final Division review and recommended action. The program in question was received on my desk late on the afternoon of June 5. I sent the communication to Mr. Mohr, questioning the advisability of having an IACP representative on the program; it was timestamped into Mr. Mohr's Office at 9:30 AM on Friday, June 8. He returned it to me with a routing slip asking me to discuss the matter with him, and the timestamp reflects it reached this Division Monday, June 11, at 9:19 AM. I discussed it with Mr. Mohr on this date and he agreed we should not have an IACP representative on the National Academy Associates program, and instructed that I call SAC Cole and so advise him, which I did that same day.

Handwritten: need for IACP be discussed
Handwritten: reached Malone
Handwritten: [unclear]
I fully appreciate the Director's concern over the time spread in this case but in all sincerity I respectfully feel this communication was promptly processed in this Division. I had this matter checked in the Records Branch concerning the time lag between the receipt of the communication in the Bureau and its first receipt in the Training and Inspection Division. [redacted] advised that since there had been no request for special handling of this type of mail and since the meeting was not scheduled until August, there was no indication of any need for special handling. [redacted] advised that the average time required to process mail through the Records Branch is three work days. In this instance four work days were required and a holiday (May 30) and a weekend intervened between the date of receipt of the letter and completion of processing. I have personally inquired into the procedures of processing these communications on the National Academy Desk and am convinced the personnel are promptly handling them. I have reiterated the importance of their continuing to do so.

I am equally much disturbed about the Director's concern over the "lethargy and proper direction" of the Training and Inspection Division. No one knows more thoroughly than I the importance of the entire National Academy program

Memo for Mr. Mohr
Re: The FBI National Academy Associates
of Virginia, Annual Retraining Session

b6

to the Director and this is why I have tried to personally give it close direction since I have headed this Division. The Norfolk incident is the only one of this type to my knowledge in the 2 1/2 years I have headed this Division. One such incident is, of course, too many but in all sincerity I feel that Captain [redacted] of Arlington had already made overtures to IACP before the communication even left Norfolk. SAC Cole advised SA Supervisor Wood this morning (6/21) that [redacted] is a close neighbor, associate, and golfing companion of J. S. Rogers and unquestionably must have talked to Rogers about this matter before the proposed program was even submitted. I know of nothing else I can say except to reassure the Director that the success and constant improvement of the National Academy program will always be my deep concern.

ACTION:

None informative.

BUREAU COMMITMENT

My memorandum of June 15, 1962, outlined the participation of a representative from the International Association of Chiefs of Police (IACP) in the program of the captioned FBI National Academy Associates Retraining Session. The Director asked "Just how far are we committed to participate in this meeting. Since we obviously have no control of the program, I see nothing to be gained by participating."

By letter of May 25, 1962, the SAC, Norfolk, advised that the program committee of the captioned group had requested a Bureau speaker at the Retraining Session on the subject of communism. Bulet to Norfolk on 5/31/62, declined the invitation for a speech on communism by a Bureau representative. On June 6, 1962, Inspector Kemper took a call from SAC Cole, Norfolk, extending an invitation for a general speech by a Bureau representative and more specifically, on matters involving police training. Bulet of June 8, 1962, advised SAC Cole that SA Wood of the Training and Inspection Division was available to address the captioned group on August 17, 1962. Norfolk letter of 6/11/62 advised that Chief of Police Reeves E. Johnson (NA) who was in charge of arrangements, said the committee would be most pleased to have Wood appear and address the Retraining Session at 10:40 a. m. on 8/17/62.

CAPTAIN

PERS. REC. UNIT

Memo for Mr. Mohr
Re: FBINA Associates of Virginia

FBI NATIONAL ACADEMY RETRAINING SESSIONS

Since we have ceased holding National Academy Retraining Sessions in Washington, D. C., it has been the practice to hold state or regional Retraining Sessions for those graduates of the FBI National Academy who are still in law enforcement or regularly retired therefrom.

Standard instructions require, that SACs afford careful personal guidance to local chapters to insure that all of their activities are in the Bureau's best interests. In planning the program for Retraining Sessions, the SACs are reminded that emphasis must be placed upon the training aspects of the sessions. The dates and places of the Retraining Session must be furnished the Bureau together with the detailed program to be followed, by June 1 or 30 days in advance of the Retraining Session, whichever is earlier. This provision provides the Bureau the opportunity of passing on the agenda and the speakers. *Certainly these were ignored in this case. Information re speakers had been received.*

The Inspectors conference was reminded on 6/18/62 of the responsibility of the Inspection Staff to carefully check the effectiveness of the control and liaison of National Academy activities during their inspections.

OBSERVATIONS: *It is like closing the stable door after the horse is stolen. Obviously the Inspectors had been looking after this with*

The program for the Virginia National Academy Associates Retraining Session is now beyond the formative stage, otherwise we could very easily limit the extent of our participation through liaison with the program committee. As the matter now stands, our actual participation at this Training Session consists only of brief remarks by the Norfolk and Richmond SACs at the opening (business session) and the appearance of SA Wood on August 17, 1962. While it is recognized we must in the future be exceedingly circumspect in our dealings with Captain [redacted] of the Arlington County Police Department, the commitments referred to above have been confirmed with the National Academy Associates committee. It would appear to be to the Bureau's best interests now to carry out the assignments rather than to cancel the arrangements and thereby possibly creating a breach between the Virginia National Academy Associates chapter and the Bureau.

As instructed, SACs Brown of Richmond and Cole of Norfolk are being written concerning their obvious lack of effective guidance and control of the Virginia National Academy Associates chapter as evidenced by the current situation. SAC Brown is also being instructed to caution the Agents covering Arlington County to be most circumspect in their dealings with Captain [redacted] This latter information will also be given SAC Cole in the event any of the Norfolk Agents have any occasion to deal with [redacted] SAC Johnson of Washington Field Office will also be advised for his guidance. Proposed letters for this purpose are attached.

Memo for Mr. Mohr
Re: FBINA Associates of Virginia

A review of the circumstances in this particular instance would indicate that it is advisable for us at this time to renew our previous related instructions to the field concerning the necessity of tight and close control of National Academy functions and a proposed SAC Letter is attached for consideration.

RECOMMENDATIONS: 1. That we do not cancel our commitments at the captioned Retraining Session.

new
I suggest we cancel agent Wood's appearance "due to conflicting commitments" *JFM*

2. If approved, the attached letters to SACs Brown, Cole and Johnson will be forwarded.

new
3. If approved, the attached letter to all Special Agents in Charge be forwarded.

new
ship whole matter has been grossly mishandled by Mr. Cole. SAC Cole submitted program to FBI here by letter dated May 25. It was not until June 11 & 12 or nearly 2 weeks later that Malone called Cole & advised me SAC P representative should appear. Just why did it take so long to take action in this embarrassing & more concerned about the lethargy & proper direction of the Training & Inspection Division.

**RECHECK INSPECTION
TRAINING AND INSPECTION DIVISION
ASSISTANT DIRECTOR W. S. TAVEL
JUNE 13 - JUNE 27, 1962**

OFFICIALS: John F. Malone, assigned to Division since 9-30-57 and Assistant Director since 12-30-59; H. Lynn Edwards, assigned to Division since 9-21-59 and Number One Man and Inspector in Charge of Training since 1-6-60; Inspector Joseph J. Casper, assigned to Division as Inspector in Charge of Inspections and Number Two Man since 3-19-62; Henry L. Sloan, assigned to Quantico since 7-21-42 and as SAC of Academy since 3-23-54.

FINDINGS OF INSPECTION

SYNOPSIS:

PHYSICAL CONDITION AND MAINTENANCE.....**VERY GOOD**
(rated Very Good last inspection)

Space adequate and being maintained in very good condition. Minor house-keeping delinquencies such as locker room floor in need of painting, fan cable damaged and broken floor tiles ordered corrected. Suggestions made during last inspection for use of paint rollers and installation of warning device at radio station being implemented. No delinquencies in cars affecting safety noted. Security satisfactory.

SPECIFIC DIVISION OPERATIONS

INSPECTION OPERATIONS.....**VERY GOOD**
(rated Very Good in last inspection)

Since last inspection, Division conducted 32 inspections. One more inspection conducted so far this year than in similar period last year. 1962 schedule expected to be completed on time. Proper coordination being maintained to insure

Enc.
VST:wjs
(4)

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
Assistant Director W. S. Tavel
June 16 - June 27, 1962

SAC's presence during inspections. Spot checks of inspection reports reflected minor form errors but inspections appeared thorough, penetrative and fair. Suggestions of Inspector during last inspection being complied with. Section alert for new ideas and streamlining procedures and new form for rating aides adopted. Inspector in Charge maintains tight control over aide assignments. Inspector recommended preprinted white and yellow write-ups be reviewed by substantive desks to insure maximum benefit and that cheaper paper be used for work papers for economy.

TRAINING OPERATIONS.....FAIR
(rated Good in last inspection)

Instructions issued during last inspection concerning New Agents' training and National Academy (NA) being complied with. In-Service and New Agents' lectures monitored and satisfactory. Inspector recommended research to improve safety due to accidental shooting of self by In-Service agent. SCG supervisor gymnasium attendance dropped 45.8% since made voluntary. One of two agent physical training instructors being assigned to other duties. Charge-out system for training documents inadequate. Director stated lack of such control inexcusable. Corrective action being taken. No deficiencies noted in spot checks of NA applicant processing. Safeguards adopted to identify prominent persons who may attend graduation exercises. Necessary changes in NA curriculum planned to accommodate foreign police officers expected at next session. Unauthorized invitation to speak at retraining session issued by NA Associate to International Association of Chiefs of Police (IACP) representative despite field offices' efforts to prevent. Director expressed concern NA functions being allowed to slip away from Bureau's guidance. Need for closer control emphasized by SAC Letter. Division recommending separately assignment of NA Graduates to individual agents with contacts each 30 days required. One-hour lecture on Ethical Conduct in Law Enforcement being added to present coverage in New Agents' and NA curricula. New Jersey Governor failed to appoint FBI representative to state police Training Commission. Through efforts of Assistant Director Malone, resolution passed by New Jersey Police Chiefs Association calling for appointment of FBI representative. Assurance received from Governor and State Attorney General that matter would be corrected in very near future. 1798 police training schools in first

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
Assistant Director W. S. Tavel
June 13 - June 27, 1962

five months 1962 compared with 1650 same period 1961 despite Bureau policy prohibiting solicitation. Aggressive program initiated to intensify police training includes increasing number of instructors 20% by 8-31-62, use of NA Graduates and outside experts, survey to determine possibility of state educational accreditation of FBI instructors, institution of command level schools (characterized by Director as excellent) and other specialized schools, new training films, suggested article on police training for national magazine and survey to determine extent of participation of colleges and universities in police training. Inspector in Charge of Training Section unable to devote full time to supervision of training matters due to spending estimated 20% of time on approved Bureau liaison and other duties. Inspector stressed desirability of devoting maximum possible time to supervision of section. Inspector also recommended present checks be supplemented by quarterly reports on police training to tighten control and that procedures be strengthened to insure suitability of outside experts used in police schools prior to inviting them.

ADMINISTRATIVE OPERATIONS.....VERY GOOD
(rated Fair in last inspection)

Supervisory organization adequate. Inspector agrees that unoccupied position of Number One Man to Inspector in Charge, Inspection Section, be abolished. Supervisor in charge of New Agents' training devoting more time to these duties. Suggestion Desk operating satisfactorily, percentage of adoptions increased 2% since last inspection. No delays noted in handling. Suggestions made during last inspection implemented. No delinquent mail found in 2-day survey. All employees found fully occupied on productive work. Stenographic production above SOG average. One error in posting sick leave found. Two employees not aware of necessity for notations on documents when copies reproduced. Inspector suggested periodic reminders.

PERSONNEL MATTERS.....FAIR
(rated Fair in last inspection)

Personnel adequate but not excessive. No evidence of pressure on New Agents to donate blood. Flower fund irregularities noted during last inspection corrected. 100% membership in FBIRA. Recreational program substantially improved. Assistant Director's conferences being increased from biweekly to weekly. Semiannual

Memorandum V. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
Assistant Director V. S. Tavel
June 15 - June 27, 1962

inspectors' conference monitored and active staff participation produced constructive suggestions. Assistant Director not present due to out-of-town commitment. Date of conference should have been changed to permit his attendance. Active participation by employees in suggestion program with 64% adopted. New Agent 1 1/2 pounds overweight promptly detected on initial interview and memorandum submitted. Former firearms instructor unavailable on check, admitted failure to advise Bureau of change of address or institution of divorce proceedings, admitted dating other women while still married, evidenced belligerent attitude during interview and resignation accepted with prejudice. Director agreed improperly supervised and indoctrinated. SAC, Quantico, Inspector in charge of training and Assistant Director unaware of failure to notify of change of address, institution of divorce proceedings, improper conduct and undesirable attitude.

CONTACTS.....GOOD
(rated Excellent in last inspection)

Nine speeches since last inspection compared with 13 during similar period 1961. Extensive contacts with Agency for International Development in connection with establishment of Inter-American Police Academy resulted in acceptance of foreign participants in NA. Liaison with bar associations, district attorneys, state attorneys general and accounting groups active and beneficial. SAC Sloan continues excellent relations with Marine officers at Quantico and has arranged for landscaping study at academy at no cost to Bureau. Director has highlighted need for emphasis in contact work to control empire building of LACP.

EVALUATION OF OFFICIALS AND RECOMMENDATIONS:

(1) Assistant Director John F. Malone: EOD 5/4/62 as SA, GS-17, \$17,570. Placed on probation 9-5-61 for failure to insure agents sent to field from training school measured up to standards of personal appearance and personality. Continued on probation 3-14-62 due to weaknesses found during last inspection. Malone's appearance is excellent and impressive, his personality sincere, he is extremely conscientious, loyal to the Bureau and works hard. However, he bears

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
Assistant Director W. S. Tavel
June 13 - June 27, 1962

over-all responsibility for weaknesses in training and personnel matters found.
RECOMMENDATION: That he be continued on probation and continued as Assistant Director. If approved, appropriate letter attached.

(2) Inspector H. Lynn Edwards: Number One Man of Division and Inspector in charge of training. EOD 2-10-41; GS-17, \$17,050; not on probation. Excellent appearance, friendly personality and doing excellent contact work with organizations such as American Bar Association and Agency for International Development; however, he shares responsibility for training weaknesses and failed to properly supervise and indoctrinate former firearms instructor.
RECOMMENDATION: Censure and continue as Number One Man. If approved, appropriate letter attached.

(3) Inspector Joseph J. Casper: Number Two Man of Division since 3-19-62. EOD 1-6-41; GS-17, \$16,530; not on probation. Excellent appearance, aggressive, energetic and has taken hold of new duties with determination to improve procedures.

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
Assistant Director W. S. Tavel
June 13 - June 27, 1962

(4) SAC Henry L. Sloan, Quantico: EOD 4-15-35; GS-16, \$16, 295; not on probation. Excellent appearance and contact ability. Takes pride in maintaining Academy as showplace. Failed to properly indoctrinate and supervise former fire-arms instructor or detect undesirable activities and attitude on his part.
RECOMMENDATION: Censure and continue as SAC. If approved, appropriate letter attached.

(5) That recheck inspection be conducted in 90 days.

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
June 13 - June 27, 1962

DETAILS

PHYSICAL CONDITION AND MAINTENANCE..... VERY GOOD
(rated Very Good last inspection)

There has been no change in the space occupied by the Division since the last inspection. Space occupied in the Justice Building, Old Post Office Building, FBI Academy, Quantico, Virginia, radio stations at Midland and Sowego, Virginia, adequate and being maintained in very good condition. Minor housekeeping delinquencies noted and ordered corrected. Eighteen medicine balls in gymnasium are worn and need replacing. Request had been submitted for replacement of these balls, but was denied due to lack of funds. Request will be resubmitted after 7-1-62. Upper structure of mechanical bucking horse was in need of painting. This has been done. Floor of the locker room annex should be painted prior to the arrival of the 70th Session of the National Academy. Electric fan mounted in the rear of Room 625, Old Post Office Building, has a damaged power cable due to the movement of the cable against the mounting stud. Broken asphalt tiles were noted in two spots in Rooms 633 and 635, Old Post Office Building. Inspection of the Midland Radio Station disclosed that water is standing in the air return ducts. Recommendation made that this situation be discussed with the landlord to see if it can be corrected. Examination of dosimeter charger at Sowego Radio Station disclosed that it was not functioning properly. Chief operator was instructed to obtain a new one. Radio equipment at Midland and Sowego spot-checked and found to be in excellent condition. Suggestion made by the Inspector during last inspection as to a security device to be installed at the Midland Radio Station has been approved by the Administrative Division for purchase after 7-1-62. Maintenance staff at FBI Academy using paint rollers where practical and feasible. Twelve cars, one station wagon, four trucks, and two buses assigned at Quantico spot-checked. No delinquencies of safety nature noted. Radio equipment at the FBI Academy spot-checked and found to be in excellent condition. Disposal of confidential trash handled in secure manner. Security checks satisfactory. Division space being maintained in accordance with Bureau security regulations.

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
June 13 - June 27, 1962

SPECIFIC DIVISION OPERATIONS

Inspection Operations **VERY GOOD**
(rated Very Good last inspection)

Permanent Inspector's Aide (PIA) Staff functioning efficiently and economically. Policy of rotating PIA's to substantive desks, Seat of Government (SOG) Divisions, put into effect. Desirability of using only PIA's on SOG inspections recognized but not feasible with present staff. Since last inspection (period 3 1/2 months), 32 inspections, 8 adequacy of personnel surveys, 5 requests for replacement of Bureau Supervisor surveys, and other miscellaneous assignments handled. Thirty-five inspections conducted from 1-1-62 to 6-16-62 compared with 34 inspections during comparable period in 1961. It is anticipated that all offices will be inspected during 1962 barring unforeseen circumstances. Training and Inspection maintaining proper coordination with Administrative Division to be certain Special Agent in Charge (SAC) present in office at time of inspection. Five inspection reports reviewed of offices of various sizes, foreign and domestic. Inspections thorough, penetrative and fair. Minor form errors noted such as misfiling work papers and failure to properly designate manual citation on work papers. Inspector suggested regarding inspection work papers that use of plain yellow bond instead of yellow columnar pad paper, as currently used, would result in savings of approximately 77¢ a ream. Suggestion adopted. During last inspection (2-12-62) suggestions by Inspector that Number One Man should assist in spot-checking inspections; use of pretabbed dividers for major breakdowns; extension of experimentation of pretabbed work papers; and certain corrections in Inspectors' Manual all have been adopted and now implemented. Number One Man participated in only one spot-check inspection (San Juan). Inspection Section, under Inspector in Charge J. J. Casper, alert for new ideas and streamlining procedures. He maintains personal, tight control over Aide assignments, using different Inspectors and varying assignments to prevent formation of cliques and afford Aides diversified training. New form introduced by Casper for rating Aides filled out in longhand, thus saving dictation and transcribing time. Results of inspections routed to interested SOG Supervisors. Significant changes in Inspectors' Manuals discussed with substantive desks concerned. Inspector recommended preprinted white and yellow write-ups be reviewed by substantive desks concerned to insure maximum benefit. Article prepared by member of Inspection Staff for May, 1962, issue of Law Enforcement Bulletin outlining principles of Bureau's inspection system.

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
June 13 - June 27, 1962

Training Operations FAIR
(rated Good last inspection)

Instructions issued during last inspection regarding New Agents' training being complied with; lectures monitored and curriculum examined and found satisfactory. In-Service lectures monitored and handled in excellent manner. In view of recent accidental wounding of himself by Agent on dueling course during In-Service training, Inspector recommended that research and experiments be conducted to improve safety features of reaction firearms training courses. Assistant Director agreed. Attendance of SDC Supervisors at gymnasium classes dropped 45.8% since attendance made voluntary. Assistant Director has recommended reassignment of 1 of 2 Special Agent physical training instructors. Charge-out system for training documents in use but inadequate to account for all copies printed. Director stated lack of such control inexcusable. Corrective action being taken. Suggestions and instructions of Inspector made during February, 1962, inspection regarding National Academy operations have been complied with; spot checks of files reflected no deficiencies in processing National Academy applicants; additional safeguards set up so Bureau will be aware of prominent individuals who may attend graduation exercises. Division planning necessary changes in curriculum of National Academy to accommodate foreign police officers who will attend next session. Unauthorized invitation recently issued by member of program committee to International Association of Chiefs of Police (IACP) representative to speak to annual retraining session of National Academy Associates of Virginia despite efforts of field offices to prevent it. Director expressed concern that National Academy functions being allowed to slip away from Bureau's guidance. Field alerted by SAC Letter to need for closer control. Division recommending separately assignment of NA Graduates to individual agents with contacts each 30 days required. Ethics in law enforcement covered in various subjects in the training courses; in addition, a one-hour lecture on Ethical Conduct in Law Enforcement is being added to New Agents' training and the National Academy curriculum. Work on textbook on police administration not begun since no personnel available. New Jersey Governor failed to appoint FBI representative to State Police Training Commission. Through efforts of Assistant Director Malone resolution was passed by New Jersey Police Chiefs Association calling for appointment of FBI representative to Commission. Assurance received from State Attorney General and Governor that matter would be corrected in very near future.

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
June 13 - June 27, 1962

Aggressive program initiated to intensify police training includes (1) training of additional instructors to provide total of 1200 for 20% increase by 8-31-62; (2) interviews of instructors by Inspectors and audits during In-Service and by SAC's; (3) increase use of National Academy graduates and outside experts in police schools; (4) increase in number of schools participated in (1798 during first 5 months of 1962 as compared with 1650 in first 5 months of 1961) although Bureau policy prohibits solicitation of schools; (5) survey to determine possibility of state educational accreditation of FBI instructors; (6) institution of command level, searches and seizures and other specialized schools (Director characterized command level schools as excellent); (7) 4 new training films being prepared; (8) field survey to determine extent of participation of colleges and universities in police training as basis to consider possible Bureau participation in such courses; (9) national magazine article on police training suggested. Inspector in Charge of Training Section unable to devote full time to personal supervision of training matters due to estimated 20% of his time spent on Bureau-approved liaison and other duties. Inspector stressed desirability of his devoting maximum time possible to supervision of section consistent with other responsibilities. In order to further tighten control and supervision by SOG over field police training, Inspector recommended present checks by inspectors and discussions with SAC's and ASAC's when at Bureau be supplemented by comprehensive quarterly reports by field. Inspector instructed procedures be strengthened to insure suitability of outside experts used in police schools prior to inviting them.

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
June 13 - June 27, 1962

ADMINISTRATIVE OPERATIONS VERY GOOD
(rated Fair last inspection)

Supervisory organization, responsibility of supervisors and available trained alternates adequate. Division proposes that vacant position of Number One Man to the Inspector in Charge, Inspection Section, be abolished. Inspector agrees. Supervisor in charge of New Agents' training now devoting more time to New Agents' training and lecturing. Suggestions and Forms Management Desk adequately supervised. Bureau-wide percentage of adoption of suggestions through 2/28/62, 24.8%. Percentage of adoption from 3/1-6/15/62, 27.4% - desirable upward trend of approximately 2%. Inspector instructed during last inspection (2/12/62) that reminders to field on forms surveys and filing of negative replies be discontinued. This has been done. Spot check of Suggestions Desk's handling of suggestions discloses no delays or irregularities. Inspector's suggestion made during last inspection that future SAC Letters setting forth statistics on Suggestion Program include figures from prior periods as well as estimated savings broken down by each office and SOG Division has been put into effect. Check of 19 pieces of outgoing signature mail during two-day survey handled within deadline. Stenographic production 3.00 pages per hour compared with 2.86 SOG average. No average available for typist since new employee in Division. Inspector's previous suggestions to Division to avoid recurrence of errors in Time and Attendance (T&A) records being followed. Only one error noted in T&A records due to posting of sick leave in wrong date on T&A card. Inventory of nonexpendable items and personal property of agents and clerical employees spot-checked and no irregularities noted. No changes in odd-hour shifts since last inspection. Tickler systems and policy folders in Division spot-checked and no delinquencies noted. Prior instructions of Inspector that editing of training documents be listed as project work to provide closer supervisory control being followed. Two employees not aware of necessity of making proper notations on original documents when copies reproduced. Suggested that employees be periodically reminded of this necessity to prevent improper reproduction. Defense Plans adequate, workable and current. Quarterly survey of EO 10501 (Security Classification Matters) to insure proper handling checked. No delinquencies noted. All employees of Division fully occupied in productive work based on submitted daily reports, observations and interviews. Assistant Director instructed to closely supervise all employees to insure they are fully occupied on productive work. Division personnel aware of continuing need for economy in all phases of Bureau's operations and Streamlining Committee operating in satisfactory manner. Prior recommendation of Inspector that appropriate training documents be

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
June 13 - June 27, 1962

reduced to articles for inclusion in FBI Law Enforcement Bulletin has been placed into effect. One such article ready for publication and in hands of Crime Records Division and program is continuing. Division is also furnishing items of Human Interest, FBI Notes and Interesting Cases in satisfactory quantity and quality.

PERSONNEL MATTERS.....FAIR
(rated Fair last inspection)

Personnel appears adequate but not excessive. One vacancy on inspection staff and one vacancy for general maintenance man at Quantico being filled. 13 of 93 New Agents entering on duty between 3/1 and 6/24/62 donated blood. No evidence of pressure being exercised to secure blood donations. Improper expenditures from flower fund noted during previous inspection discontinued; present bylaws of fund are in conformity with Bureau regulations; collections from New Agents for fund discontinued; and fund audited and found in balance. 100% membership of Division personnel in FBIRA. Several recreational events held or planned for near future and recreational program of Division substantially improved since last inspection. Assistant Director has held biweekly conference with agent and clerical supervisors and will hold such conferences weekly in future. Inspection Section holds semiannual conferences; one held during inspection monitored. Active participation by Inspection Staff produced constructive suggestions for improving inspection procedures. Assistant Director Malone not present due to out-of-town commitment. Date of conference should have been changed to permit his attendance. Malone did attend semiannual clerical conference 6-15-62. Malone makes frequent checks of division space, confirmed by employees, and visits Quantico and radio stations monthly. Division employees actively participating in suggestion program with 14 suggestions submitted since last inspection with 9, or 64% adopted. Fidelity bond covering employees handling funds at Quantico broadened in accordance with Inspector's instructions during last inspection. New Agent was promptly detected as being 1 1/2 pounds overweight by Inspector Casper during initial interview in Division day after reported for duty 6-25-62. Memorandum promptly submitted recommending weight be followed to insure reduction to desirable standard. Morale of employees appears satisfactory. Voluntary overtime appears to be equitably distributed, essential and productive but Assistant Director was instructed to closely follow to insure that all overtime performed is absolutely essential. Check made on evening of 6-20-62 disclosed

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
June 13 - June 27, 1962

b6

all agents assigned to Division available with exception of former Special Agent [redacted] Quantico firearms instructor, for whom no home telephone listed. [redacted] admitted failure to submit change of address cards with current phone; admitted having instituted divorce proceedings against wife without advising Bureau and having dated several girls during recent months while still married but refused to identify or answer questions regarding association with them and evidenced belligerent attitude during interview. [redacted] submitted resignation which has been accepted with prejudice. Director agreed that [redacted] had not been properly supervised and indoctrinated by the Training and Inspection Division. SAC Sloan, Quantico, unaware [redacted] had moved to current address or of [redacted] conduct in dating women other than his wife. [redacted] had advised Sloan that divorce was contemplated but Bureau was never advised of this. Sloan claims no prior evidence of [redacted] improper attitude. Inspector in Charge H. L. Edwards likewise indicated that he had no prior evidence of unsuitability of [redacted]

CONTACTS.....GOOD
(rated Excellent last inspection)

During past three months additional Congressional contact listed, nine speeches delivered including one by Assistant Director, and four by Number One Man (compared to 13 delivered during similar period last year). Extensive contact work done in connection with establishment of Inter-American Police Academy and Agency for International Development resulting in acceptance of foreign participants in National Academy. Liaison with bar associations, district attorneys, state attorneys general, and accounting groups active and beneficial. Excellent relations with Marine officers at Quantico continue, tours and exhibitions at Academy valuable in increasing Bureau's prestige, and SAC Sloan has arranged for study of landscaping academy at no cost to Bureau. Director has highlighted need for emphasis in contact work on control of empire building of IACP.

June 29, 1962

PERSONAL

Mr. John F. Malone
Federal Bureau of Investigation
Washington, D.C.

Dear Mr. Malone:

I have just been advised of the results of the recheck inspection of the Training and Inspection Division and the various categories were rated as follows: Physical Condition and Maintenance, Inspection Operations, and Administrative Operations - Very Good; Training Operations and Personnel Matters - Fair; Contacts - Good.

I was pleased to learn that the space assigned to your Division is being maintained in very good condition. You should insure that the few minor housekeeping delinquencies found and not yet corrected, such as a damaged fan cable, broken floor tiles, and the locker room annex floor in need of paint, are corrected as soon as possible. The worn medicine balls should be replaced as soon as funds are available. The fact that water is standing in the air return ducts at the Midland Radio Station should be discussed with the landlord to determine if it can be corrected. The malfunctioning dosimeter charger at the Soweego Radio Station should be replaced promptly. You should also insure that the security device at the Midland Radio Station approved for purchase is installed as soon as received. It was gratifying to learn that no delinquencies affecting safety were found in the automotive equipment and that security in your Division is satisfactory.

I was also pleased to learn that more inspections have been conducted to date this year than last, and that the inspection schedule for 1962 is expected to be completed on time. Although a spot check of inspections indicated that they are being conducted in a thorough, penetrative,

(NOTE: Based on memo W.S. Tavel to Mr. Mohr 7-26-62 re: Recheck Inspection, Training & Inspection Div., Asst. Director W.S. Tavel, 6/13-6/27/62, WST:wjs)

Mr. John F. Malone

and fair manner, you should emphasize to the inspection staff that such minor form errors as misfiling work papers and failure to designate proper manual citations on work papers must be eliminated in the future. You should also see, as the Inspector suggested, that cheaper paper is used for yellow work papers for economic reasons. I have been advised that the Inspection Section is alert for new ideas and streamlining procedures and that the Inspector in Charge of that Section maintains tight, personal control over the assignment of Permanent Aides, varying assignments to provide diversified training. This is certainly the proper procedure and should be continued. The Inspector's suggestion that preprinted white and yellow write-ups be reviewed by the substantive desks concerned should be followed to insure that inspections are of maximum benefit in securing information needed by other divisions.

The Inspector has advised that the New Agents' curriculum and lectures monitored were found to be satisfactory and that In-Service lectures were handled in an excellent manner. In view of the recent incident in which an In-Service agent accidentally shot himself during firearms training, you should follow the Inspector's recommendation that additional research and experiments be conducted to improve the safety features of reaction firearms courses. The fact that the charge-out system in use for training documents was inadequate to account for all copies printed indicated an inexcusable lack of control and you must insure that in the future such documents are properly accounted for. No deficiencies were noted in the processing of National Academy applicants, and I was pleased to note that additional safeguards have been set up so that the Bureau will be aware of prominent individuals who may attend the graduation exercises. I understand that necessary planning is being done for changes in the National Academy curriculum to accommodate foreign police officers expected to attend the next session. You should insure that careful thought is devoted to this matter and necessary action is promptly taken since it will directly affect the Bureau's prestige. I was extremely displeased when an unauthorized invitation was recently issued by a National Academy Associate to a representative of the International Association of Chiefs of Police to speak at a retraining session despite efforts of our field offices to prevent it. This causes me to be concerned

Mr. John F. Malone

that National Academy functions are being allowed to slip away from the Bureau's guidance. You should insure that closer control is exercised in the future. The fact that additional lectures on ethics in law enforcement are being included in New Agents' training and the National Academy curriculum is a constructive step. This vital topic must be stressed at every opportunity. The fact that the Governor failed to appoint an FBI representative to the New Jersey Police Training Commission was most disappointing and indicated that this matter had not been properly followed by the field. It is encouraging to learn that the Governor has promised to remedy this situation, and that you recently arranged for a resolution to be passed by the New Jersey Police Chiefs Association calling for such appointment. However, until the appointment is actually made, you should give this matter your close personal attention to make certain the Bureau is properly represented on this Commission.

In view of the need to intensify and improve the Bureau's police training program, I am pleased to observe that your Division has undertaken an aggressive program in this direction. You should insure that surveys being conducted are promptly analyzed on completion and appropriate action is recommended. Command-level and other specialized schools should be emphasized and work should be promptly begun on an article on police training for publication in a national magazine as you suggested.

Although the Inspector in Charge of the Training Section has been assigned certain liaison duties, with my approval, which occupy a portion of his time, he must devote as much time as possible to the personal supervision of the Training Section consistent with his other duties to insure that the training program receives maximum guidance. You should also institute a comprehensive quarterly report to be submitted by the field on police training to tighten control, and procedures must be strengthened as recommended by the Inspector to insure the suitability of outside experts used in police schools prior to issuing invitations to participate.

Mr. John F. Malone

The position of Number One Man to the Inspector in Charge, Inspection Section, which is now vacant, should be abolished. The supervision of the Suggestion and Forms Management Desks appears adequate and the fact that the percentage of suggestions adopted has increased approximately two per cent since the last inspection indicates a better quality of suggestions is being submitted. Although a survey of signature mail reflected that the pieces examined were handled within the deadline, you must be constantly alert to insure that there is no lethargy within your Division and that mail and other matters are handled without delay. I was pleased to note that stenographic production is above the Bureau average. One minor error was noted in your Time and Attendance records and you should make certain employees exercise care to avoid such errors in the future. The Inspector also found that two employees were not aware of the necessity of making proper notations on original documents when copies are reproduced. Employees should be periodically reminded of the necessity for this. I was pleased to note that one article based on a training document has been prepared and is ready for publication in the FBI Law Enforcement Bulletin. This constructive program should be continued.

The Inspector has advised that personnel in your Division appears adequate but not excessive and that there is no evidence of pressure being exercised on New Agents to secure blood donations. I was pleased to learn that improper expenditures from the flower fund noted during the previous inspection have been discontinued and that collections from New Agents for this fund are no longer being made. I was also pleased to learn that your Division has 100 per cent membership in the FBI Recreation Association. The Inspector advises that there has been a substantial improvement in your recreational program; that you will hereafter hold conferences with your supervisory staff weekly instead of biweekly; and that the semiannual Inspectors' Conference which he monitored produced constructive suggestions through active participation by the inspection staff. You certainly should have attended this Conference and the date should have been changed if necessary to preclude conflict with the out-of-town commitment which caused your absence. I understand that you make frequent checks of Division space and it is important that you continue to maintain close personal contact with your employees to insure that you are

Mr. John F. Malone

aware of developments within your Division. I was pleased to note that a new agent was promptly detected as being overweight on initial interview by your Division immediately after entering on duty and that a memorandum was submitted without delay.

I was most displeased to learn that a former firearms instructor was unavailable during the inspection and on interview admitted that he failed to advise the Bureau of his current address and the fact that he had instituted divorce proceedings against his wife, from whom he was separated. He further admitted having dated several girls during recent months while still married and exhibited a belligerent attitude. He was obviously not properly indoctrinated and supervised. We cannot expect to instill the proper spirit in our trainees if instructors such as this are utilized.

I am pleased that we continue to have excellent relations with Marine officers at Quantico and there is no doubt that tours and exhibitions at the Academy have been valuable in increasing the Bureau's prestige. Although extensive contact work with such organizations as bar associations, accounting groups, and the Agency for International Development has been beneficial to the Bureau, there is a definite need for greater emphasis in your contacts to control the empire building of the International Association of Chiefs of Police.

In view of the weaknesses found, particularly those in your training operations and personnel matters, you are being continued on probation. I will expect you to afford closer supervision to employees and insure that the Bureau's interests are properly protected in the training field in order that shortcomings will be promptly corrected and no repetition will occur.

The Inspector has left with you a copy of the administrative memoranda and work papers compiled during the inspection and you should personally see to it that the items noted as needing attention are promptly handled. You should advise the Bureau when this has been done.

Very truly yours,

John Edgar Hoover
Director

RE: SA JOHN F. MALONE
(Type or print plainly)

JUL 11 1962

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name (primary beneficiary) MARGARET G. MALONE	Relationship WIFE	Date <i>7/11/62</i>
---	-----------------------------	------------------------

Address
3513 Valley Drive, Alexandria, Virginia

Handwritten notes:
 [unclear] [unclear]
 [unclear] [unclear]
 [unclear] [unclear]

During the past several days I have been bothered with a pain in the area of the lower right side. Last evening after work I stopped out to see Dr. Aris Carpousis, who has been one of the office doctors. He gave me a preliminary examination and found a lump in the area of the pain and stated that this must be checked out.

He ordered me to a hospital for X Rays and a thorough examination as soon as it could be arranged. I told him I could not make it much before August 14. I had in mind my speech commitment at Dallas, Texas, next week; also the fact that Mr. Edwards will be away at the American Bar Association meeting in California, and I wanted to be present to welcome the new National Academy Session, especially in view of the fact that this will be the first class with representatives from foreign countries. Dr. Carpousis indicated that the tests and examination will be made at the Washington Center Hospital, Washington, D. C., from August 14 through August 17, 1962.

Dr. Carpousis could not give any indication of the nature of the lump, but indicated that every precautionary test should be made in order to determine exactly what it is. I will keep you advised.

RECOMMENDATION:

None informative.

Dear Mr. Malone:

I have noted the article, "New Combat Course Added to Training at FBI Academy," beginning on page 22 of the September, 1962, issue of the FBI Law Enforcement Bulletin, and I want to convey my appreciation to you and the other representatives of the Training and Inspection Division for your splendid report on the new "running-man" target course.

The article should greatly enhance the interest of all law enforcement officers in this phase of firearms training, and it is most encouraging to know that your Division is continually alert for new techniques and facilities which are beneficial to both FBI personnel and FBI National Academy trainees.

Sincerely yours,

Mr. John F. Glavin
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Glavin:

Your headquarters are changed from Washington, D. C. to New York, New York, as Assistant Director in Charge, effective upon your arrival there on or after this date. This change is made for official reasons and you will be allowed transportation expenses and per diem at the rate of \$16.00 per day within the U. S., \$6.00 per day for air travel, rail travel, and ocean travel by steamship outside the continental limits of the U.S., transportation expenses for your immediate family, and transportation cost of household goods and personal effects as provided for in Public Law 600 dated August 2, 1946, and Executive Order 9805, dated November 25, 1946, as amended. You are authorized to use your privately owned automobile and you will be reimbursed at the rate of ten cents per mile plus incidental expenses, not to exceed the cost by common carrier over the most direct route for all persons officially traveling therein. Should your dependents travel separate and apart from you, expenses will be allowed under the same conditions as above.

57-111-474

Very truly yours,

J. Edgar Hoover
John Edgar Hoover
Director

September 28, 1962

MEMORANDUM FOR MR. TOLSON

On September 26, 1962, I saw Assistant Director John F. Malone and discussed with him the forthcoming convention of the International Association of Chiefs of Police (IACP) at St. Louis.

b6

I told Mr. Malone that in view of the feeling that has developed within the IACP that the FBI and myself were trying to "steamroller" Quinn Tamm into the over-all position as Secretary of the IACP, I thought it would be well for Mr. Malone, a member of the Executive Committee, to merely vote "present" when this question comes before the Committee. I stated that I thought that [] was also a candidate for the same position. I told Mr. Malone, of course, the impression that has been gained in some circles of the IACP that I was interested in Mr. Quinn Tamm being designated Secretary was without a scintilla of foundation and, as a matter of fact, his decision to take his present position was made without any consultation or contact with me and he, Mr. Tamm, after taking the position, has never contacted the Bureau to ascertain the records of the ex-employees of the FBI whom he has appointed in the IACP. I stated as regards [] he was well educated and clever, but I considered him uncertain as to his basic attitude toward the FBI. Consequently, I felt in view of the controversy which has arisen and the strong feeling which has developed, Mr. Malone should not vote other than "present" when the question of filling the vacancy of the IACP comes before the Executive Committee at its next meeting in St. Louis.

I told Mr. Malone that I had also decided to divide the Training and Inspection Division and set it up as two divisions with Mr. Casper as Inspector in Charge of the Training Division and his Number One Man to be SAC Felt of the Kansas City Office. I stated I desired that Mr. Malone remain as Assistant Director in charge of the Inspection Division with Mr. Edwards as Number One Man. I told Mr. Malone that as he well knew, I had not been satisfied with the operations particularly in the Training aspects of that Division and I felt

by dividing it into two separate Divisions, better results may be obtained.

Memorandum for Mr. Tolson

September 28, 1962

I told Mr. Malone as regards Mr. Edwards, for the time being he would continue as contact with the American Bar Association but that, frankly, I have not been satisfied with the way he handled several matters pertaining thereto. I stated that I felt that Edwards had not properly handled the matter affecting ex-employee [] who has recently been appointed to what amounts to Secretary of the important committee dealing with communist activities in the American Bar Association. I stated it was not necessary for Mr. Edwards to take a hostile position towards [] appointment, but all he had to do was to indicate to the President of the American Bar Association, Mr. Satterfield, who consulted him, that it might be well to look further for some other names that could be considered for the position and I believed that Mr. Satterfield would then have grasped the attitude of the FBI as it pertains to []. I also told Mr. Malone I had not been satisfied with the way Edwards had handled the situation dealing with the speech which President Satterfield made at the last convention of the American Bar Association in which he criticized the Federal Fugitive Felon Act. I stated I had been led to believe that Satterfield and Edwards worked quite closely together and if this had been a fact, I would have thought Edwards would have had an opportunity to read Satterfield's speech before it was delivered so that the inaccurate and completely incorrect statements made by Satterfield pertaining to the Federal Fugitive Felon Act could have been eliminated.

I told Mr. Malone that for the time being he would continue as the liaison with the IACP.

I also told Mr. Malone that while the change which I had discussed with him would be effective immediately, it would not affect the handling of the current class of the National Academy, which would continue under the supervision of Mr. Malone until graduation and Mr. Malone would also handle the graduation ceremonies as he has done in the past. I stated effective on November 1st following the graduation of the National Academy, then the supervision and handling which are incident thereto would be under Mr. Casper's supervision.

Very truly yours,

J. E. H.

John Edgar Hoover
Director

TO : MR. CALLAHAN

DATE: October 15, 1962

FROM : C. R. DAVIDSON *CR Davidson*

SUBJECT: JOSEPH J. CASPER
Chief Inspector in Charge,
Training Division

JOHN F. MALONE *John Malone*
Assistant Director, Inspection Division
(Ordered to New York as Assistant
Director in Charge of office, to depart 11-1)

JAMES G. GALE
SAC, Chicago

(Ordered to SOG as Inspector in Charge,
Inspection Division, to arrive 10-16-62)

NOTIFICATION OF PERSONNEL ACTION

Purpose of this memorandum is to recommend that notification of personnel action forms (fanfolds) not be prepared in connection with captioned designations.

Department of Justice Order No. 175-59, revised 4-1-59, instructs that except as to persons in the positions of Associate Director, Assistant to the Director, and Assistant Director of the FBI, the Director is authorized to exercise the power of authority vested in the Attorney General by law to take final action in matters pertaining to the employment, direction, and general administration (including appointment, assignment, training, promotion, demotion, compensation, leave, classification, and separation) of personnel, including personnel in Wage Board positions. The Order further stated that all personnel actions taken by the Director under this authority shall be subject to post-audit and correction by the Administrative Assistant Attorney General and to review by the Deputy Attorney General.

In the past Jack Adler, Chief of Personnel Office, Department of Justice, said Department is interested only in being advised of specific designations of any Assistant Director or above, together with effective dates thereof. Mr. Adler added he was not interested for example in reassignment of an Assistant Director from one division to another. He merely wanted to insure that the Attorney General approved the fanfolds naming Assistant Directors and higher positions. We have been doing this. For example, we did not obtain approval of fanfolds by the Department in prior designations of an Inspector in Charge of a division. However, if that individual was later designated Assistant Director of that division, the fanfold was approved by the Department.

REPROX
OCT 29 1962
REC-138

OVER....

Memorandum Davidson to Callahan

RE: Joseph J. Casper

John F. Malone

James G. Gale

It is observed that in line with the foregoing we are not obliged to obtain the Attorney General's approval of fanfolds in the case of Mr. Malone as he was previously designated an Assistant Director, or in the case of Mr. Casper and Mr. Gale as their new titles are not that of Assistant Director.

RECOMMENDATION:

That no fanfolds be prepared as to Mr. Casper, Mr. Malone, and Mr. Gale.

RE: SA JOHN F. MALONE
(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name (primary beneficiary)	Relationship	Date
MARGARET G. MALONE	WIFE	9/5/62

Address
3513 Valley Drive/ Alexandria, Va.

Name (contingent beneficiary, if desired)	Relationship	Date

Address

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty, other than travel accidents.

Name (primary beneficiary)	Relationship	Date
MARGARET G. MALONE	WIFE	9/5/62

Address
3513 Valley Drive, Alexandria, Va.

Name (contingent beneficiary, if desired)	Relationship	Date

Mr. John F. Malone
Federal Bureau of Investigation
Washington, D. C.

Dear Malone:

I want to thank you and your associates for the very fine manner in which you arranged and handled the graduation exercises of the 70th Session of the FBI National Academy this morning. Everything was taken care of in an extremely capable manner and I am very grateful to all of those who participated.

Sincerely,

J. Edgar Hoover

FBI Director Here Named To Police Training Council

John F. Malone, new director of the New York FBI office, has been appointed a member of the Municipal Police Training Council, Gov. Rockefeller announced today.

Malone, a native of Carbondale, Pa., and graduate of St. Charles College and the University of Scranton, took over the local FBI post upon the resignation this week of Harvey G. Foster. The state police position is unsalaried.

Dear Mr. Malone:

I am pleased to commend, through you, the agents in the New York Division who took part in such an exemplary fashion in the investigation of the Interstate Transportation of Stolen Property case involving Joseph DiFonzo and others.

The success achieved in this complicated investigation can be attributed in no small measure to the very competent, diligent and thorough work which these men performed in carrying out their individual responsibilities. Their devotion to duty and teamwork were of the highest caliber and I want you to express my sincere appreciation to each man for his excellent participation in this matter.

Dear Malone:

b6

I want you to know it is indeed a pleasure to commend you for your splendid services relative to the investigation of the Cuban Sabotage matter involving [redacted] and others.

The dedication to the FBI which you demonstrated in remaining on duty throughout the night and your highly effective handling of the news media relative to this very sensitive affair and the apprehensions of the subjects were certainly noteworthy. Your performance has brought much credit to you and to the Bureau and I am most appreciative.

Sincerely,

J. Edgar Hoover

PERSONAL ATTENTION

Mr. John F. Malone
Federal Bureau of Investigation
New York, New York

Dear Mr. Malone:

Bureau records disclose that Time Spent in Office by Agents (TIO) in the New York Office was 30.7 per cent in October. While this is a decrease from the figure of 31.6 per cent in September, it is still considered to be high. You and your supervisory staff must take steps to reduce TIO.

Very truly yours,

TO : MR. TOLSON

DATE: 11/27/62

FROM : J. P. MOHR

SUBJECT: JOHN F. MALONE
ASSISTANT DIRECTOR IN CHARGE
NEW YORK DIVISION

Mr. Malone called me this afternoon and he said he wanted to let the Director know that he had received a telephone inquiry from Walter Alessandrone, newly appointed Attorney General in Pennsylvania, who informed Malone that he had heard that Malone was possibly eligible to retire and he wondered if Malone might be interested in the position of Commissioner of the Pennsylvania State Police.

Malone said he told Alessandrone he had no interest in retiring as long as his health held up, the Director permitted him to stay in the Bureau's service, and as long as the Director was head of the FBI. Malone said it appeared to him that Alessandrone was not trying to proselyte him for the position of Commissioner of Police but merely feeling him out to see if he had any plans of early retirement. Malone said he made it very clear that he had no early plans for retirement and that he was not interested in the position of Commissioner of the Pennsylvania State Police.

The foregoing is submitted for record purposes.

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

In continuing my employment in the Federal Bureau of Investigation, United States Department of Justice, I hereby agree that I will be governed by the following provisions.

1. That the strictly confidential character of any and all information secured by me or coming to my attention in connection, directly or indirectly, with my work as an employee of this Bureau, or the work of other employees of which I may become cognizant, is fully understood by me; and that neither during my tenure of service with the Federal Bureau of Investigation, nor at any time, will I violate this confidence nor will I divulge any information of any kind or character whatsoever that may become known to me to persons not officially entitled thereto, recognizing applicability to me of penalty provisions in case of any violation by me.
2. That information referred to in Item 1 above includes but is by no means limited to information in the interests of the defense of the United States marked "Top Secret," "Secret," or "Confidential," and that Department of Justice regulations provide specifically for penalty applicable to me for any violation of Executive Order 10501, the basic authority for safeguarding such information, as follows: "Any officer or employee who violates any provision of Executive Order No. 10501, as amended, or of these regulations shall be subject to appropriate disciplinary action. Prompt and stringent administrative action shall be taken against any officer or employee determined to have been knowingly responsible for any release or disclosure of classified defense information or material except in the manner authorized by these regulations. Whenever a violation of criminal statutes may be involved in a deliberate unauthorized release or disclosure of classified defense information, criminal prosecution, in an appropriate case, shall also be instituted."

I further certify that the conditions specified herein are agreeable to me, and that I continue as an employee of the Federal Bureau of Investigation with a full knowledge of the conditions above set forth.

Very truly yours,

John F. Malone

Dear Mr. Malone:

Agents in the New York Office who participated in the investigation of the Interstate Transportation of Obscene Matter case involving [redacted] and [redacted] handled their responsibilities in an excellent fashion and I am pleased to commend them, through you.

These men demonstrated a high degree of thoroughness, discretion and ability in performing their duties and their services were of material importance in the successful results realized. Also noteworthy were the devotion to duty and the teamwork exhibited by all. I want you to convey to the agents who took part my sincere appreciation for their valuable contributions.

COMM-FBI

Sincerely yours,
L. Edgar Hoover

1 - SAC, New York (Personal Attention)

Based on information submitted the Bureau has concluded that individual letters of commendation as you recommended are not warranted. Place a copy of this letter in files of all participating personnel with the exception of those individually recognized.

PERSONAL ATTENTION

Mr. John F. Malone
Federal Bureau of Investigation
New York, New York

Dear Mr. Malone:

According to Bureau records, Time Spent in Office by Agents (TIO) in the New York Office was 30.7 percent in October, 31.4 percent in November, and 33.3 percent in December. This consistent increase is most undesirable. For your information, TIO in the New York Office is substantially above the field average. I will expect you to assume personal responsibility for reducing TIO.

FEDERAL BUREAU OF INVESTIGATION
READING ROOM

Mr. John F. Malone
Federal Bureau of Investigation
New York, New York

Dear Mr. Malone:

I want you to commend the agents in the New York Division who participated in such a fine manner in the investigation of the Interstate Transportation of Stolen Motor Vehicle case involving [redacted] and others.

b6

The success realized in the apprehension of four subjects and the recovery of seven stolen automobiles can be attributed largely to the very thorough, resourceful and competent fashion in which these men carried out their individual responsibilities. Their teamwork and enthusiasm were exemplary and I want you to convey to all my sincere appreciation for a job expertly handled.
